(57) **CLAIM**

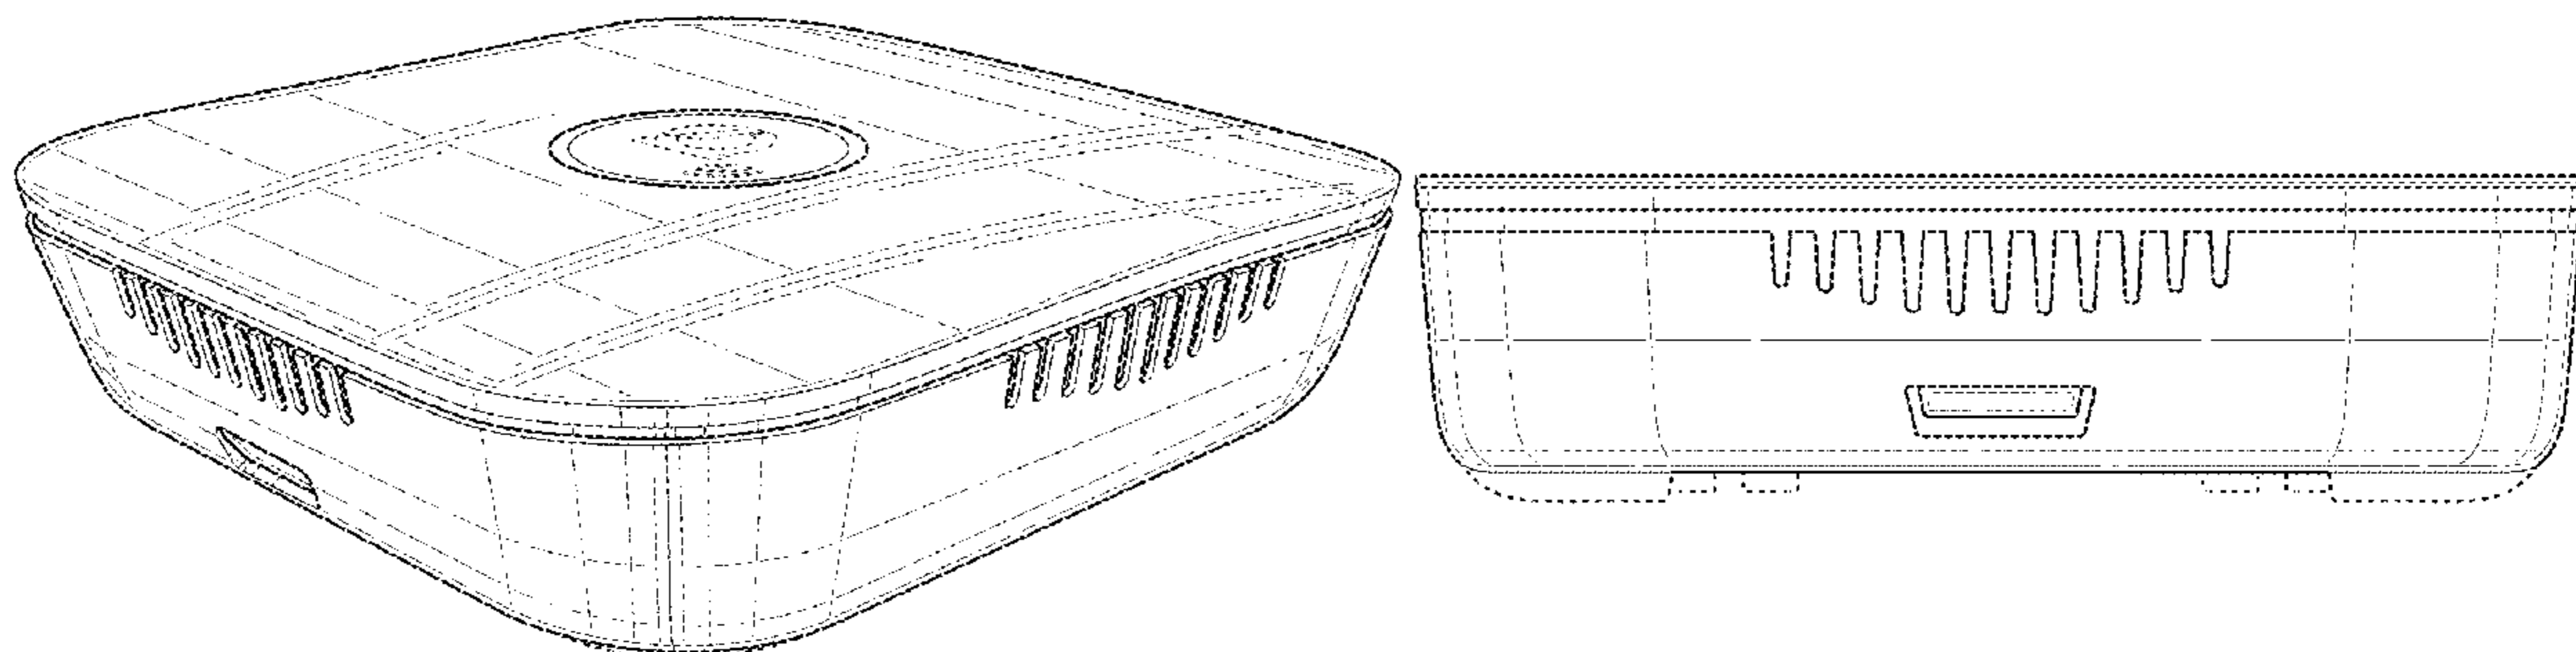

The ornamental design of an electronics case for wireless control manager, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of the electronics case for wireless control manager viewed from above at an angle of about thirty degrees from horizontal; FIG. 2 is a perspective view of the electronics case for wireless control manager viewed from above at an angle of about forty-five degrees from horizontal; FIG. 3 is a top view of the electronics case for wireless control manager; FIG. 4 is a bottom view of the electronics case for wireless control manager; FIG. 5 is a front side view of the electronics case for wireless control manager; FIG. 6 is a rear side view of the electronics case for wireless control manager; FIG. 7 is a right side view of the electronics case for wireless control manager; and, FIG. 8 is a left side view of the electronics case for wireless control manager.

The uniformly dashed broken lines in the drawings depict portions of the electronics case for wireless control manager that form no part of the claimed design.
