The outermost broken line in the figures depicts a display screen or portion thereof that forms no part of the claimed design. The remaining broken lines in the figures depict portions of the transitional graphical user interface that form no part of the claimed design. The appearance of the graphical user interface sequentially transitions between the images shown in FIGS. 1-2, 3-4, 5-6, 7-8 and 9-10. The process or period in which one image transitions to another forms no part of the claimed design.
