(57) **CLAIM**

I claim the ornamental design for an interface of a charger, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of an interface of a charger according to the present invention.

FIG. 2 is another front perspective view of the interface of the charger shown in FIG. 1.

FIG. 3 is another front perspective view of the interface of the charger shown in FIG. 1.

FIG. 4 is a rear perspective view of the interface of the charger shown in FIG. 1.

FIG. 5 is another rear perspective view of the interface of the charger shown in FIG. 1.

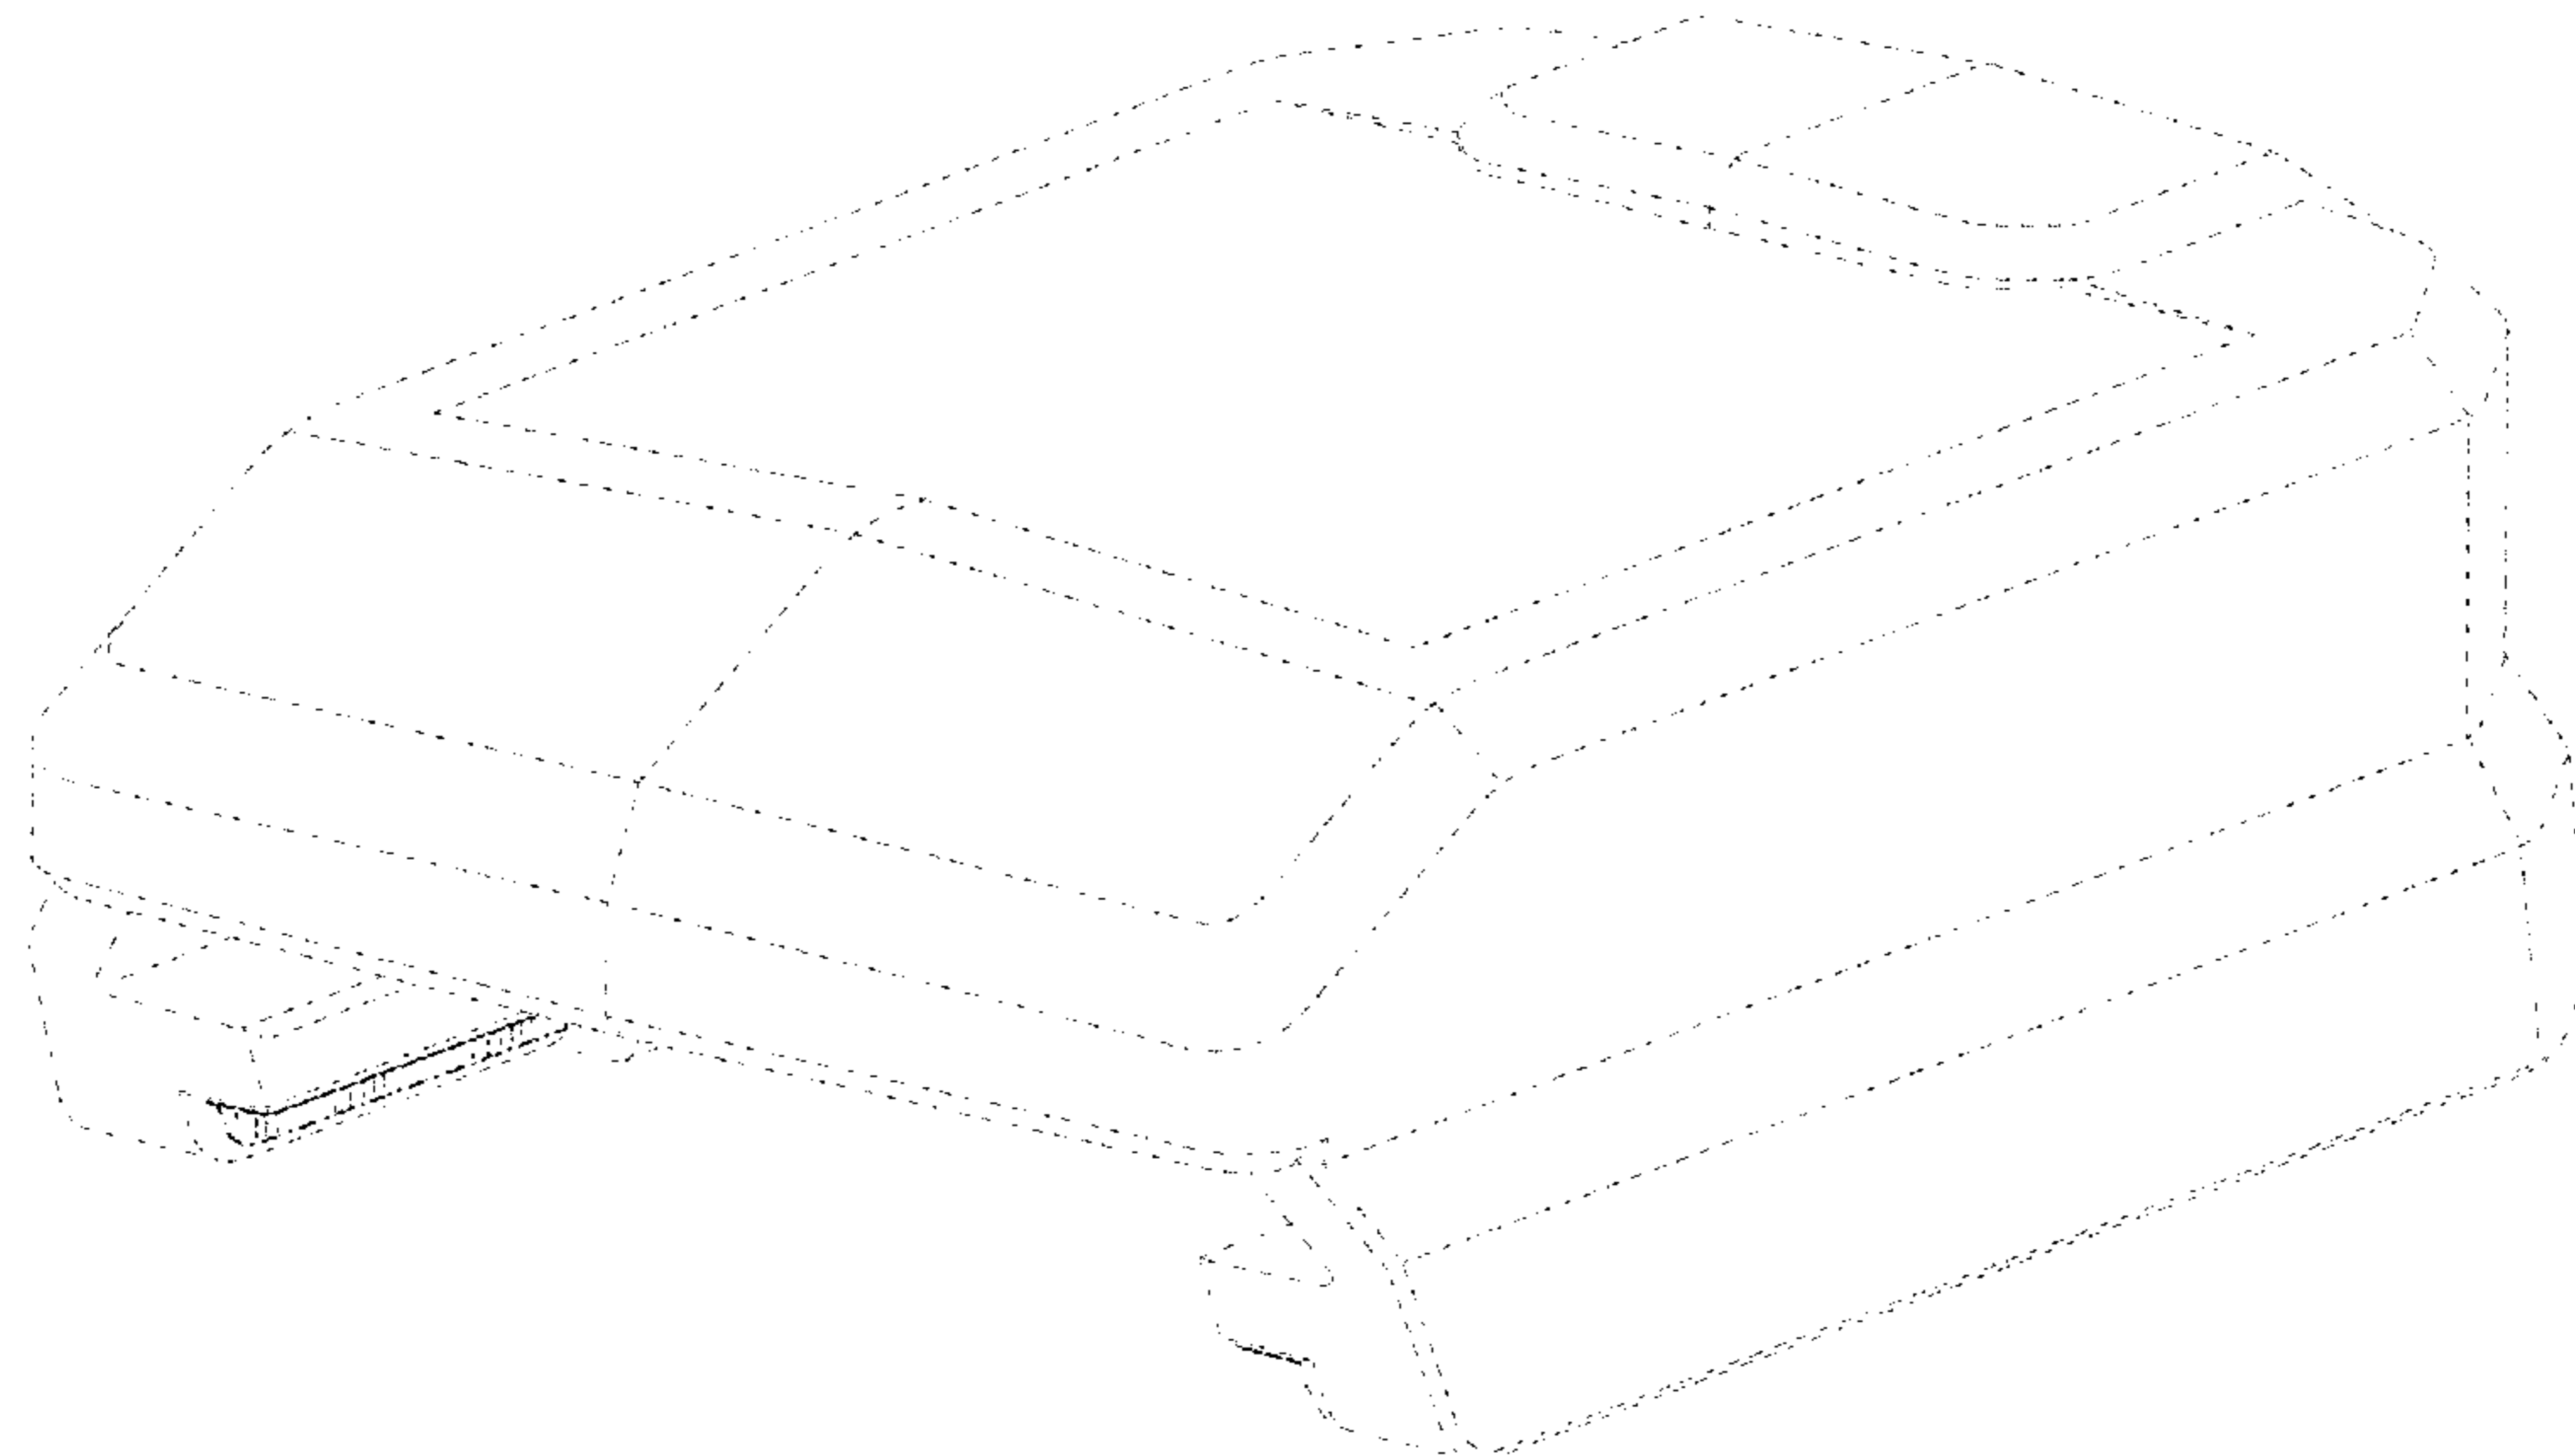

FIG. 6 is a front view of the interface of charger shown in FIG. 1; and,

FIG. 7 is a bottom view of the interface of charger shown in FIG. 1.

The even broken lines represent portions of the article that form no part of the claimed design. The uneven broken lines represent boundaries of the design and form no part of the claimed design.

With respect to FIGS. 1-7, the claimed interface is not visible in the orthogonal rear and orthogonal top views, which are therefore omitted.
