(57) **CLAIM**

The ornamental design for a trolling motor foot pedal, as shown and described.

**DESCRIPTION**

FIG. 1 is a top plan view of a trolling motor foot pedal according to my new and ornamental design;  
 FIG. 2 is a bottom plan view thereof;  
 FIG. 3 is a left side elevation view thereof;  
 FIG. 4 is a right side elevation view thereof;  
 FIG. 5 is front elevation view thereof;  
 FIG. 6 is a back elevation view thereof;  
 FIG. 7 is a top perspective view thereof;  
 FIG. 8 is bottom perspective view thereof; and,  
 FIG. 9 is bottom perspective view thereof, showing a bottom portion of the trolling motor foot pedal separated from a top portion of the trolling motor foot pedal.

The top portion of the trolling motor foot pedal is shaded with lines to indicate that the top portion is made of a first material. The bottom portion of the trolling motor foot pedal is shaded with stippling to indicate that the bottom portion is made of a material other than the first material. The dash-dot lines separating portions of the trolling motor foot pedal shown in solid lines from portions of the trolling motor foot pedal shown in broken lines indicate boundaries of the claimed design and form no part of the claimed design. The portions of the trolling motor foot pedal shown in broken lines form no part of the claimed design. The dash-dot lines in FIG. 9 show how the parts of the trolling motor foot pedal are assembled together, and form no part of the claimed design.
