(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a display screen with graphical user interface in accordance with a first embodiment of the invention;
FIG. 2 is a front elevational view of a display screen with graphical user interface in accordance with a second embodiment of the invention;
FIG. 3 is a front elevational view of a display screen with graphical user interface in accordance with a third embodiment of the invention; and,
FIG. 4 is a front elevational view of a display screen with graphical user interface in accordance with a fourth embodiment of the invention.

The broken lines showing the display screen and the broken lines showing additional elements of the graphical user interface form no part of the claimed design.

1 Claim, 4 Drawing Sheets
