(57) **CLAIM**

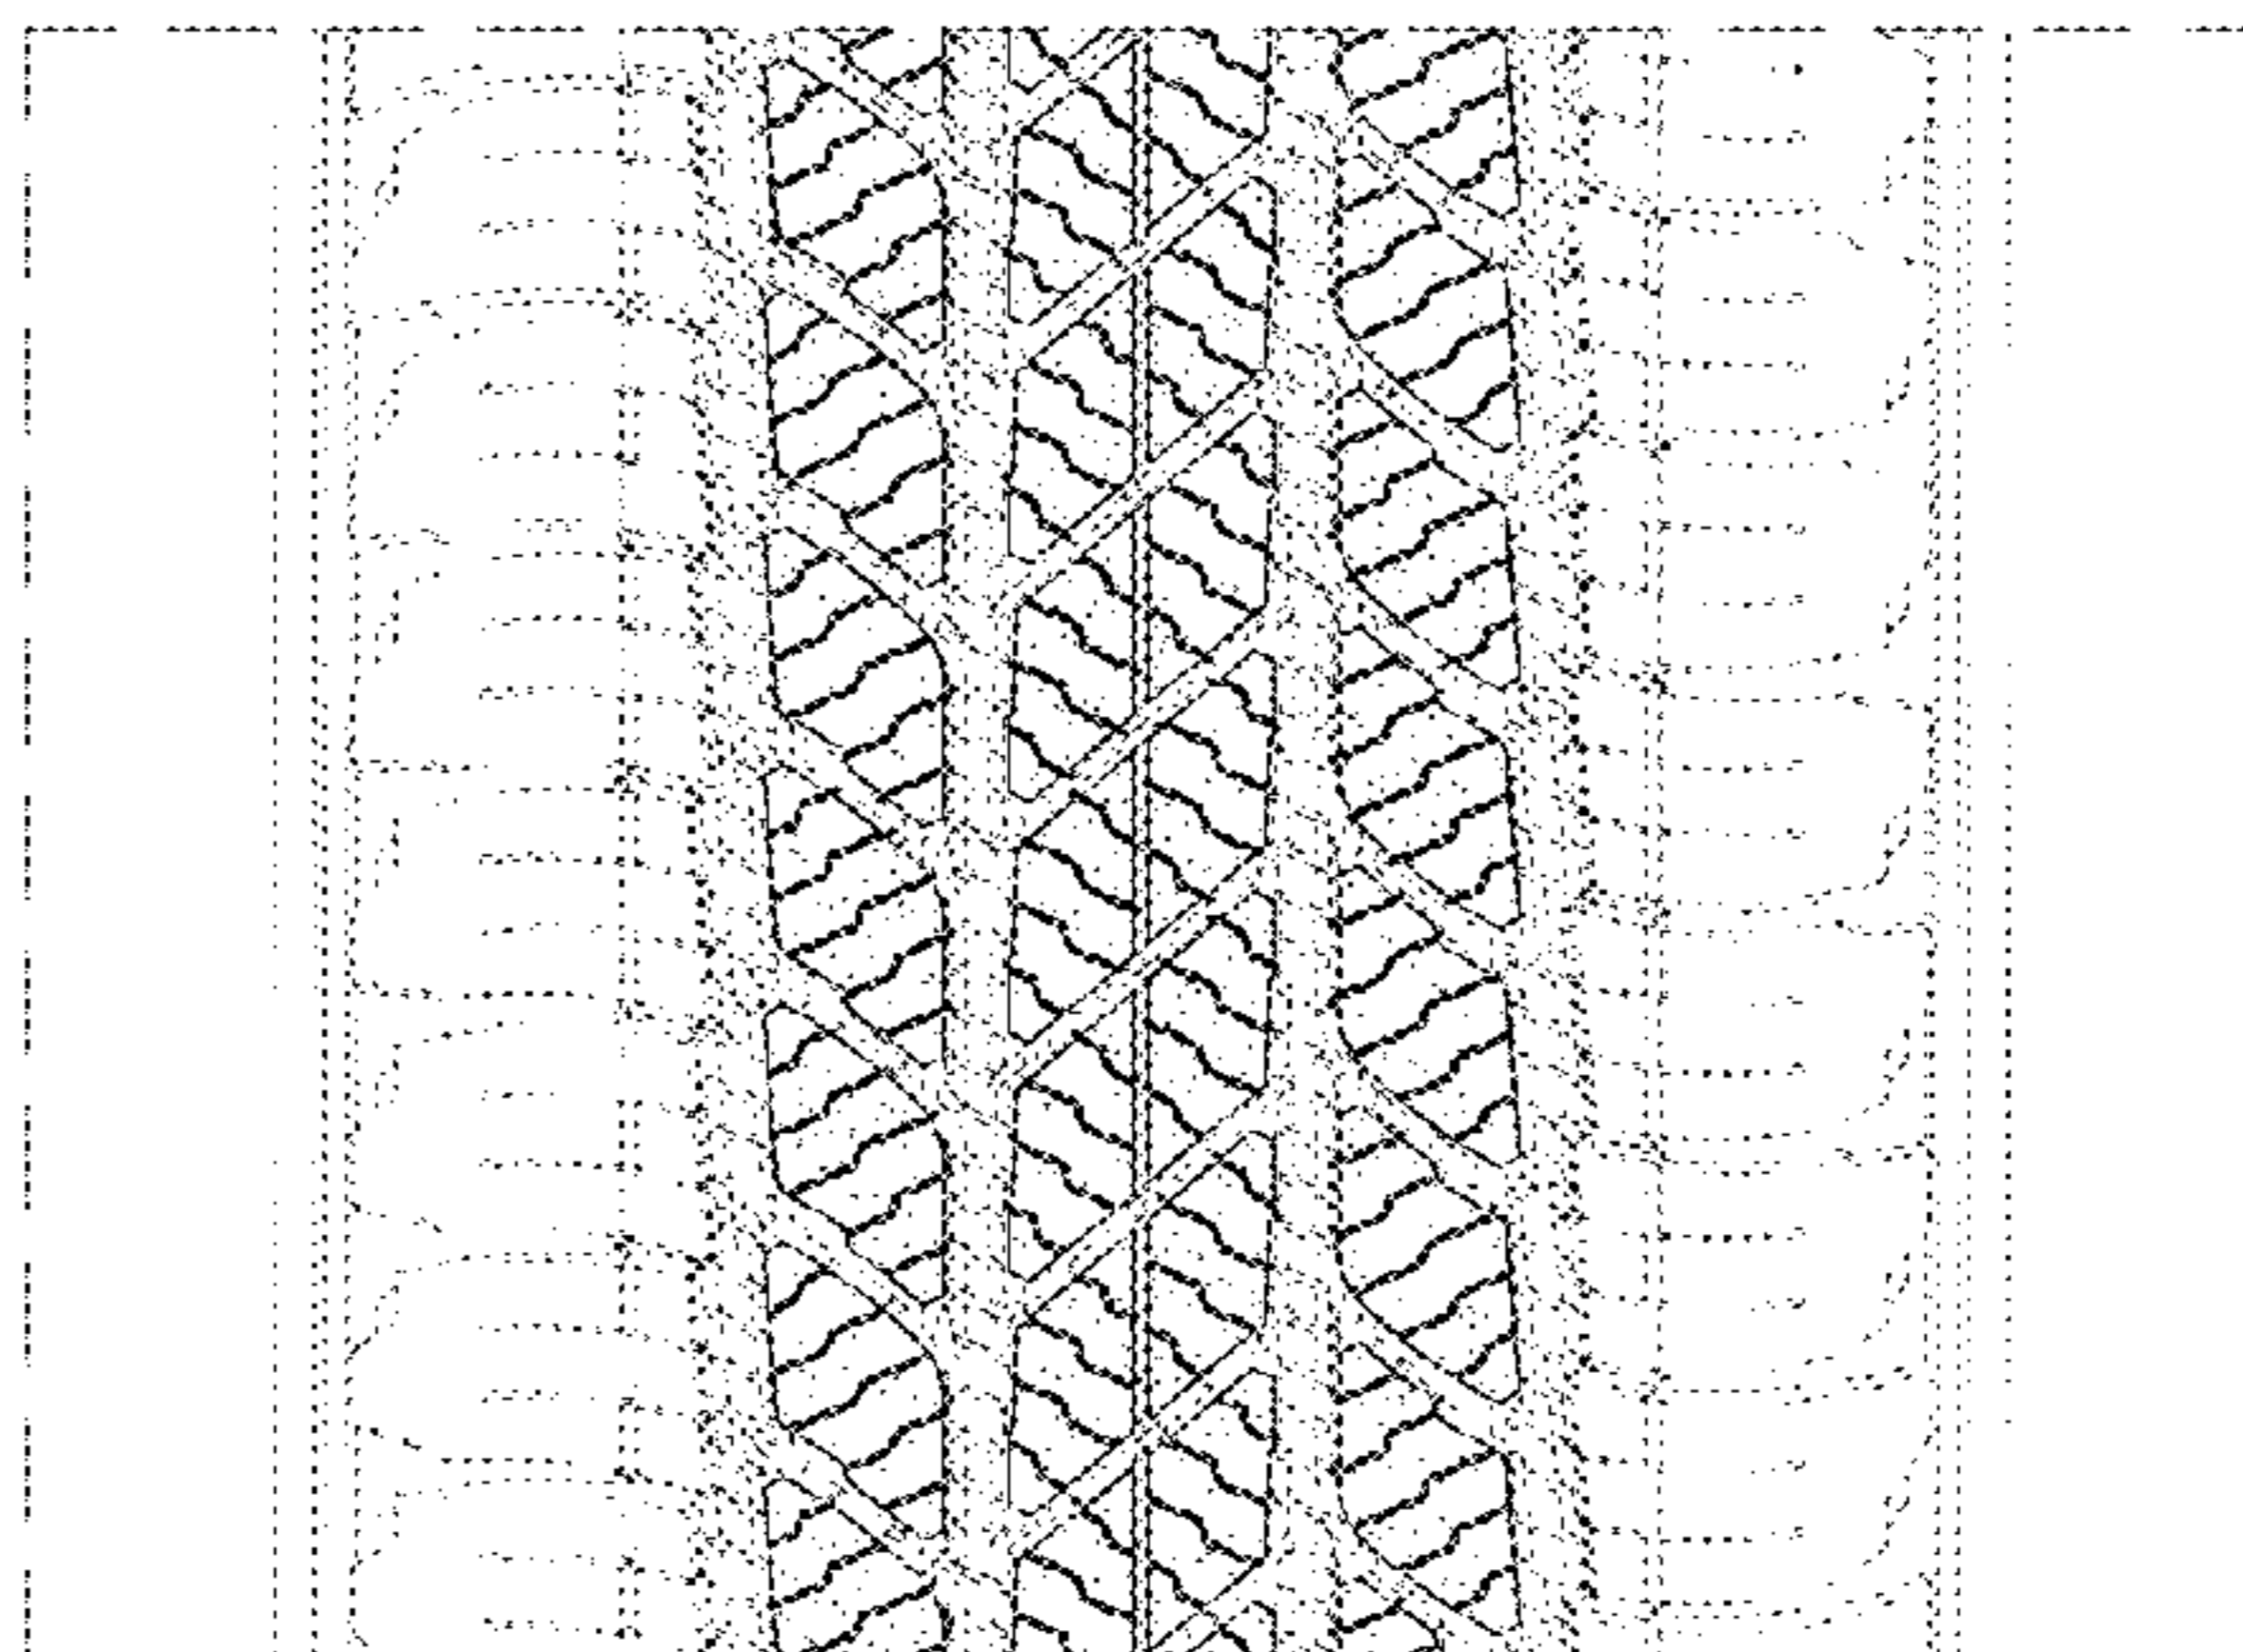

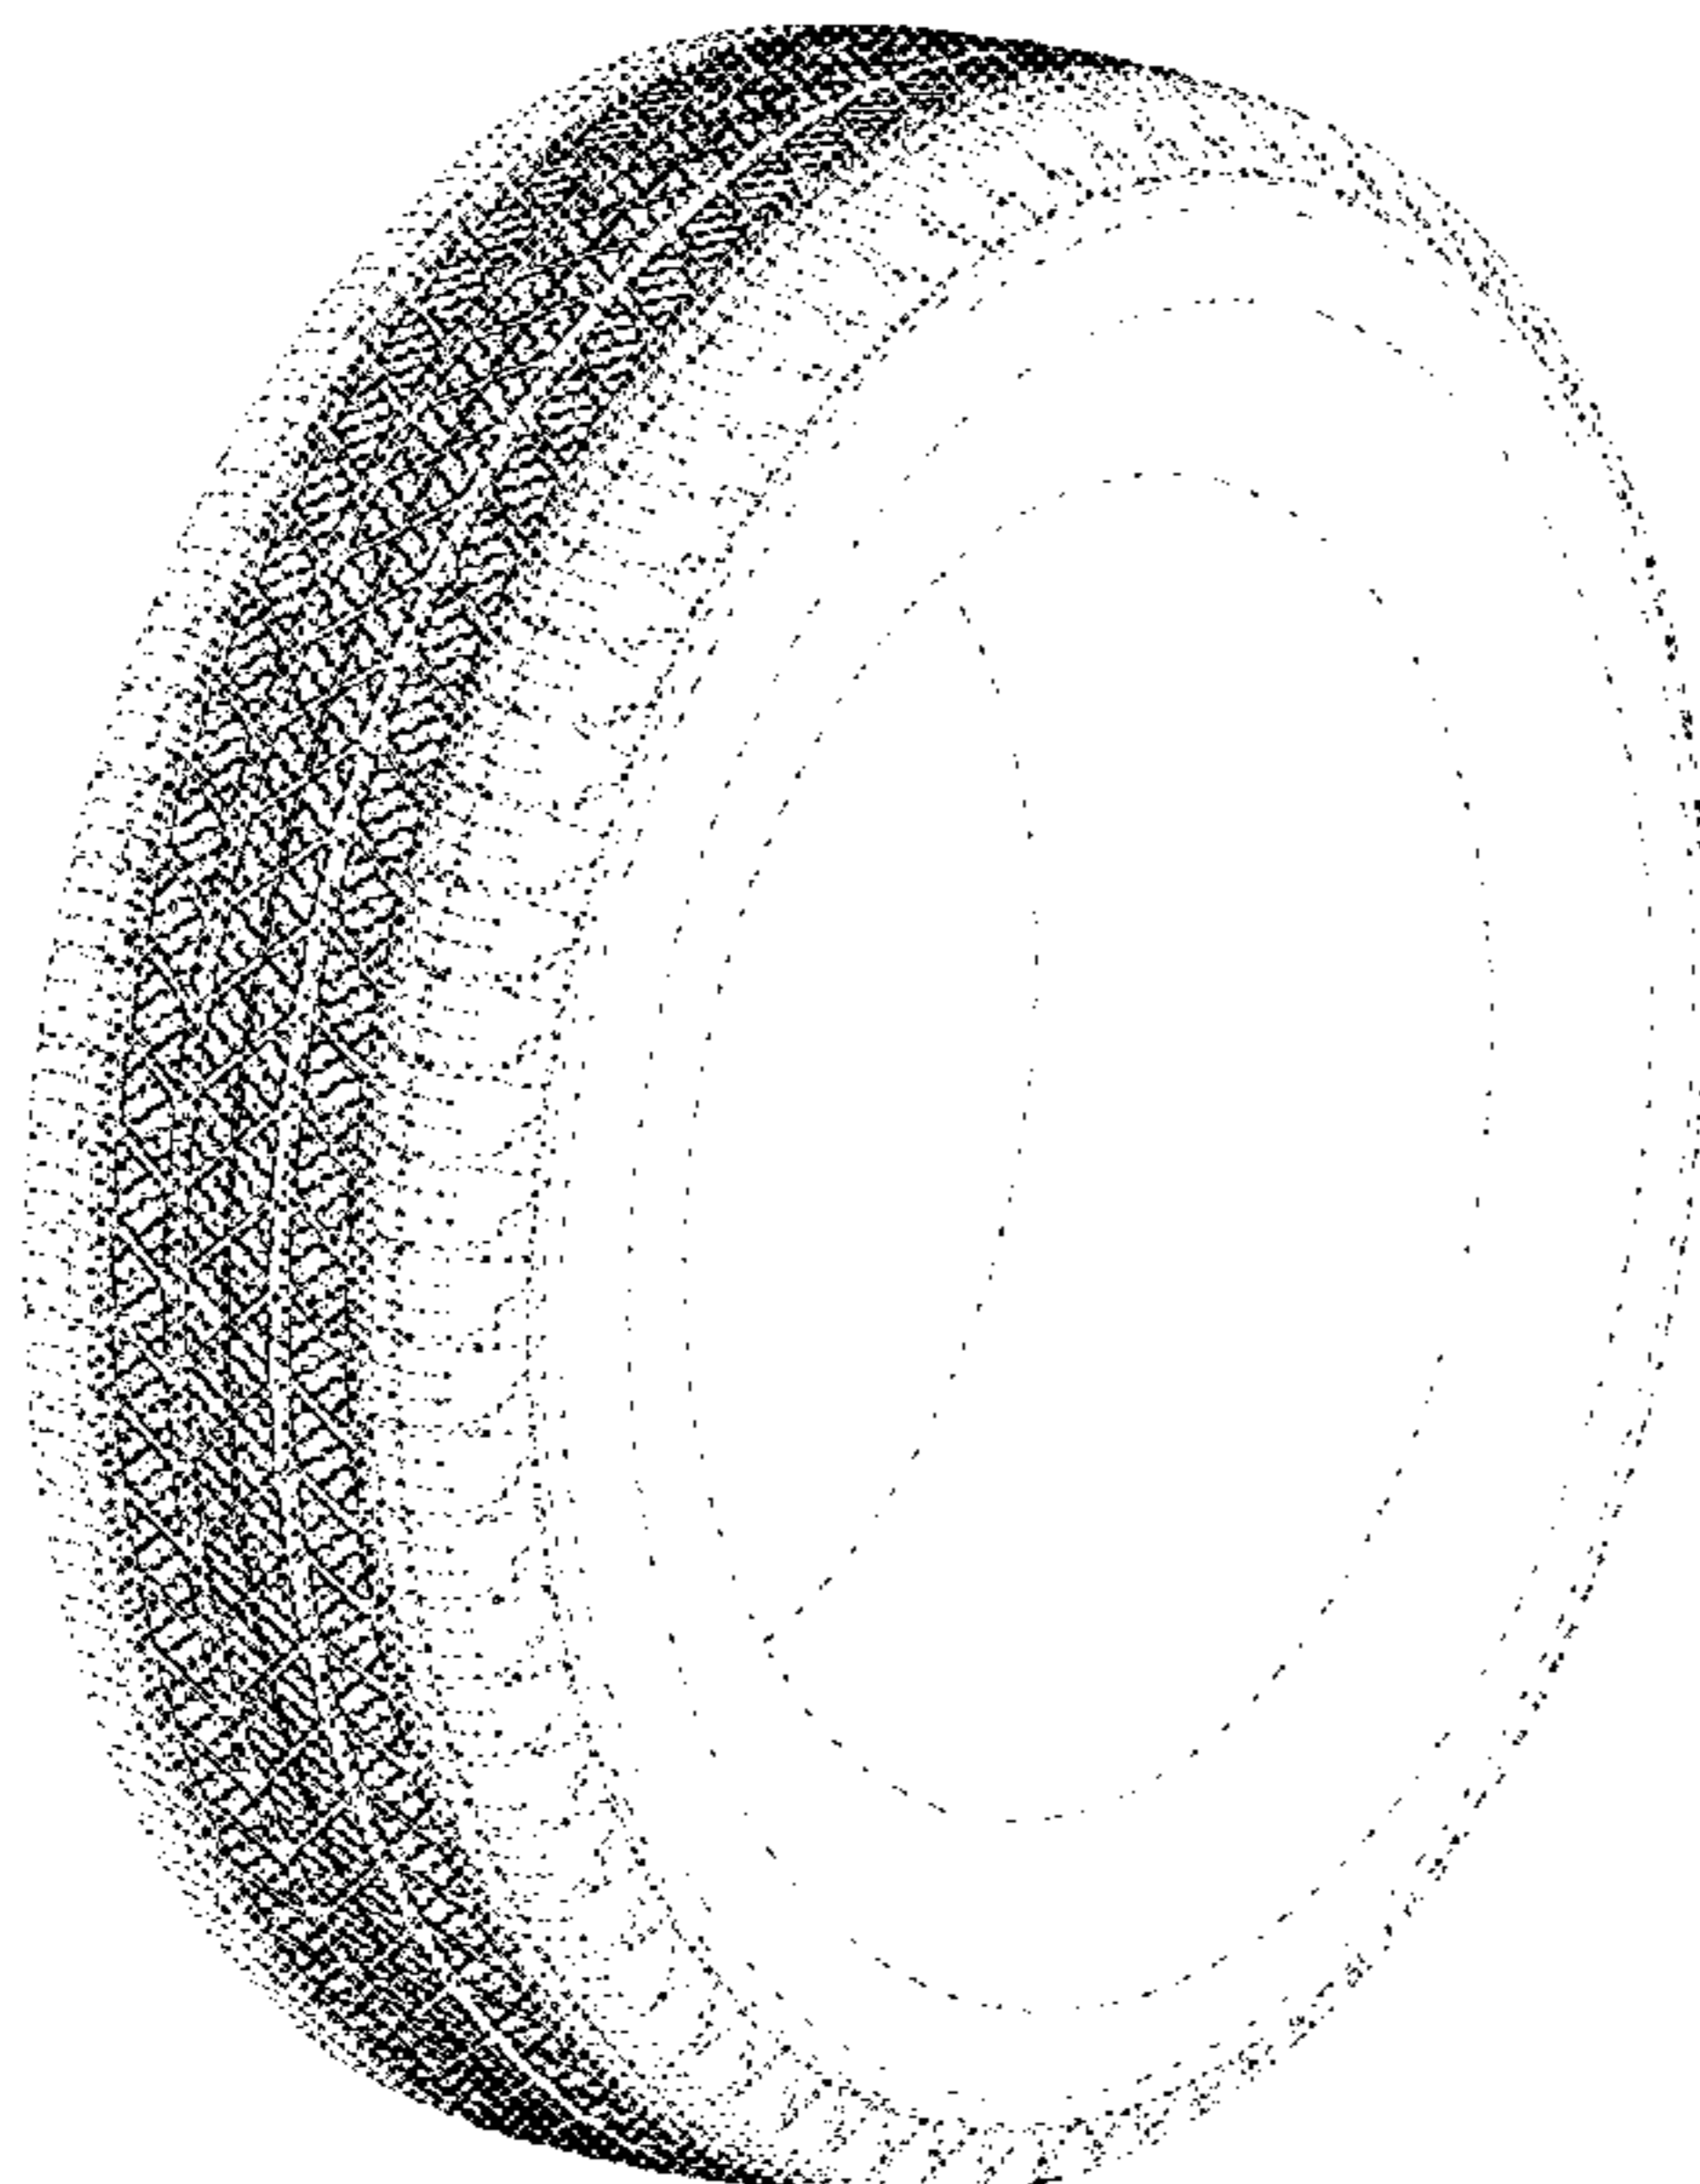

The ornamental design for a tire, as shown and described.

DESCRIPTION

FIG. 1 is a side perspective view of a tire showing our new design, it being understood that the tread pattern is repeated throughout the circumference of the tire;
FIG. 2 is a front elevational view thereof; it being understood that the tread pattern is repeated throughout the circumference of the tire;
FIG. 3 is a side elevational view of the left side thereof;
FIG. 4 is a side elevational view of the right side thereof; and,
FIG. 5 is an enlarged fragmentary front elevational view thereof.
In the drawings, the shorter broken lines depict portions of the tire that form no part of the claimed design. The longer broken lines in FIG. 2 are for the purpose of demarcating the enlarged view depicted in FIG. 5 and form no part of the claimed design.
