(57) **CLAIM**

The ornamental design for a display screen or portion
thereof having a graphical user interface for an application
home page, as shown and described.

DESCRIPTION

The single FIGURE is a view of a display screen or portion
thereof having a graphical user interface for an application
home page showing our new design.

The outermost broken lines illustrate an electronic device,
the broken line at the periphery of the graphical user
interface illustrates the display screen or portion thereof, and
the remaining broken lines showing text, numbers, and
graphical images illustrate portions of the graphical user
interface. None of the broken lines form part of the claimed
design.
