(57) **CLAIM**

The ornamental design for a display screen with graphical user interface for clinician-patient video conference, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display screen with graphical user interface for clinician-patient video conference, showing a first embodiment of the new design; and, FIG. 2 is a second embodiment thereof. The broken lines showing a display screen or portion thereof with a graphical user interface illustrate portions of the article and form no part of the claimed design.

1 Claim, 2 Drawing Sheets

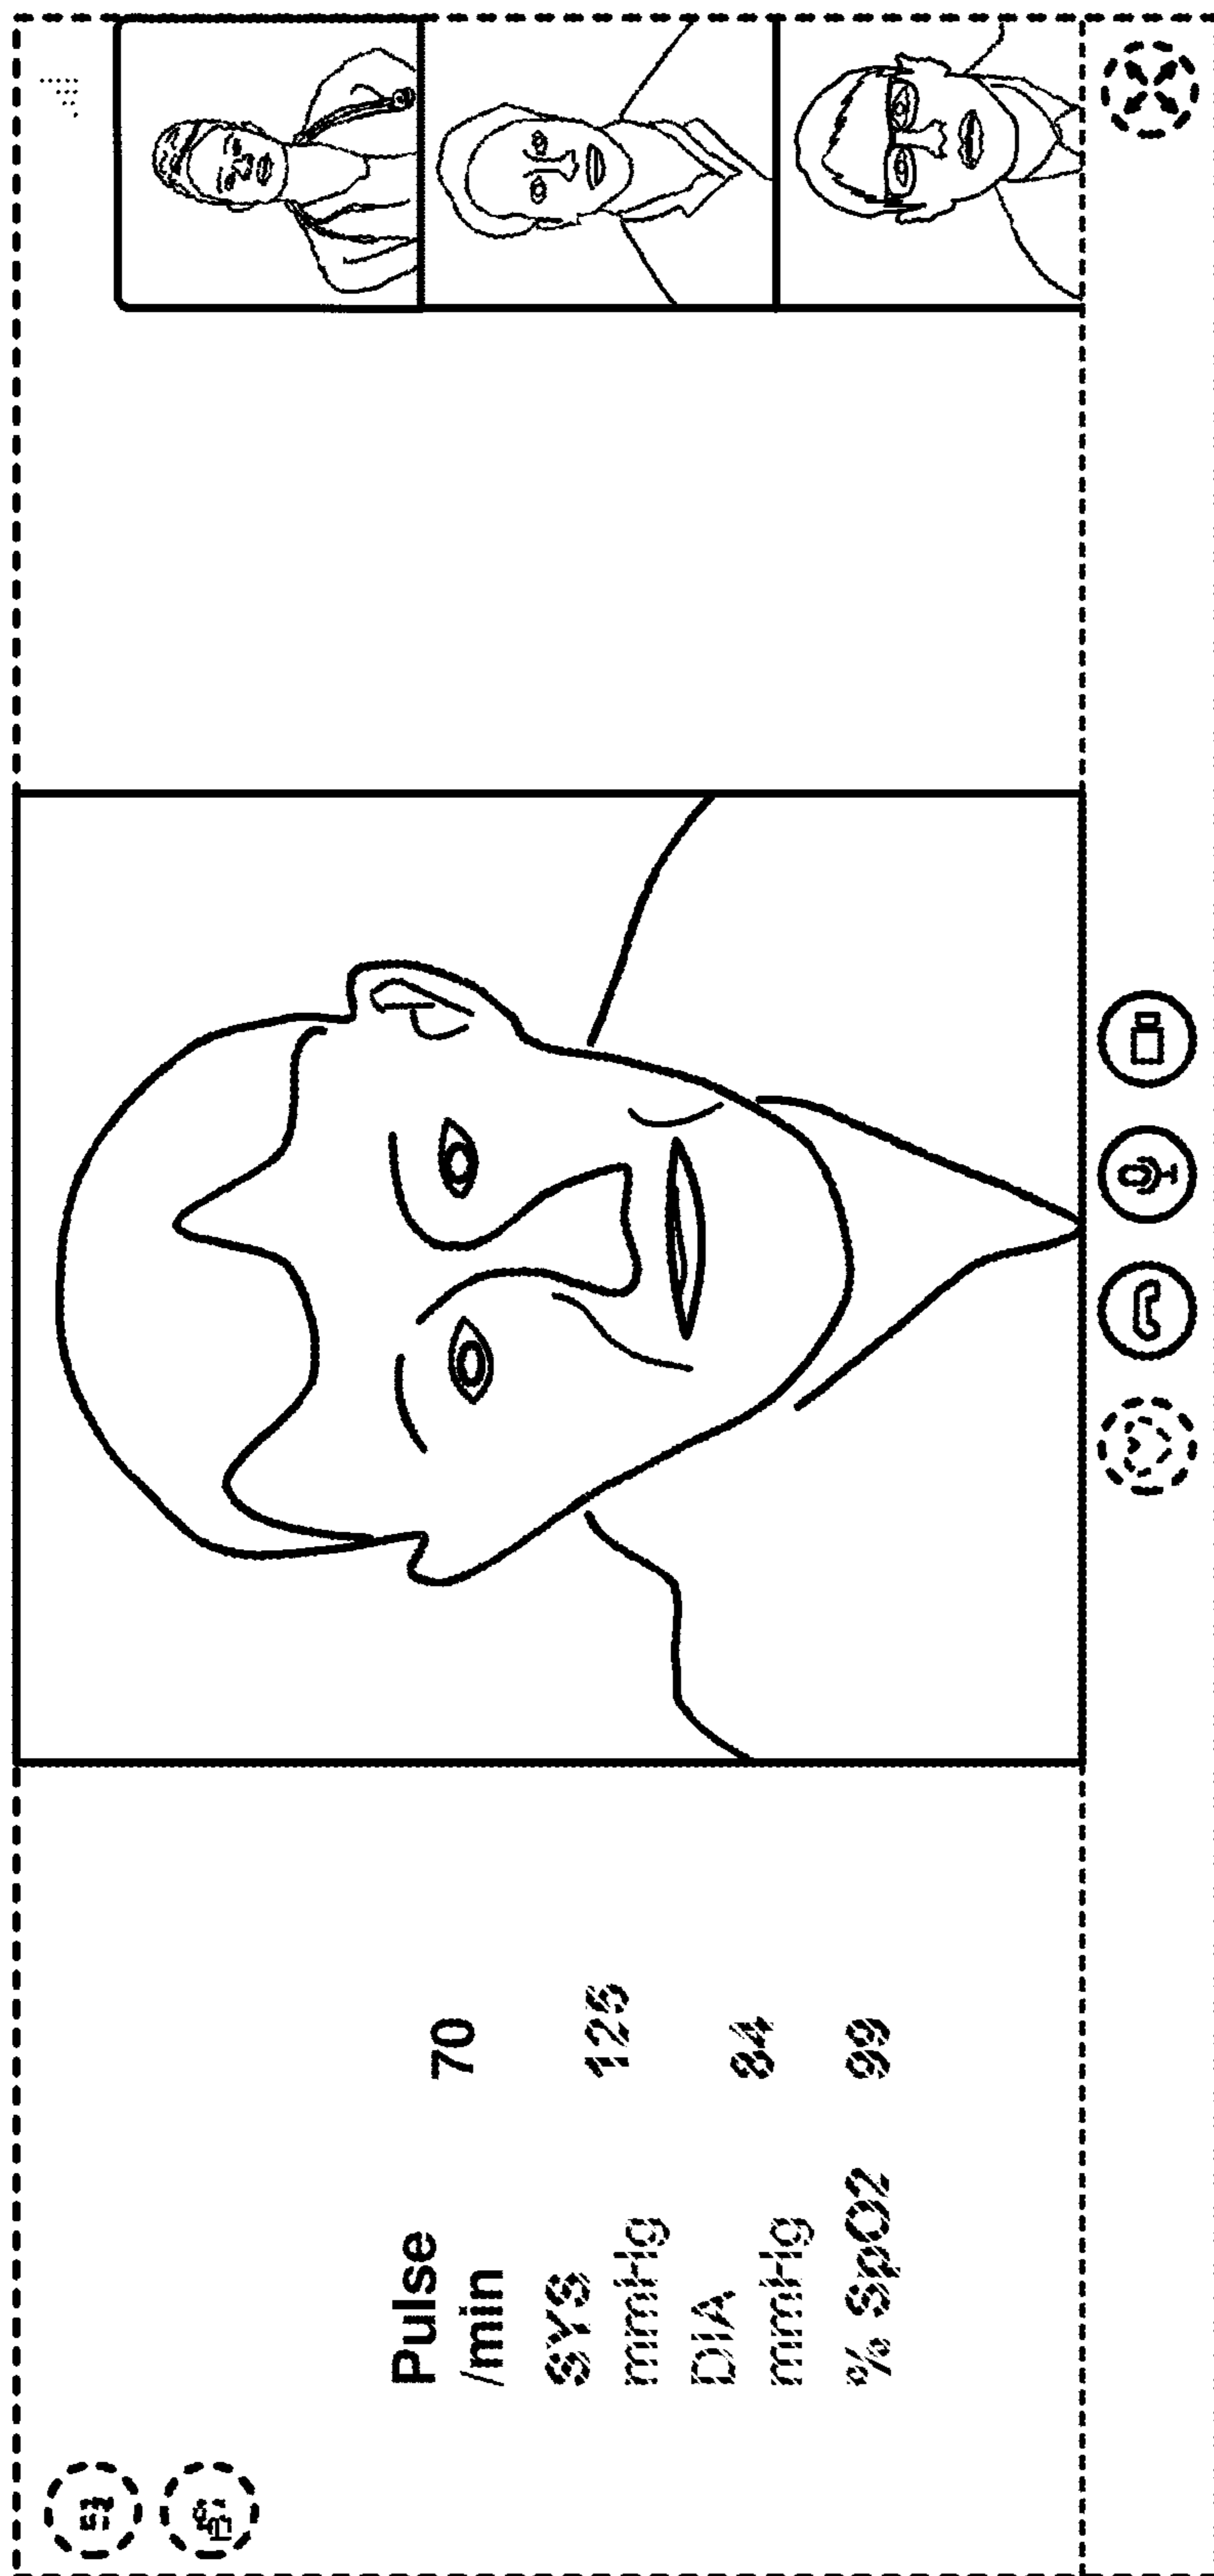

FIG. 1

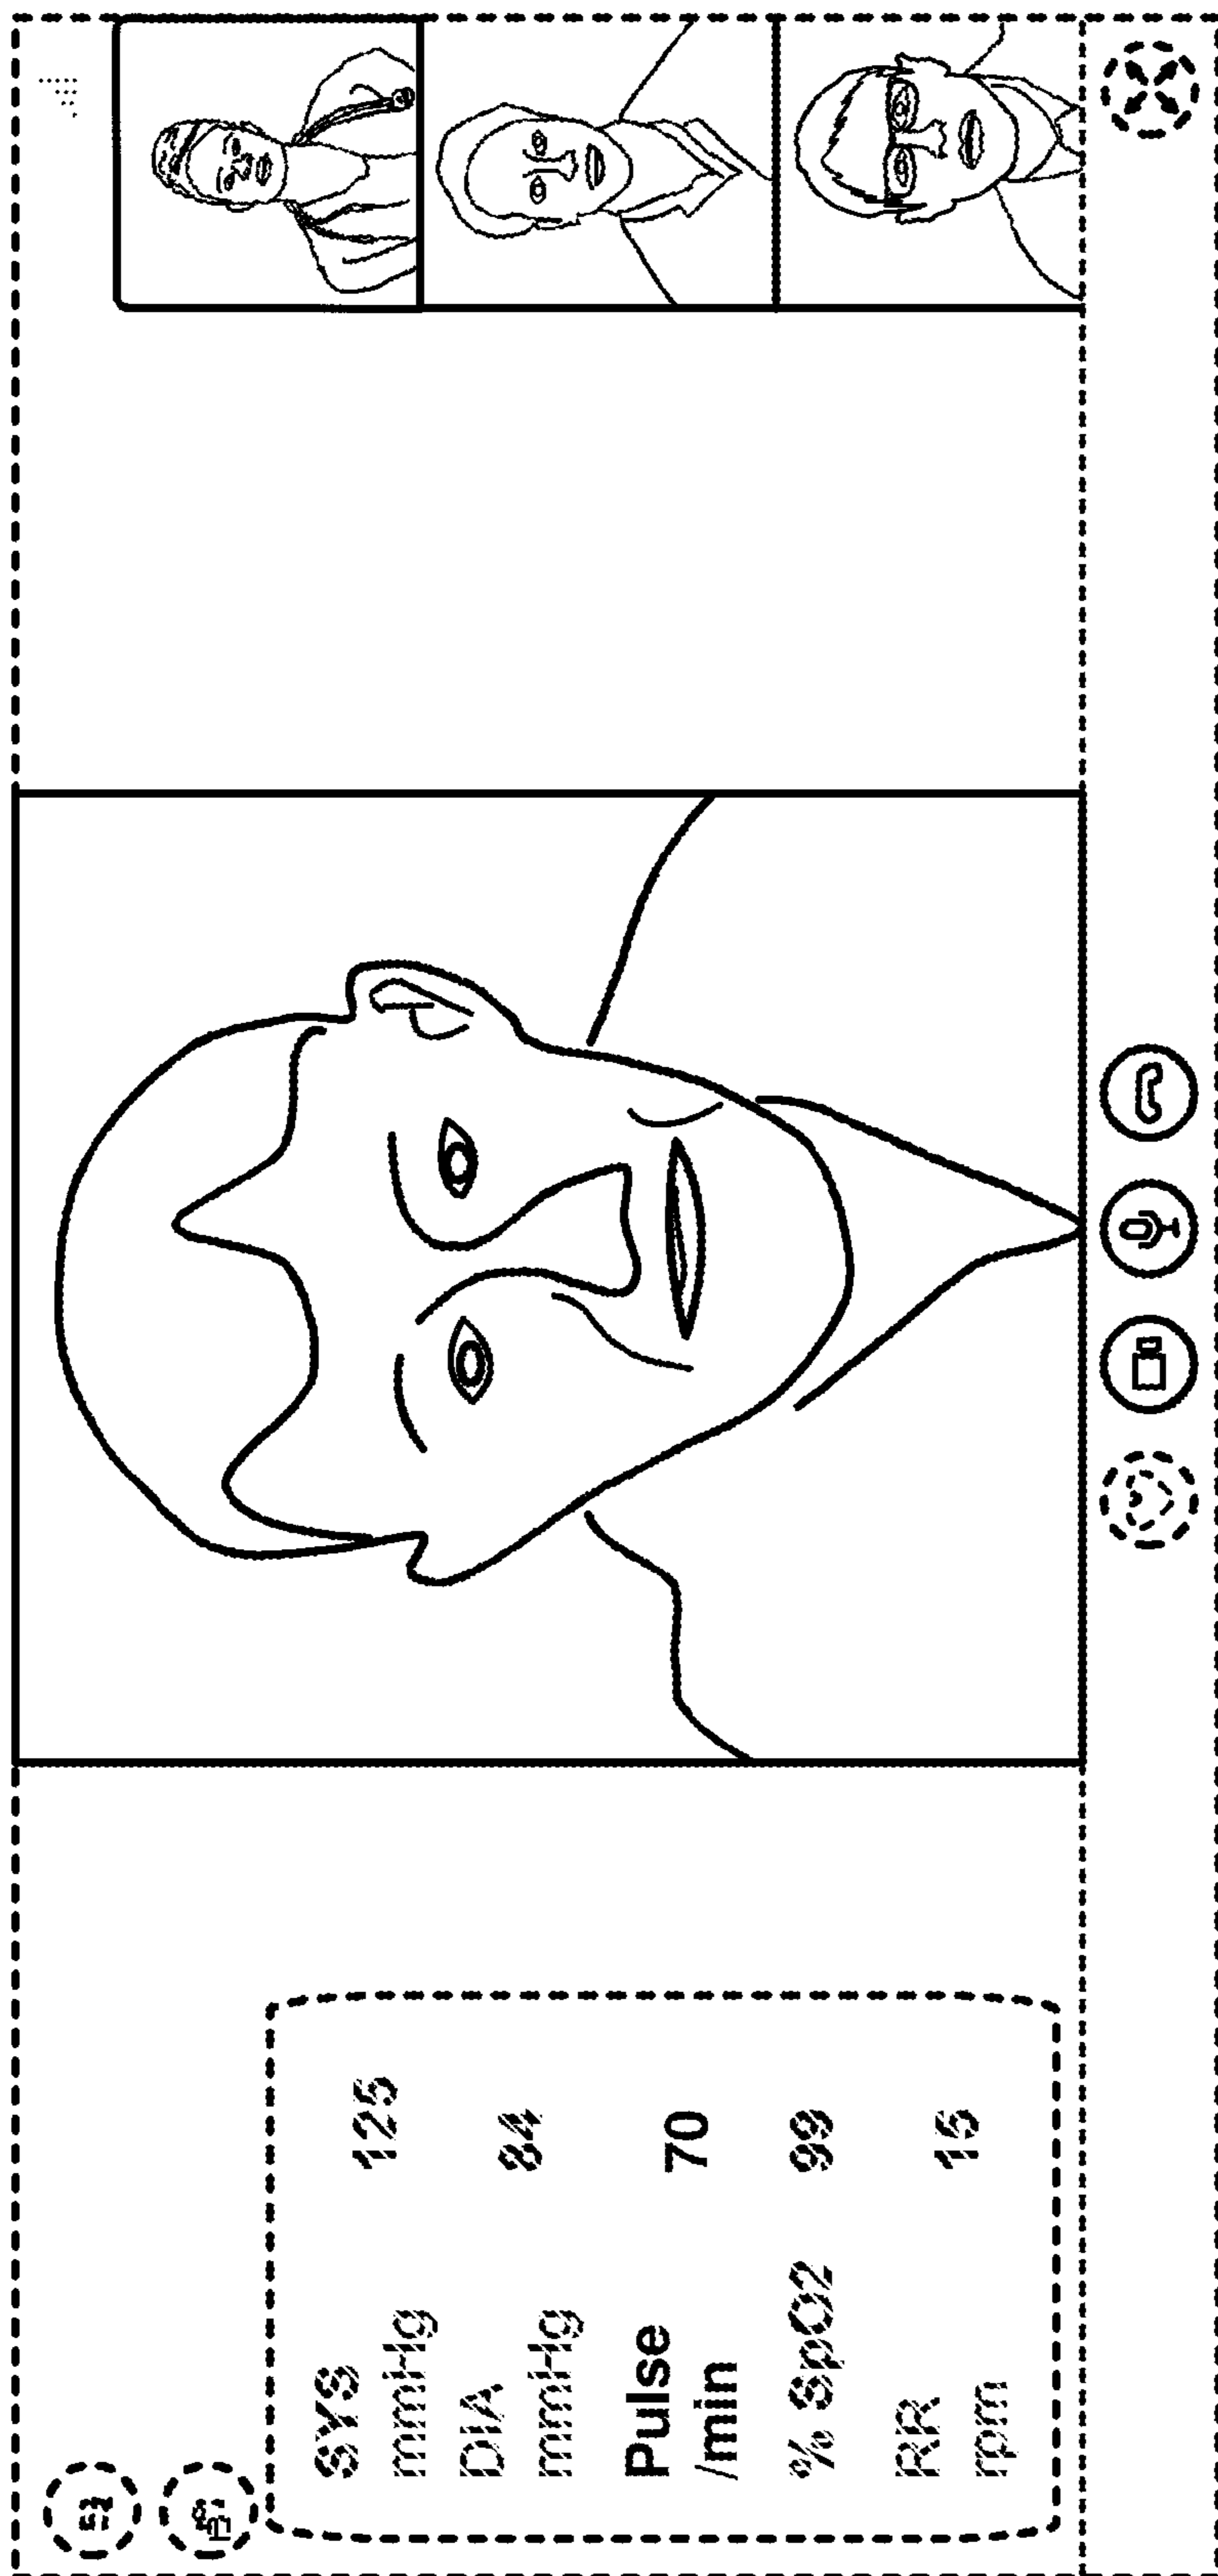

FIG. 2
