(57) **CLAIM**

The ornamental design for an instrument cluster display screen with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of an instrument cluster display screen with graphical user interface showing our new design; and, FIG. 2 is an enlarged view of FIG. 1 with the graphical user interface shown separately for clarity of illustration.

The broken lines shown in FIG. 1 illustrate the instrument cluster display screen that form no part of the claimed design.
