(57) **CLAIM**

The ornamental design for a padding suspension system for a combat/tactical helmet, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a padding suspension system for a combat/tactical helmet according to the present invention.

FIG. 2 is a front view of the padding suspension system for a combat/tactical helmet shown in FIG. 1;

FIG. 3 is a rear view thereof;

FIG. 4 is a left side view of the present invention. The right side view is a mirror image thereof;

FIG. 5 is a top view thereof; and,

FIG. 6 is a bottom view thereof.

The broken lines in the drawings depicting a combat/tactical helmet shell represent environmental subject matter that forms no part of the claimed design.
