(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

The FIGURE is a front view of a display screen with graphical user interface showing our new design.

The grayscale contrast between the two shaded regions represents a contrast in appearance. The even-length broken lines illustrating portions of the graphical user interface form no part of the claimed design. The uneven-length broken line illustrating a display screen forms no part of the claimed design.
