(57) **CLAIM**

The ornamental design for a windshield for portable stove, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of a first embodiment of a windshield for portable stove showing my new design; FIG. 2 is a front elevational view thereof; FIG. 3 is a rear elevational view thereof; FIG. 4 is a left side elevational view thereof, a right side elevational view thereof being a mirror image; FIG. 5 is a top plan view thereof; and FIG. 6 is a bottom plan view thereof.

FIG. 7 is a front elevational view thereof wherein the engagement members of the left side are disengaged from the slits of the right side and the circular body shown in FIGS. 1-6 is flattened.

FIG. 8 is a perspective view of a second embodiment of a windshield for portable stove showing my new design; FIG. 9 is a front elevational view thereof; FIG. 10 is a rear elevational view thereof; FIG. 11 is a left side elevational view thereof, a right side elevational view thereof being a mirror image;

FIG. 12 is a top plan view thereof; and FIG. 13 is a bottom plan view thereof; and, FIG. 14 is a front elevational view thereof wherein the engagement members of the left side are disengaged from the slits of the right side and the circular body shown in FIGS. 8-13 is flattened.

The even-dash broken lines illustrating portions of the windshield for portable stove form no part of the claimed design. The dot-dash broken lines defining the boundaries of the claimed design form no part of the claimed design.
