(57) **CLAIM**

The ornamental design for multifunction printer operation display panel with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a first image of a multifunction printer operation display panel with graphical user interface; FIG. 2 is a rear view of the multifunction printer operation display panel with graphical user interface; FIG. 3 is a top plan view of the multifunction printer operation display panel with graphical user interface; and, FIG. 4 is a side view of the multifunction printer operation display panel with graphical user interface.

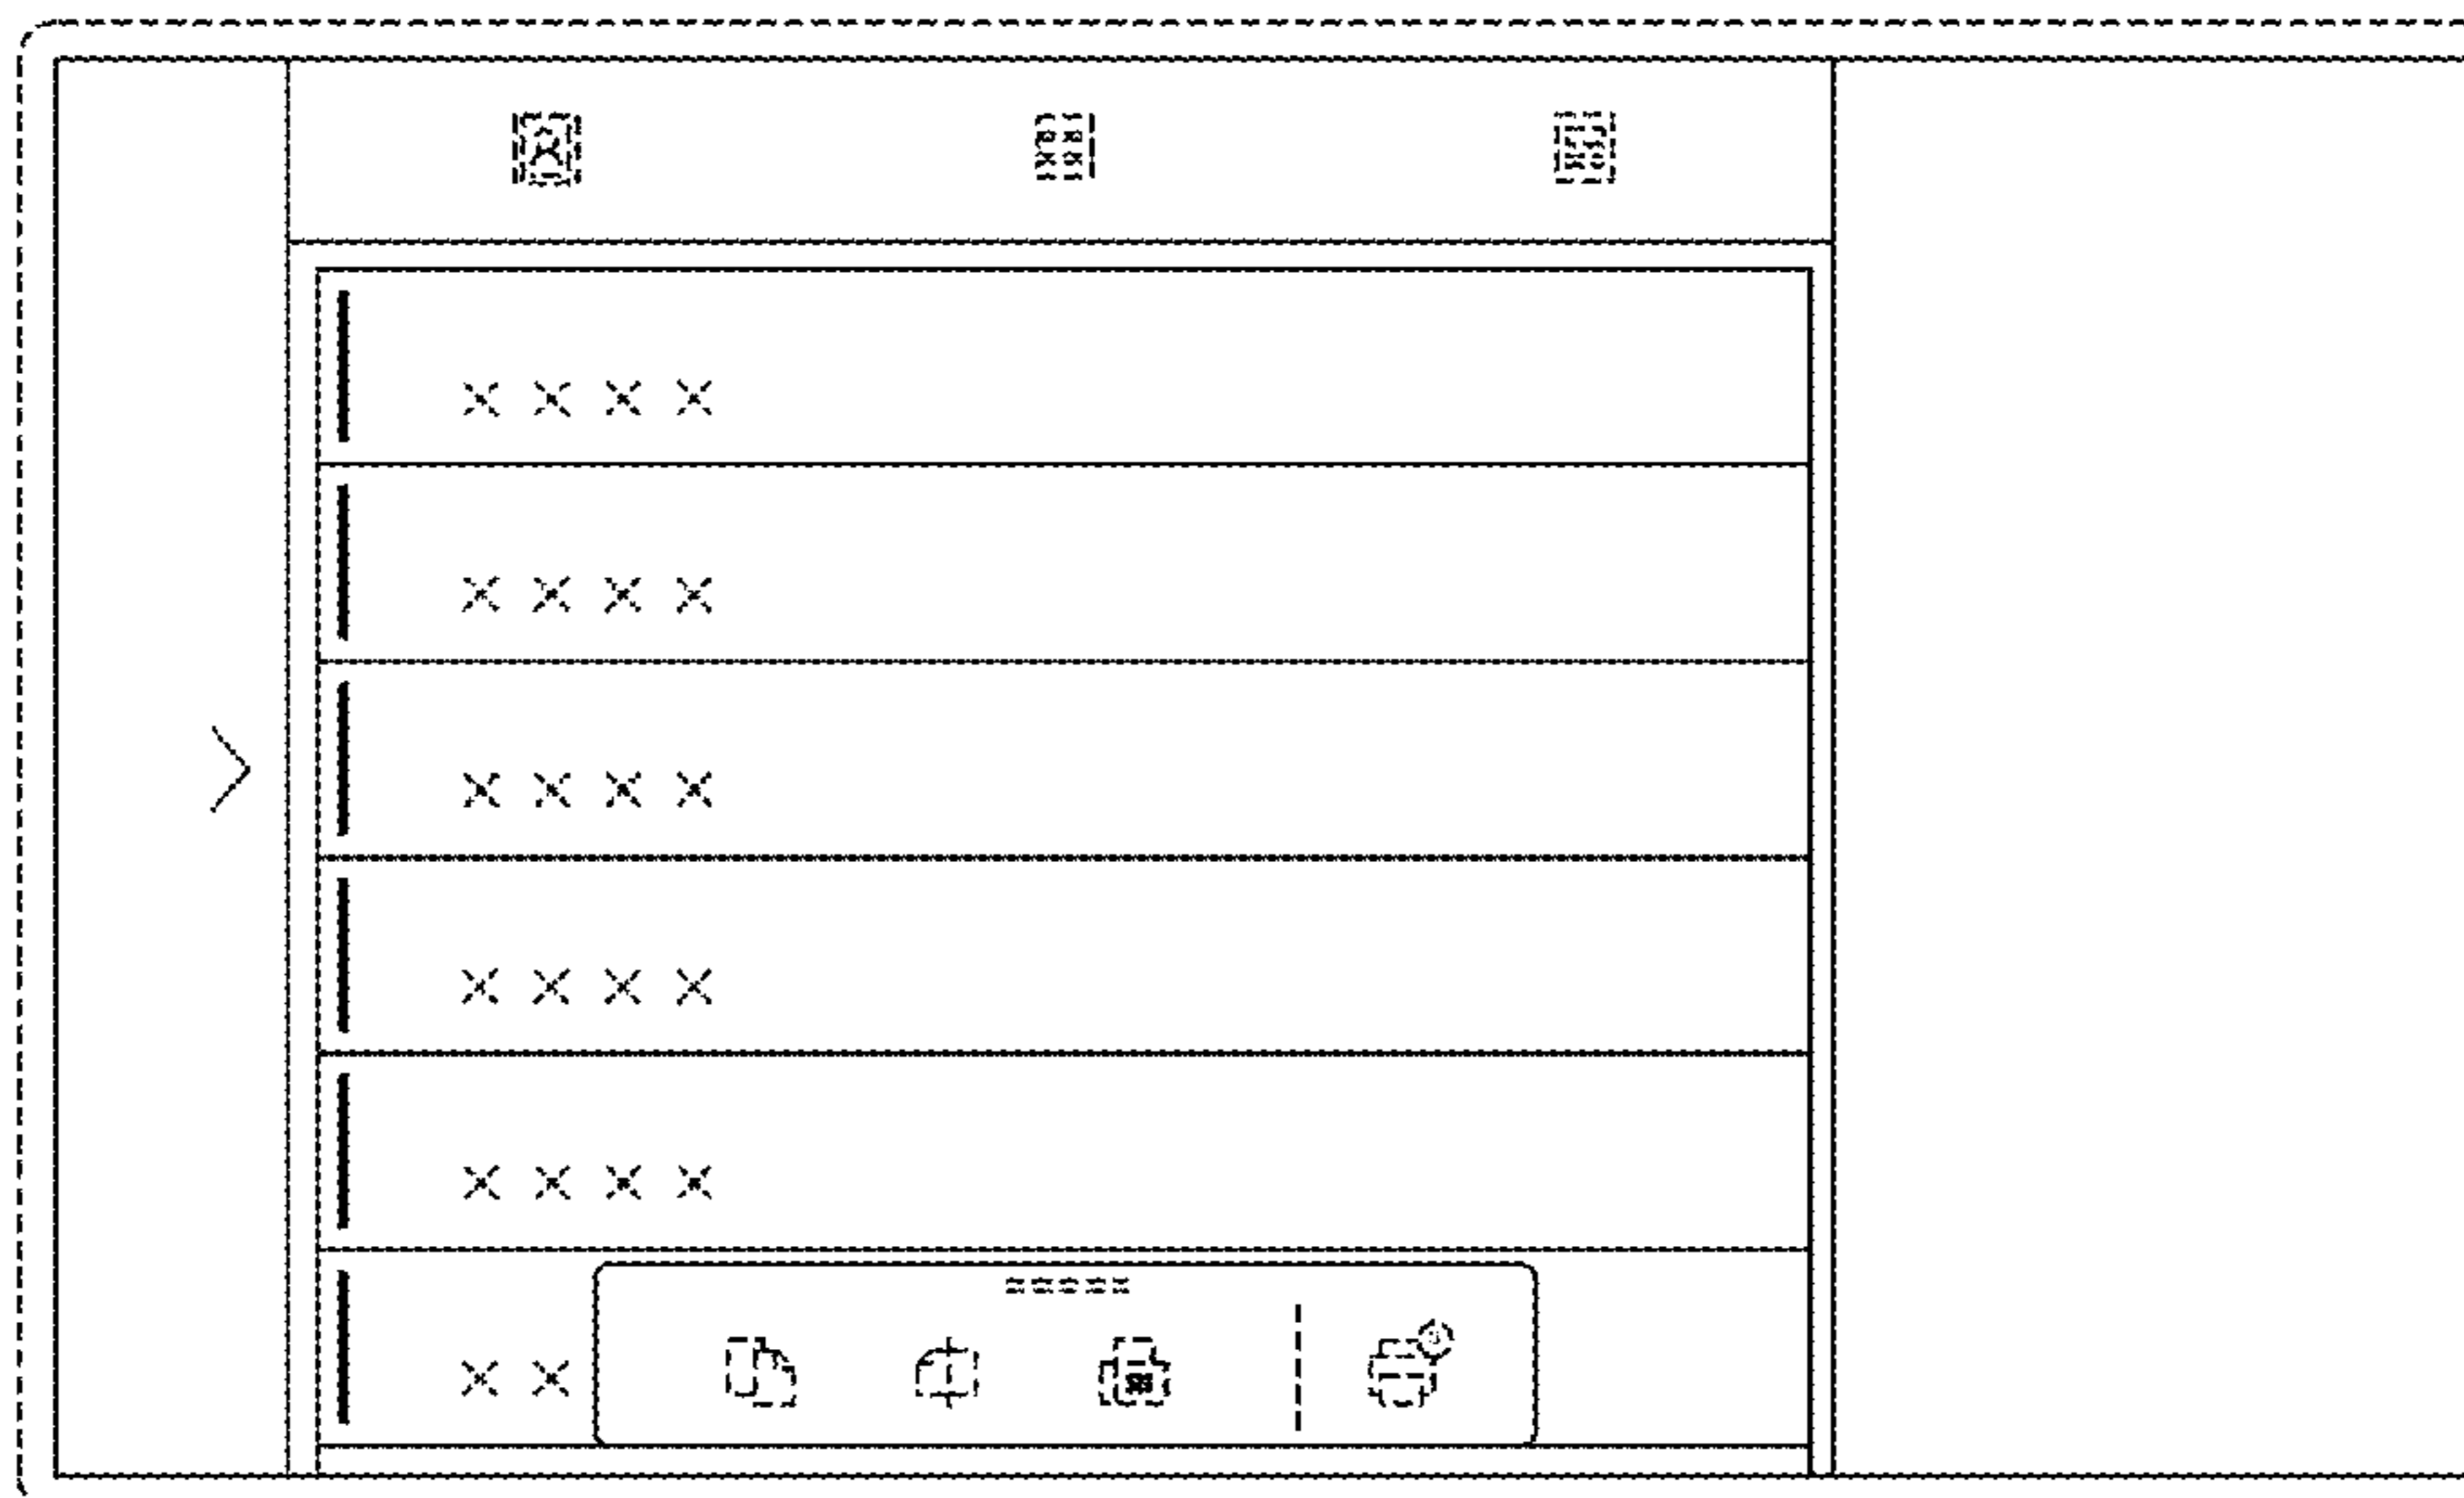

The broken lines showing of a display panel with graphical user interface is included for the purpose of showing portions of the article which form no part of the claimed design. The bottom and right side views are omitted because they do not form part of the claimed design.
