(57) **CLAIM**

The ornamental design for a display screen or portion thereof with animated card communication interface, as shown and described.

DESCRIPTION

FIG. 1 is a first image in a sequence for a display screen or portion thereof with animated card communication interface showing the new design; FIG. 2 is a second image thereof; and, FIG. 3 is a third image thereof. The appearance of the animated images sequentially transitions between the images shown in FIGS. 1 through 3. The process or period in which one image transitions to another forms no part of the claimed design. The broken lines showing a display screen or portion thereof and all other broken lines showing portions of an animated card communication interface shown in FIGS. 1 through 3 illustrate environmental subject matter and form no part of the claimed design. The broken lines forming a communication device shown in FIGS. 1 through 3 illustrate environmental subject matter and form no part of the claimed design.
