(57) **CLAIM**

I claim, the ornamental design for a molding apparatus with syringe, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a molding apparatus with syringe of the invention;
 FIG. 2 is a right side elevational view of the molding apparatus with syringe of the invention.
 FIG. 3 is a top plan view of the molding apparatus with syringe of the invention; and,
 FIG. 4 is a bottom plan view of the molding apparatus with syringe of the invention.
 The side, rear, and front views of the molding apparatus with syringe are identical.

1 Claim, 3 Drawing Sheets
