(57) **CLAIM**

The ornamental design for a television receiver with radio, as shown and described.

DESCRIPTION

FIG. 1 is a top, front and right side perspective view of a television receiver with radio in accordance with our new design;

FIG. 2 is a top, rear and left side perspective view thereof;

FIG. 3 is a front elevational view thereof;

FIG. 4 is a rear elevational view thereof;

FIG. 5 is a top plan view thereof;

FIG. 6 is a bottom plan view thereof;

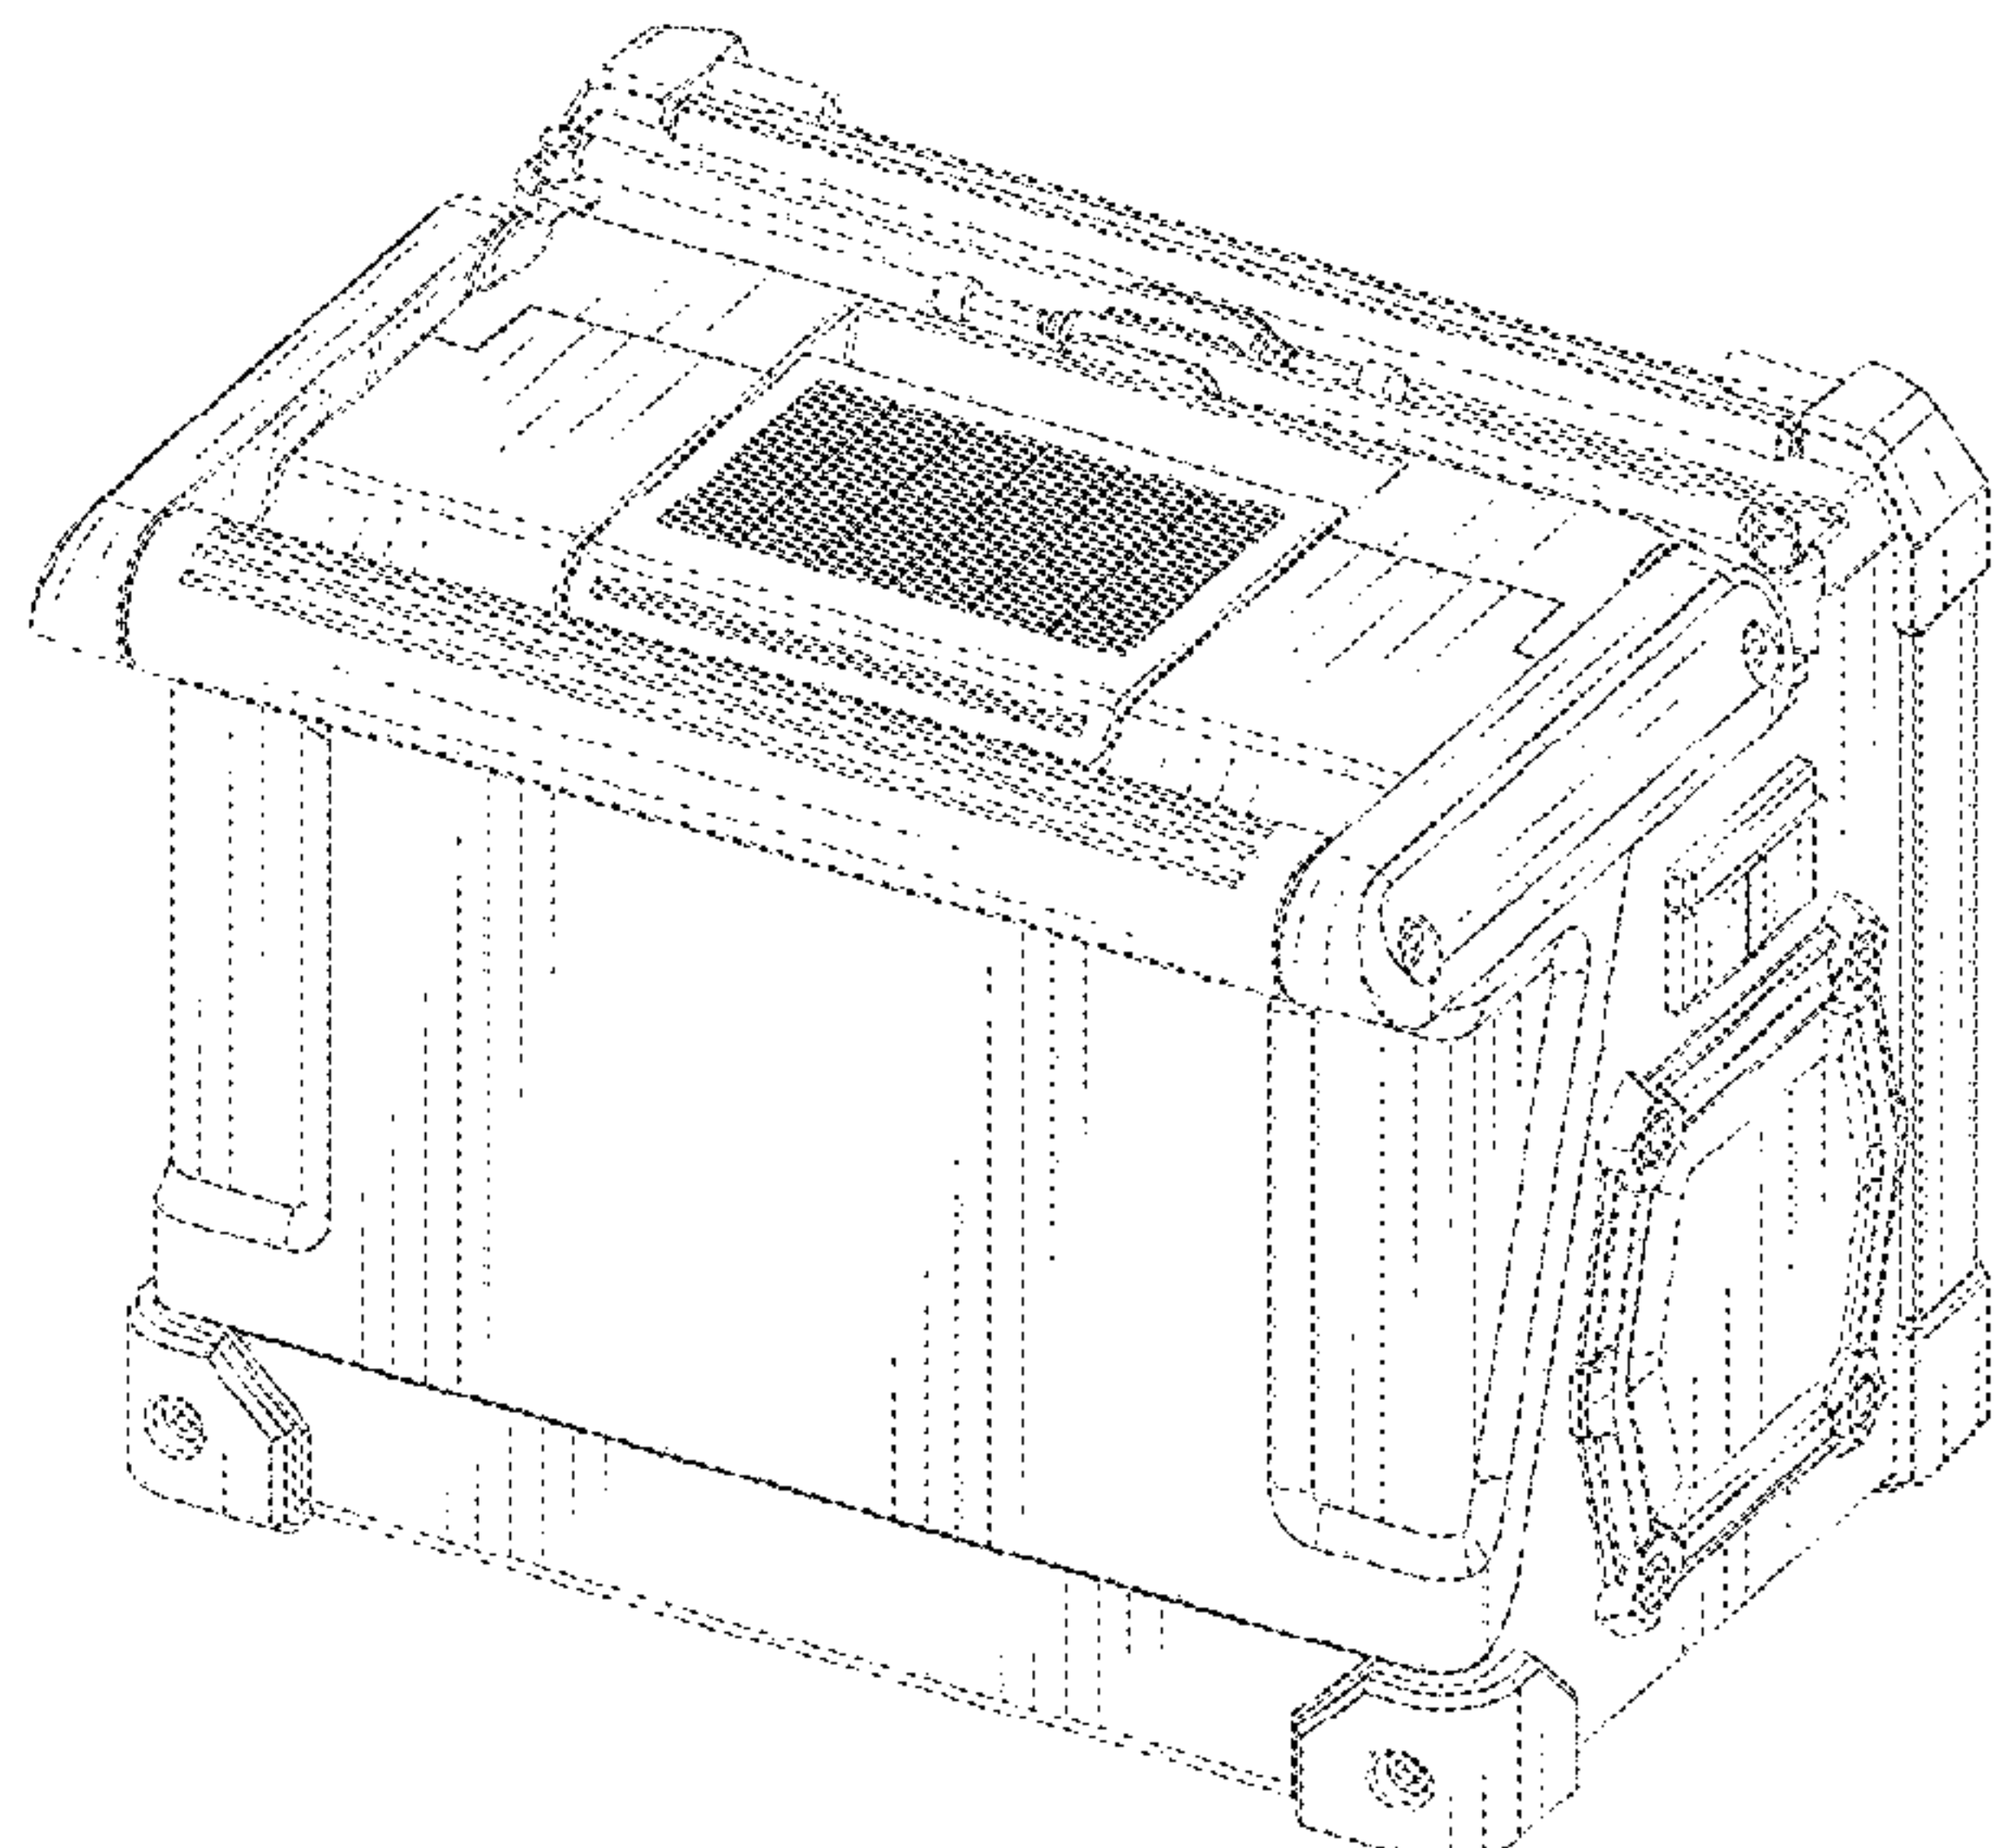

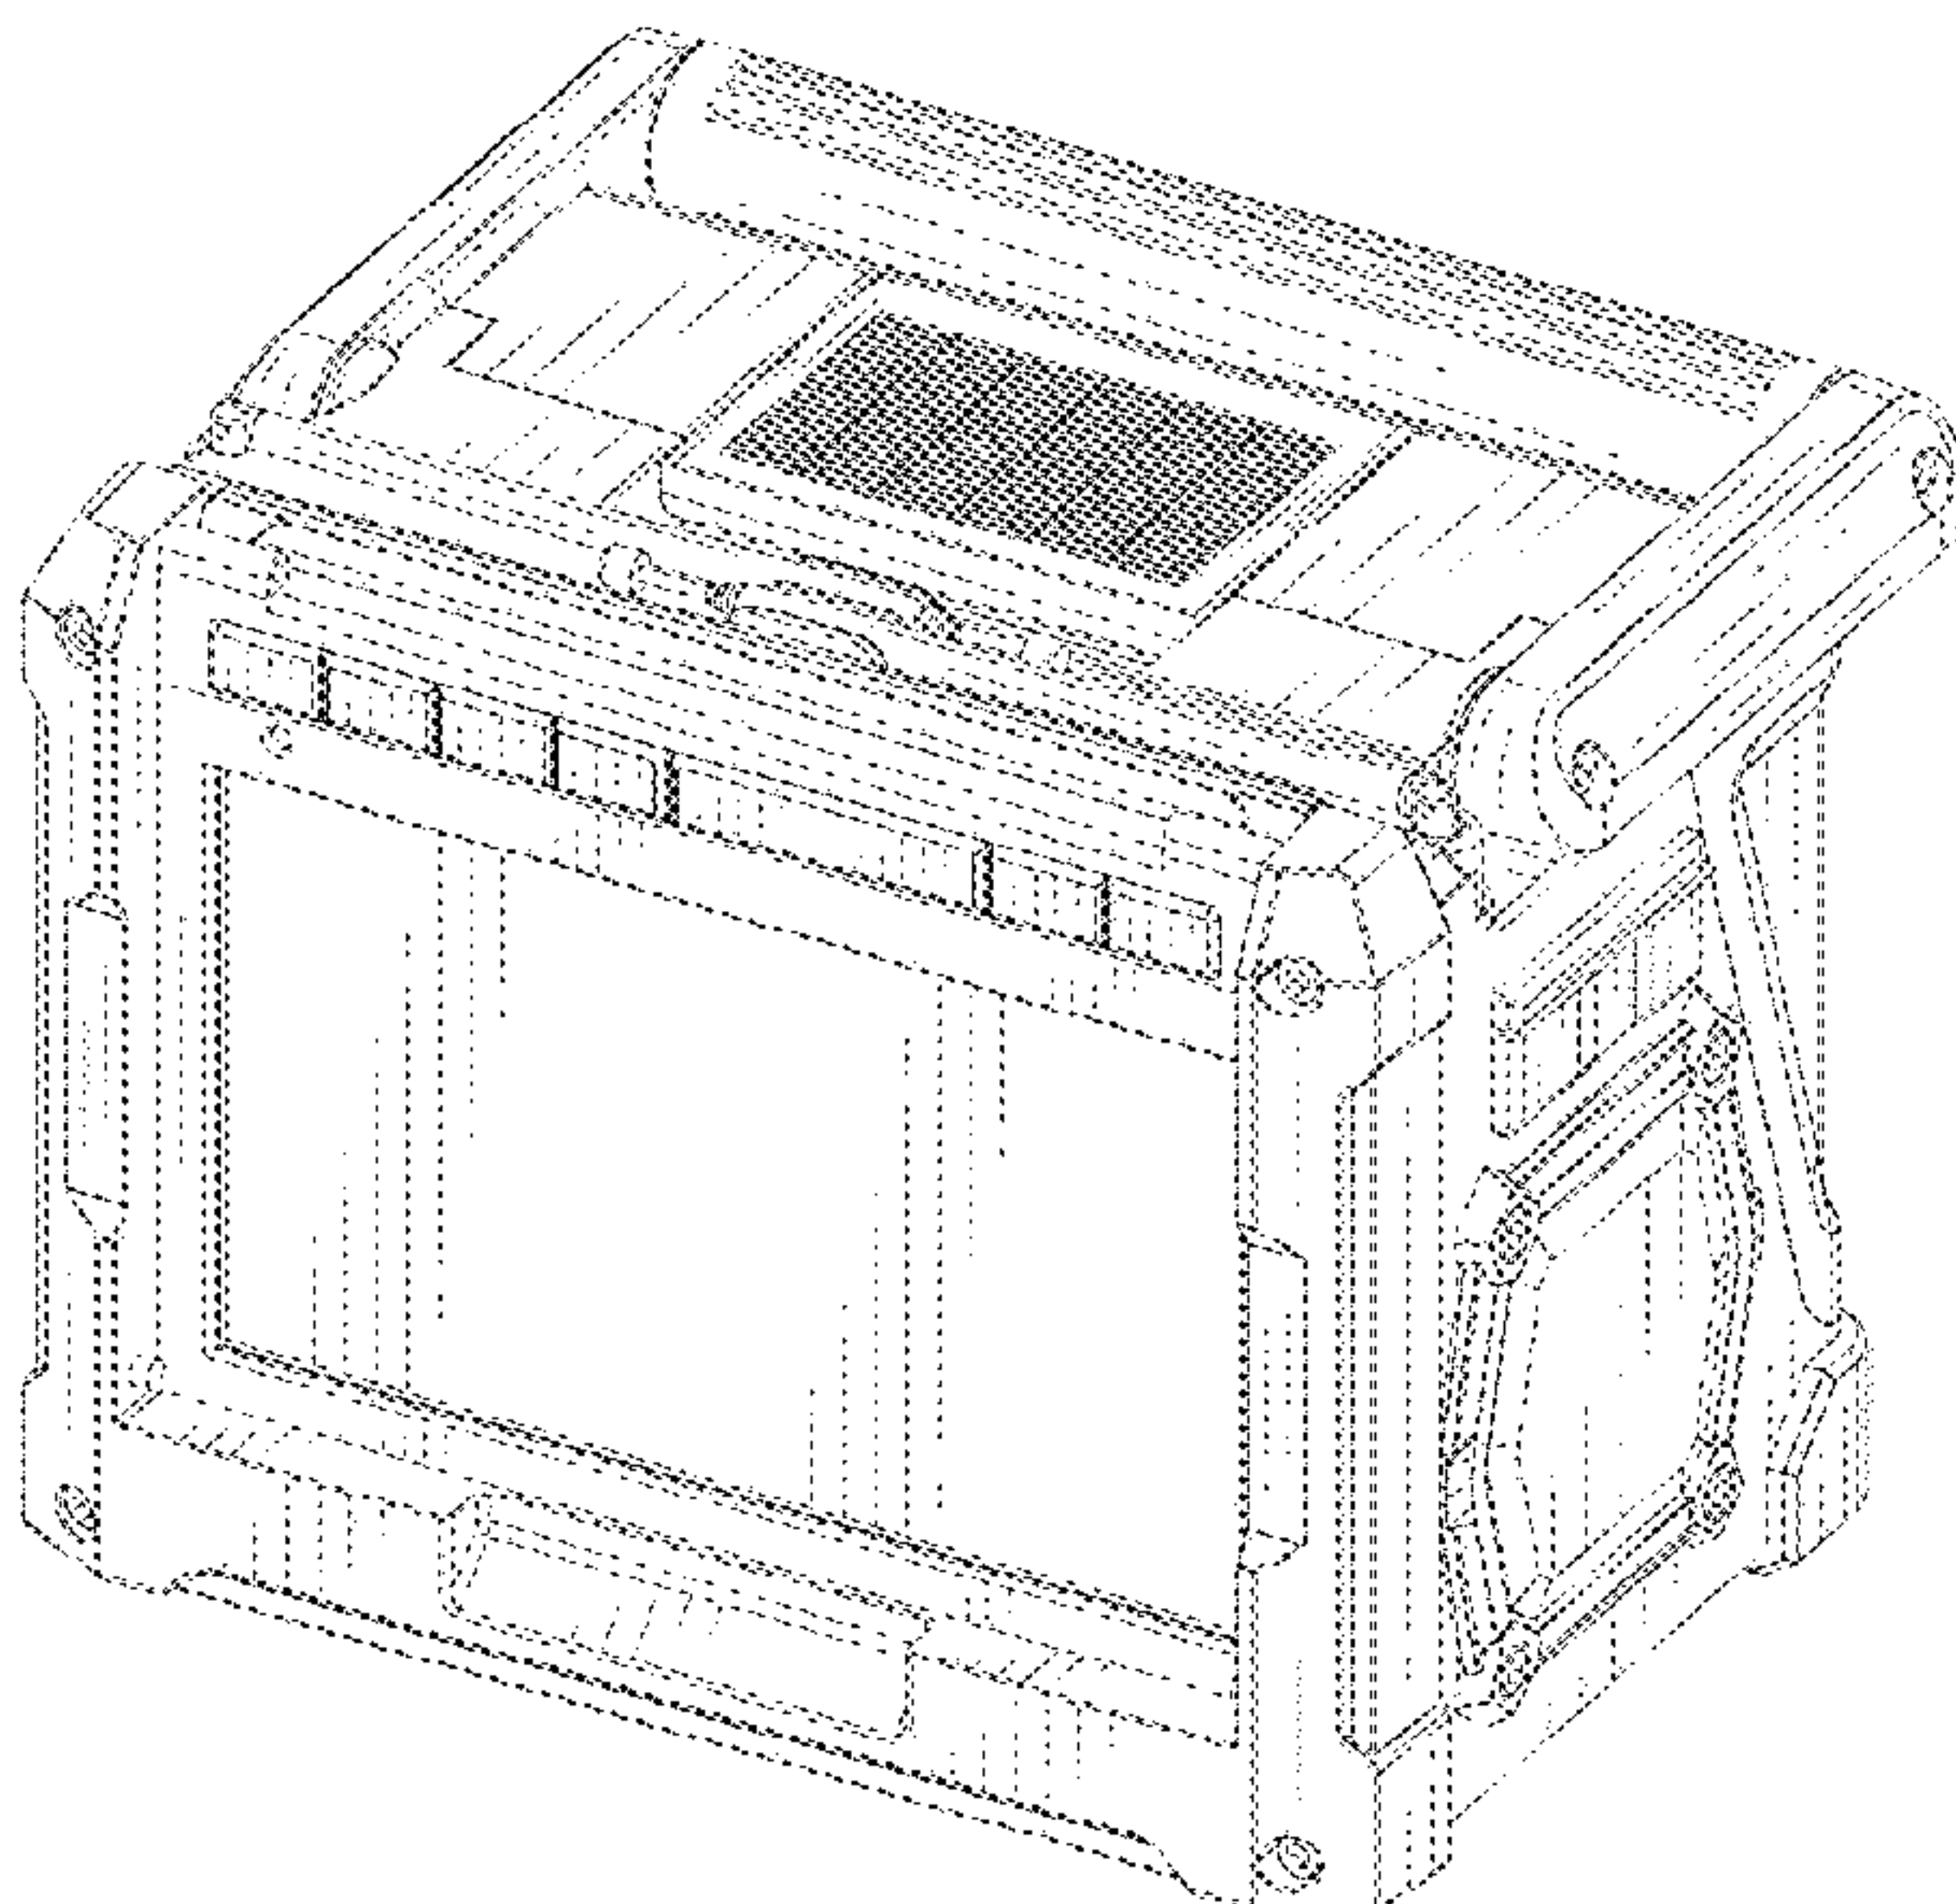

FIG. 7 is a right side elevational view thereof;

FIG. 8 is a left side elevational view thereof; and,

FIG. 9 is a top, front and right side perspective view thereof, shown with an attached cover disclosed in broken lines.

The broken lines depict portions of the television receiver with radio in which the design is embodied that form no part of the claimed design. The broken lines showing an attached cover in FIG. 9 represent portions of the television receiver with radio that form no part of the claimed design.

1 Claim, 9 Drawing Sheets
