(57) **CLAIM**

The ornamental design for a display screen or portion thereof with graphical user interface, as shown and described.

DESCRIPTION

The file of this patent contains at least one drawing/photograph executed in color. Copies of this patent with color drawing(s)/photograph(s) will be provided by the Office upon request and payment of the necessary fee.

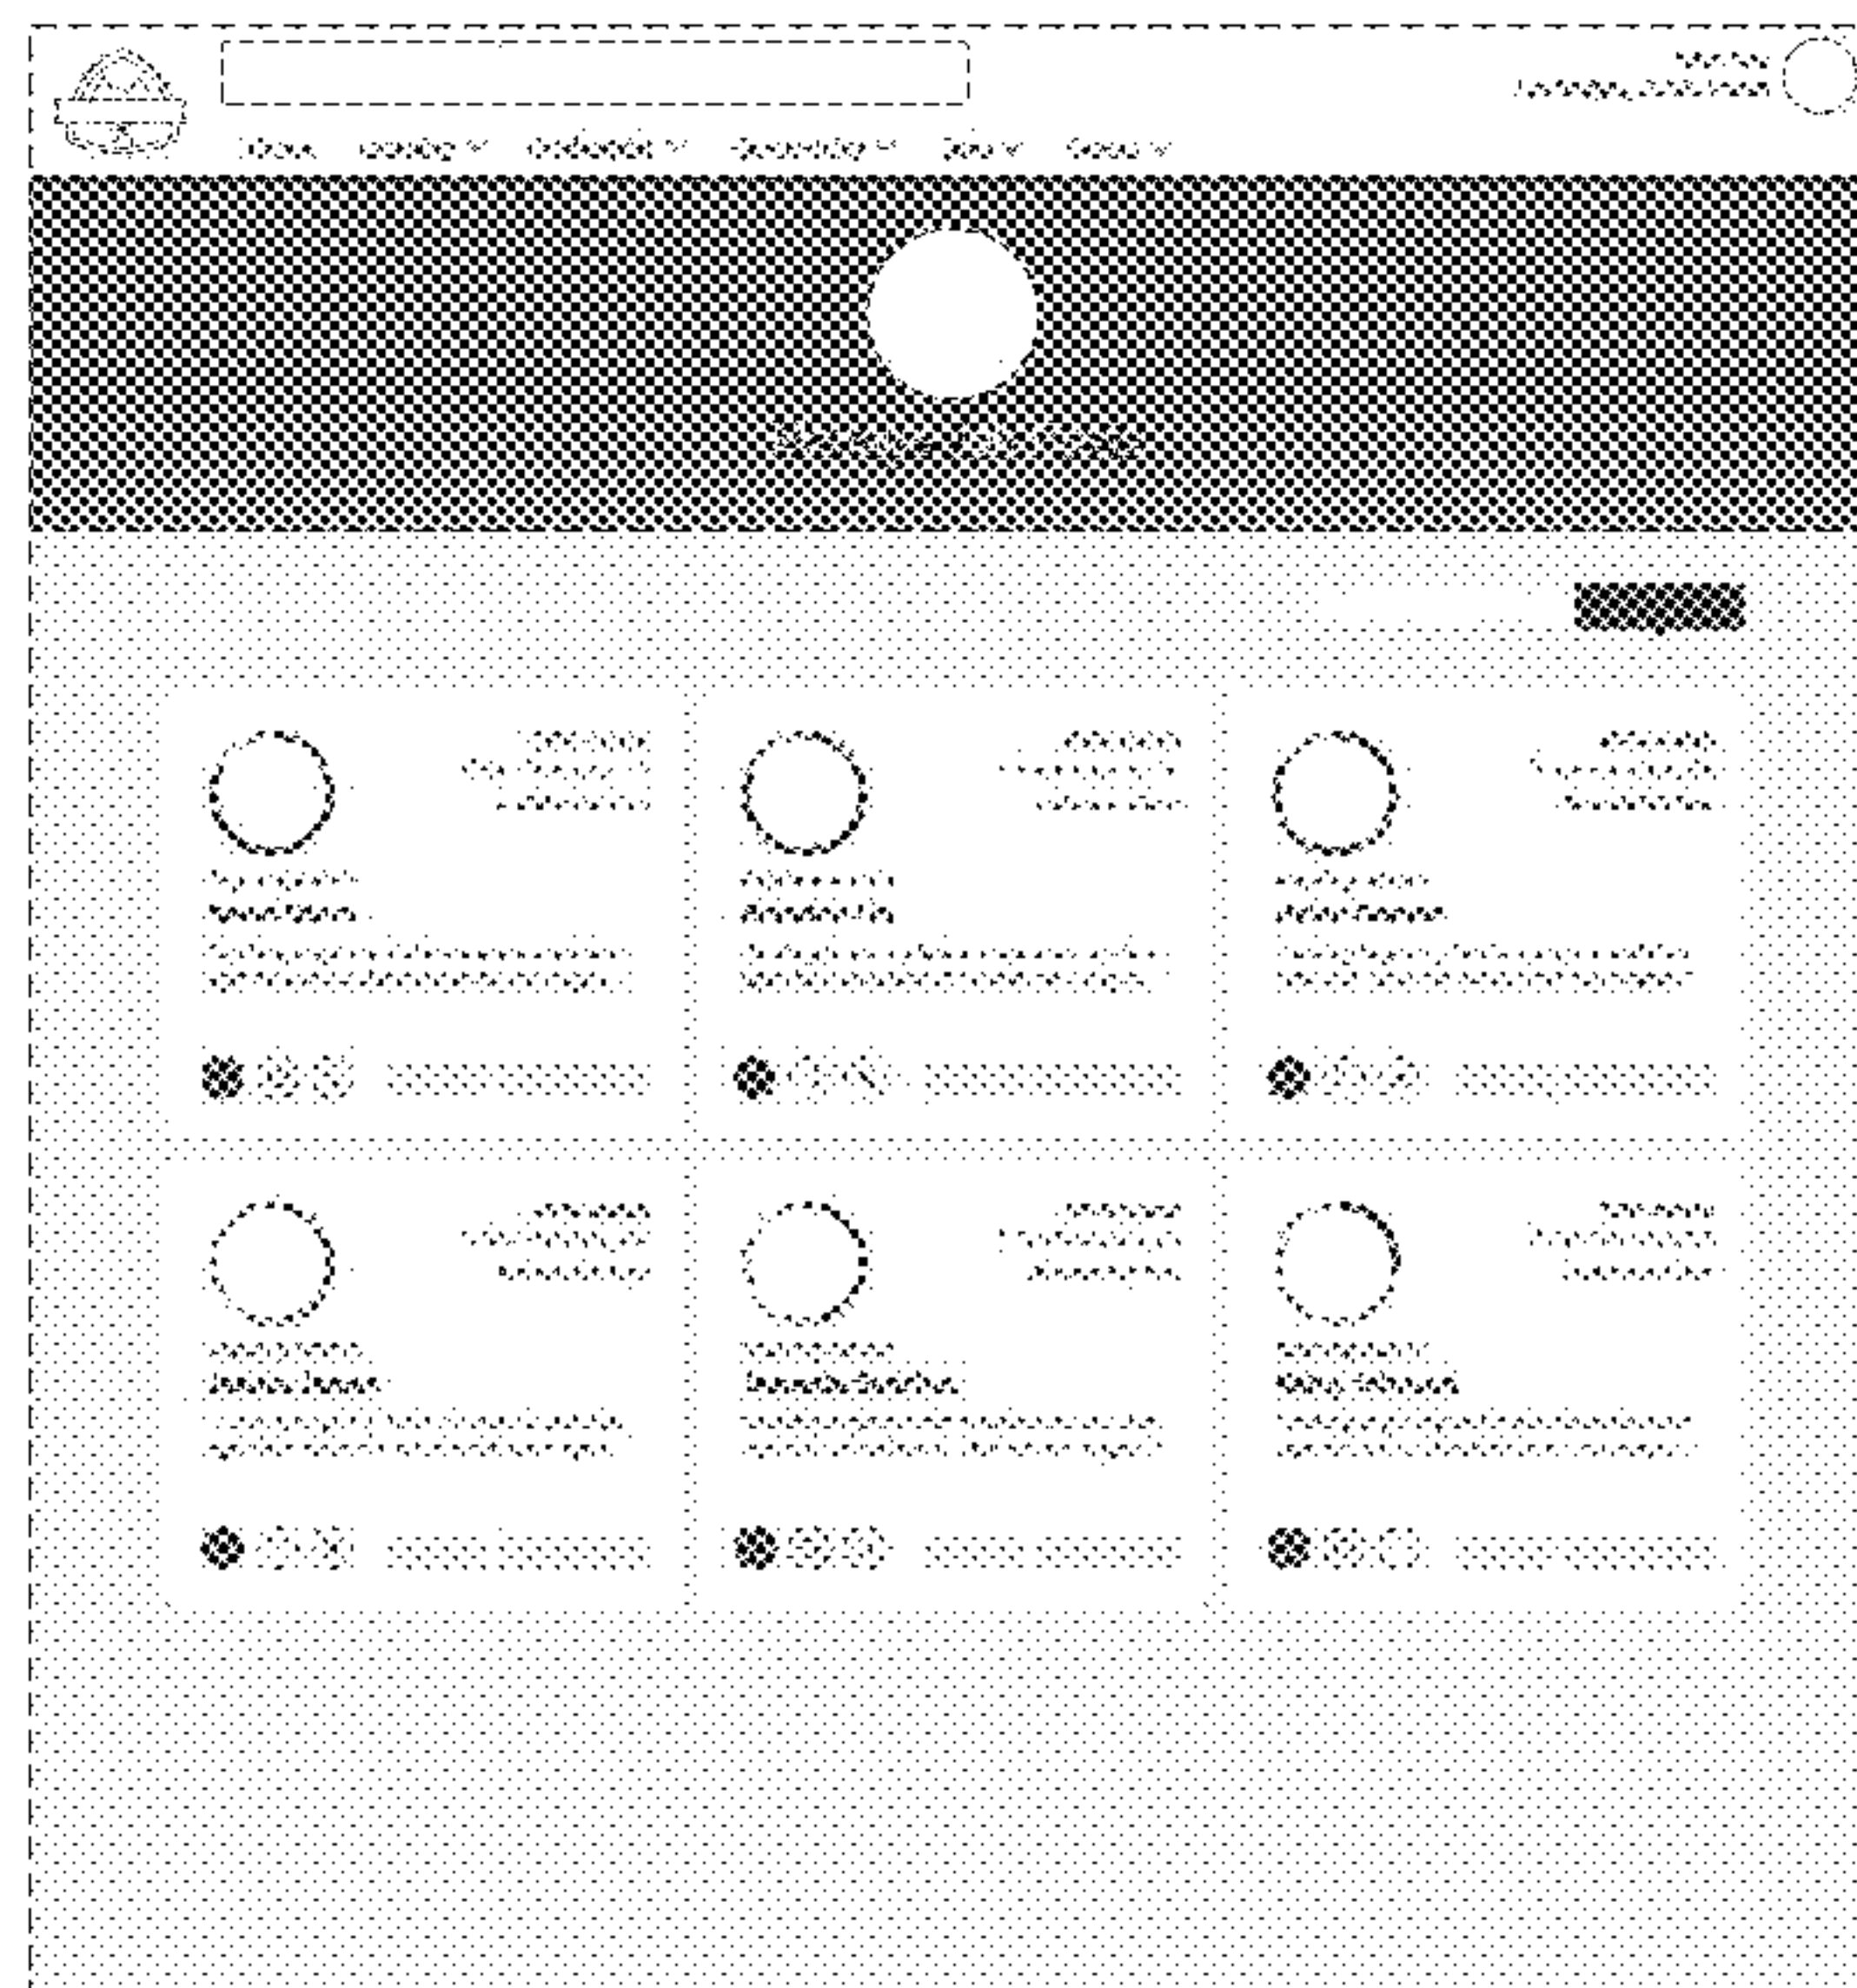

A portion of the disclosure of this patent document contains material which is subject to copyright protection. The copyright owner has no objection to the facsimile reproduction by anyone of the patent document or the patent disclosure as it appears in the United

States Patent and Trademark Office patent file or records but otherwise reserves all copyright rights whatsoever.

The sole FIGURE is a front view of a display screen or portion thereof with graphical user interface showing the claimed design.

The outermost dashed broken lines in the FIGURE is a display screen or portion thereof, and form no part of the claimed design. The other dashed broken lines in the FIGURE show text, graphics, and other elements that form no part of the claimed design.
