(57) **CLAIM**

The ornamental design for a display screen or portion thereof with animated graphical user interface, as shown and described.

DESCRIPTION

5.1 is a first image of a display screen or portion thereof with animated graphical user interface showing the new design in a first embodiment;

5.2 is a second image thereof;

5.3 is a third image thereof;

6.1 is a first image of a display screen or portion thereof with animated graphical user interface showing the new design in a second embodiment;

6.2 is a second image thereof; and

6.3 is a third image thereof.

The appearance of the transitional image sequentially transitions between the images shown in reproductions **5.1-5.3** and reproductions **6.1-6.3** respectively. The process or period in which one image transitions to another image forms no part of the claimed design.

The outermost broken line rectangle showing a display screen as well as the remaining broken lines showing portions of the animated graphical user interface, form no part of the claimed design.
