(57) **CLAIM**

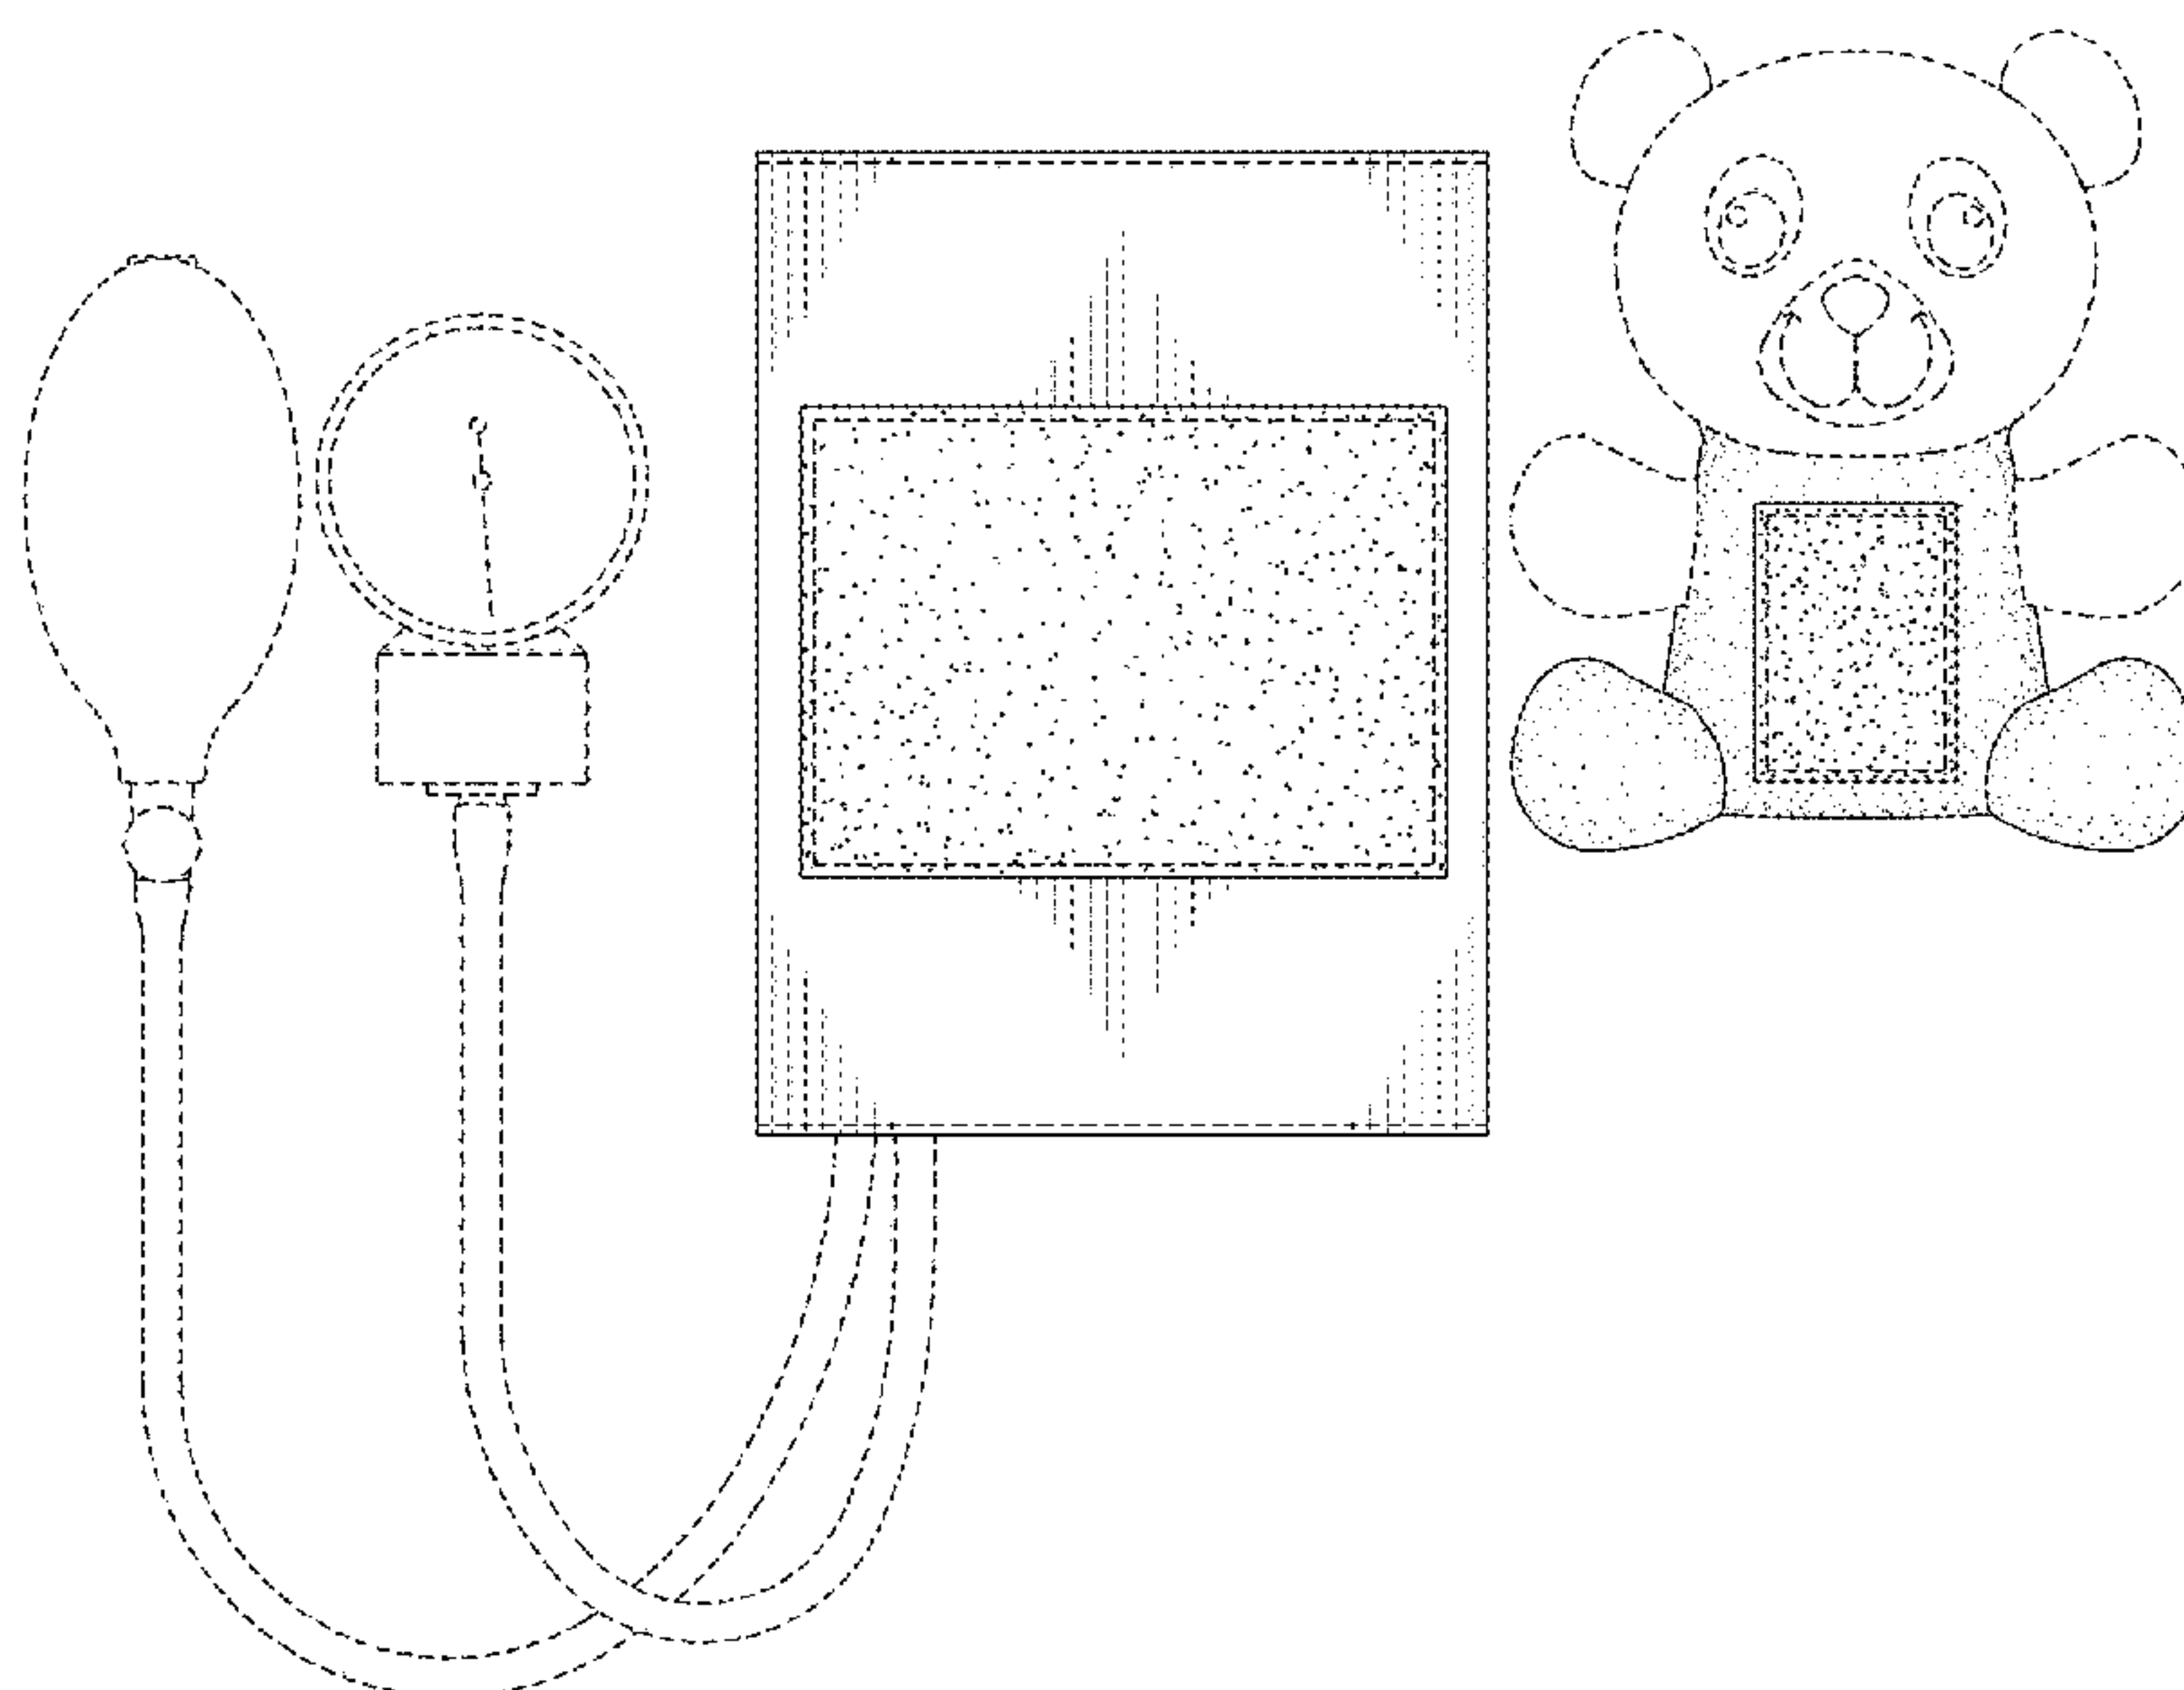

The ornamental design for a blood pressure cuff and accessory in combination, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a blood pressure cuff and accessory in combination, in a first condition;
FIG. 2 is an enlarged view of a portion of FIG. 1;
FIG. 3 is a front view thereof in a second condition;
FIG. 4 is a rear view thereof;
FIG. 5 is a left view thereof;
FIG. 6 is a right view thereof;
FIG. 7 is a top view thereof;
FIG. 8 is a bottom view thereof; and,
FIG. 9 is a left side view thereof, with the design shown in a state of use.

The broken lines showing a human arm illustrate environmental subject matter that forms no part of the claimed design. The broken lines that illustrate stitching do not form part of the claimed design. The remaining broken lines depict portions of the blood pressure cuff and accessory in combination that form no part of the claimed design.
