(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

The file of this patent contains at least one drawing executed in color. Copies of this patent with color drawings will be provided by the United States Patent and Trademark Office upon request and payment of the necessary fee.
The sole FIGURE is a front view of a display screen with graphical user interface according to the design.
The broken lines illustrate portions of the display screen with graphical user interface that form no part of the claimed design. The broken line showing of the display monitor is provided for the purpose of illustrating environmental structure and forms no part of the claimed design. All other broken lines showing text of the graphical user interface form no part of the claimed design.
