(57) **CLAIM**

The ornamental design for a display screen with animated graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a first image in a sequence of a display screen with an animated graphical user interface, showing the new design;

FIG. 2 is a second image thereof;

FIG. 3 is a third image thereof; and,

FIG. 4 is a fourth image thereof.

The solid line rectangle immediately surrounding the black rectangle shows the display screen and forms part of the claimed design. All broken lines outside the display screen show portions of a device. All broken lines inside the display screen show portions of the graphical user interface. None of the aforementioned broken lines form part of the claimed design.

The appearance of the transitional image sequentially transitions between the images shown in FIGS. 1-4. The process or period in which one image transitions to another image forms no part of the claimed design.

1 Claim, 4 Drawing Sheets
