(57) **CLAIM**

The ornamental design for a display screen or portion thereof with a graphical user interface, as shown and described.

**DESCRIPTION**

The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the Office upon request and payment of the necessary fee.

The FIGURE is a front view of a display screen or portion thereof with a graphical user interface showing our new design.

In the FIGURE, the outermost broken lines including alternating long and short dashes forming a frame around the graphical user interface are for the purpose of illustrating a display screen or a portion thereof that forms no part of the claimed design.

The white/empty space around and between the shown indicia forms no part of the claimed design.
