(57) **CLAIM**

What is claimed is an ornamental design for a display screen with graphical user interface for live video sharing, as shown and described herein.

DESCRIPTION

The FIGURE is a front view of a display screen with graphical user interface for live video sharing. The broken lines showing an electronic device illustrate environmental subject matter, whereas the broken lines showing a display screen and elements of the graphical user interface illustrate portions of the article. The broken lines do not form part of the claimed design.
