(57) **CLAIM**

The ornamental design for an electronic device display screen with graphical user interface, as shown and described.

DESCRIPTION

The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the Office upon request and payment of the necessary fee.

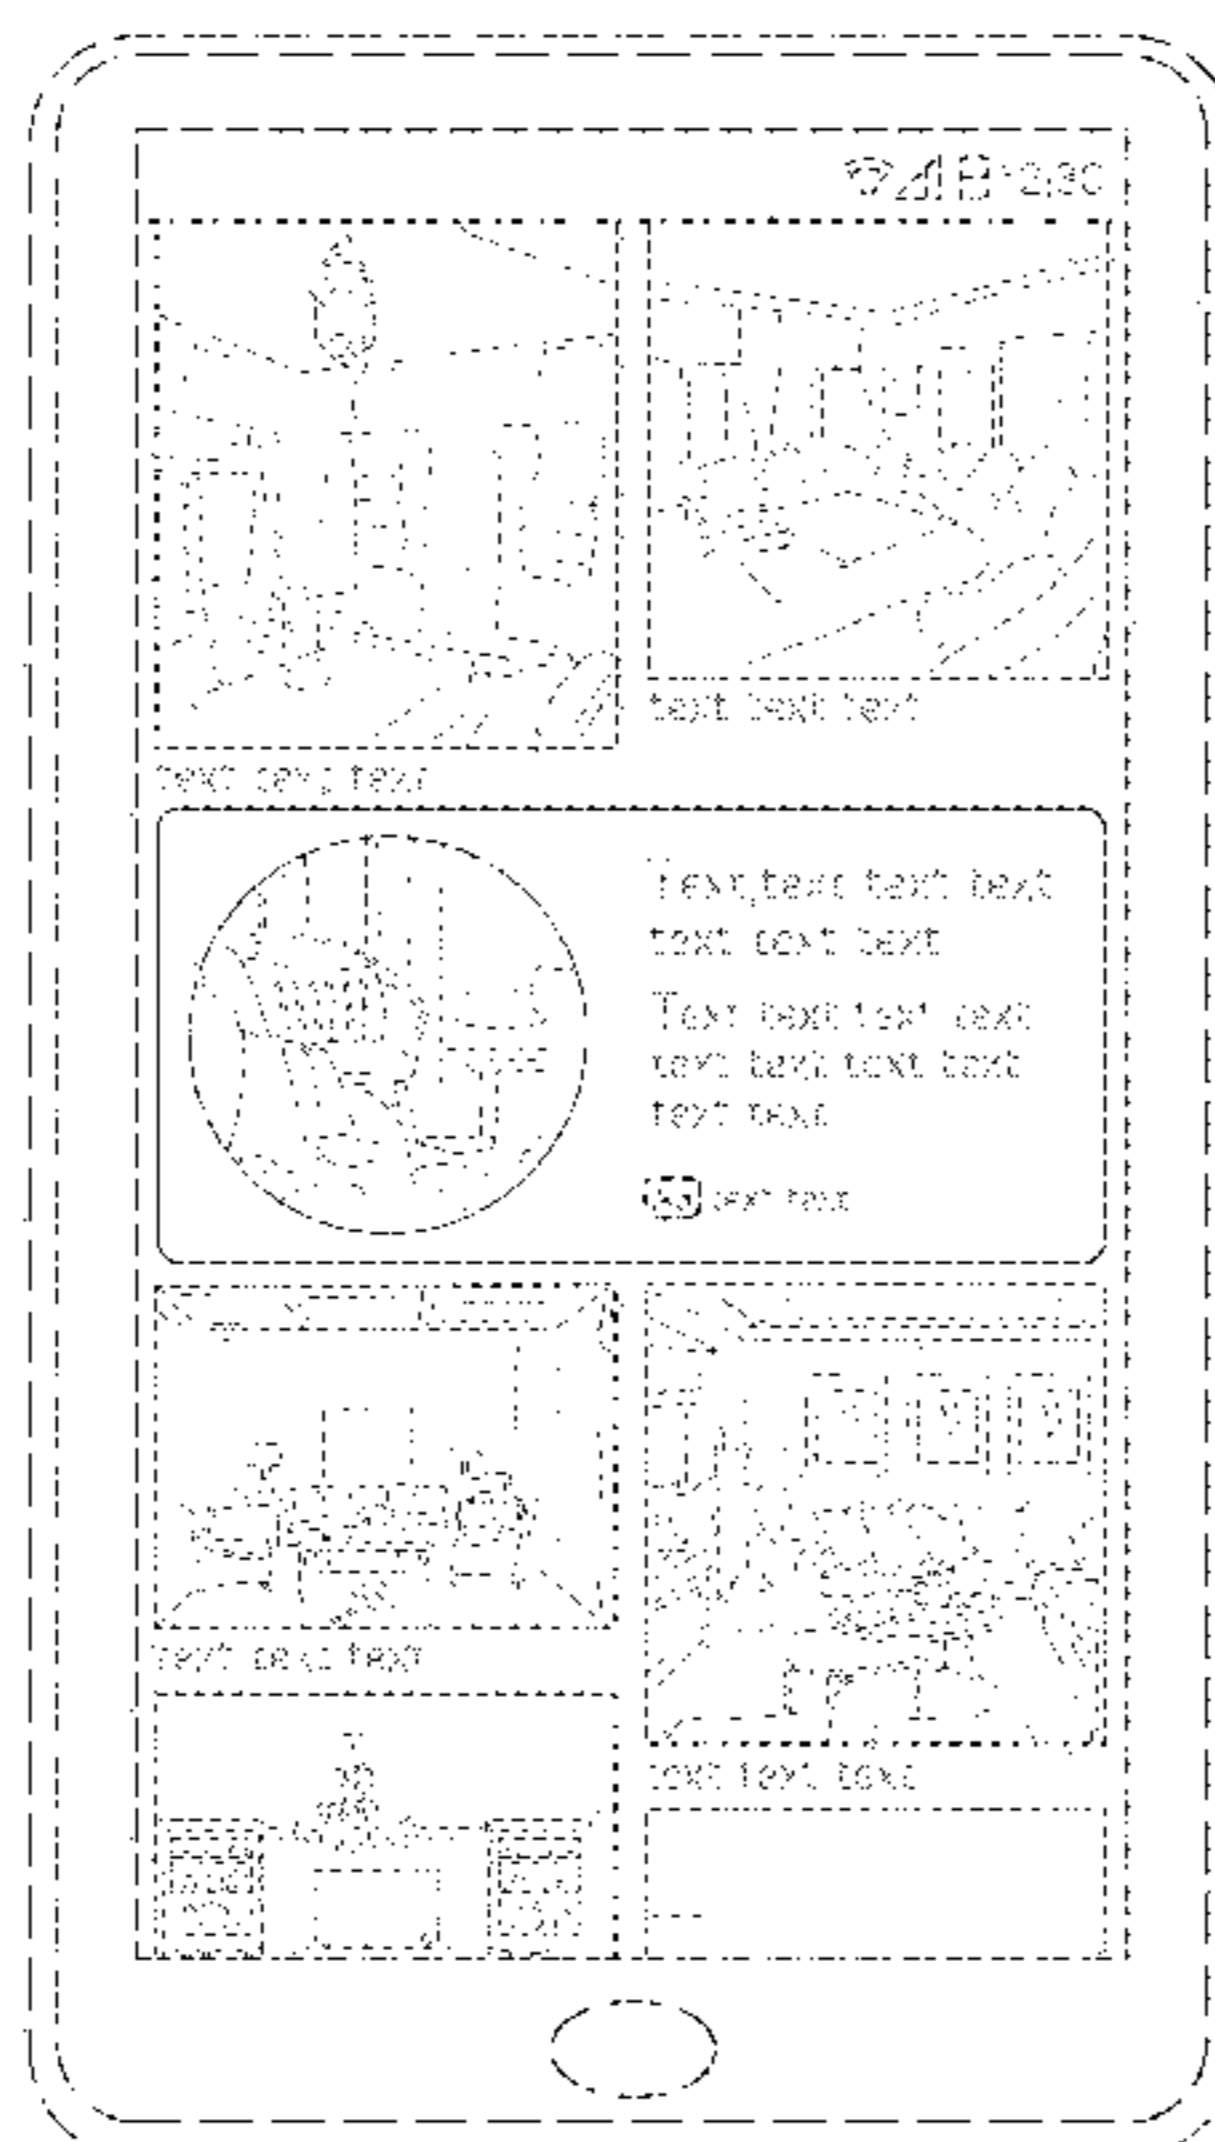

FIG. 1 is a front view of a first embodiment of an electronic device display

screen with graphical user interface according to the claimed design; and,

FIG. 2 is a front view of a second embodiment thereof.

The outermost broken lines show an electronic device. The intermediate-length broken-lines illustrate the display screen. The remaining broken-lines illustrate portions of the graphical user interface. None of the broken lines form part of the claimed design.
