(57) CLAIM

The ornamental design for a display screen or portion thereof with a graphical user interface, as shown and described.

DESCRIPTION

The FIGURE is a front view of a display screen or portion thereof with a graphical user interface showing our new design.

The outermost broken lines show a display screen or portion thereof and form no part of the claimed design. The remain-

(Continued)

ing broken lines show elements of the graphical user inter-
face that form no part of the claimed design.
