(57) **CLAIM**

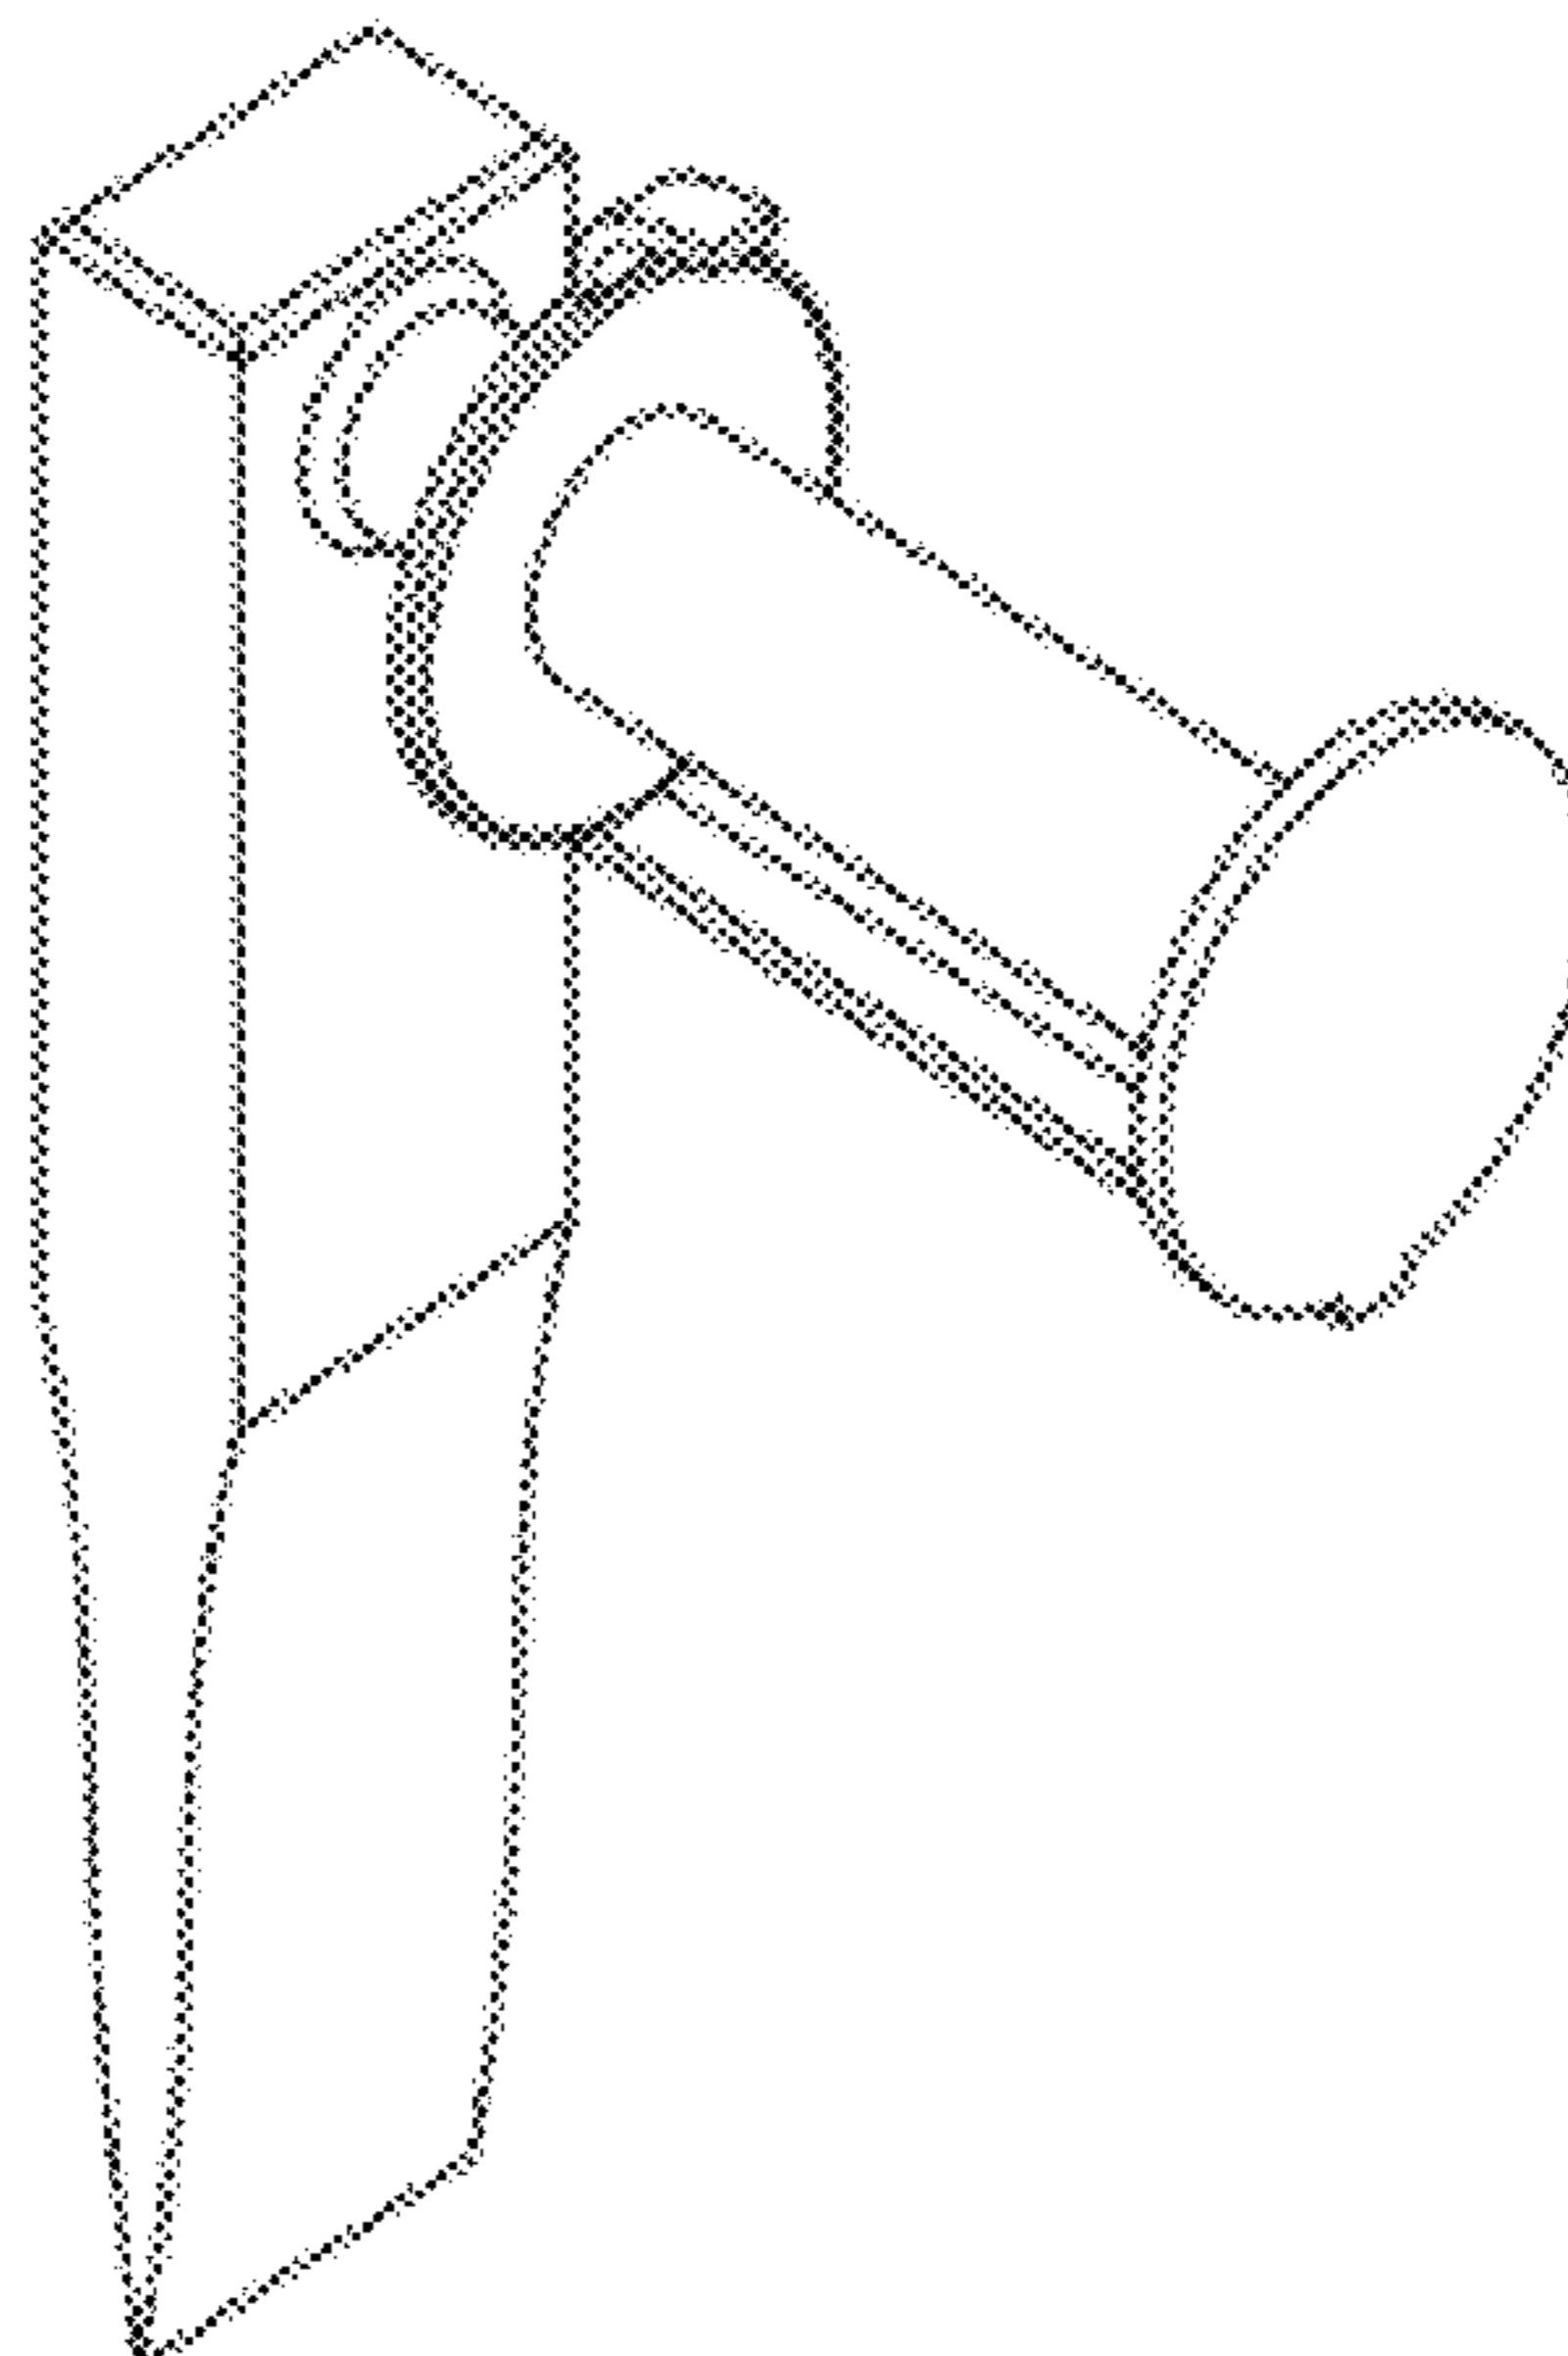

The ornamental design for a wood splitting wedge, as shown and described.

DESCRIPTION

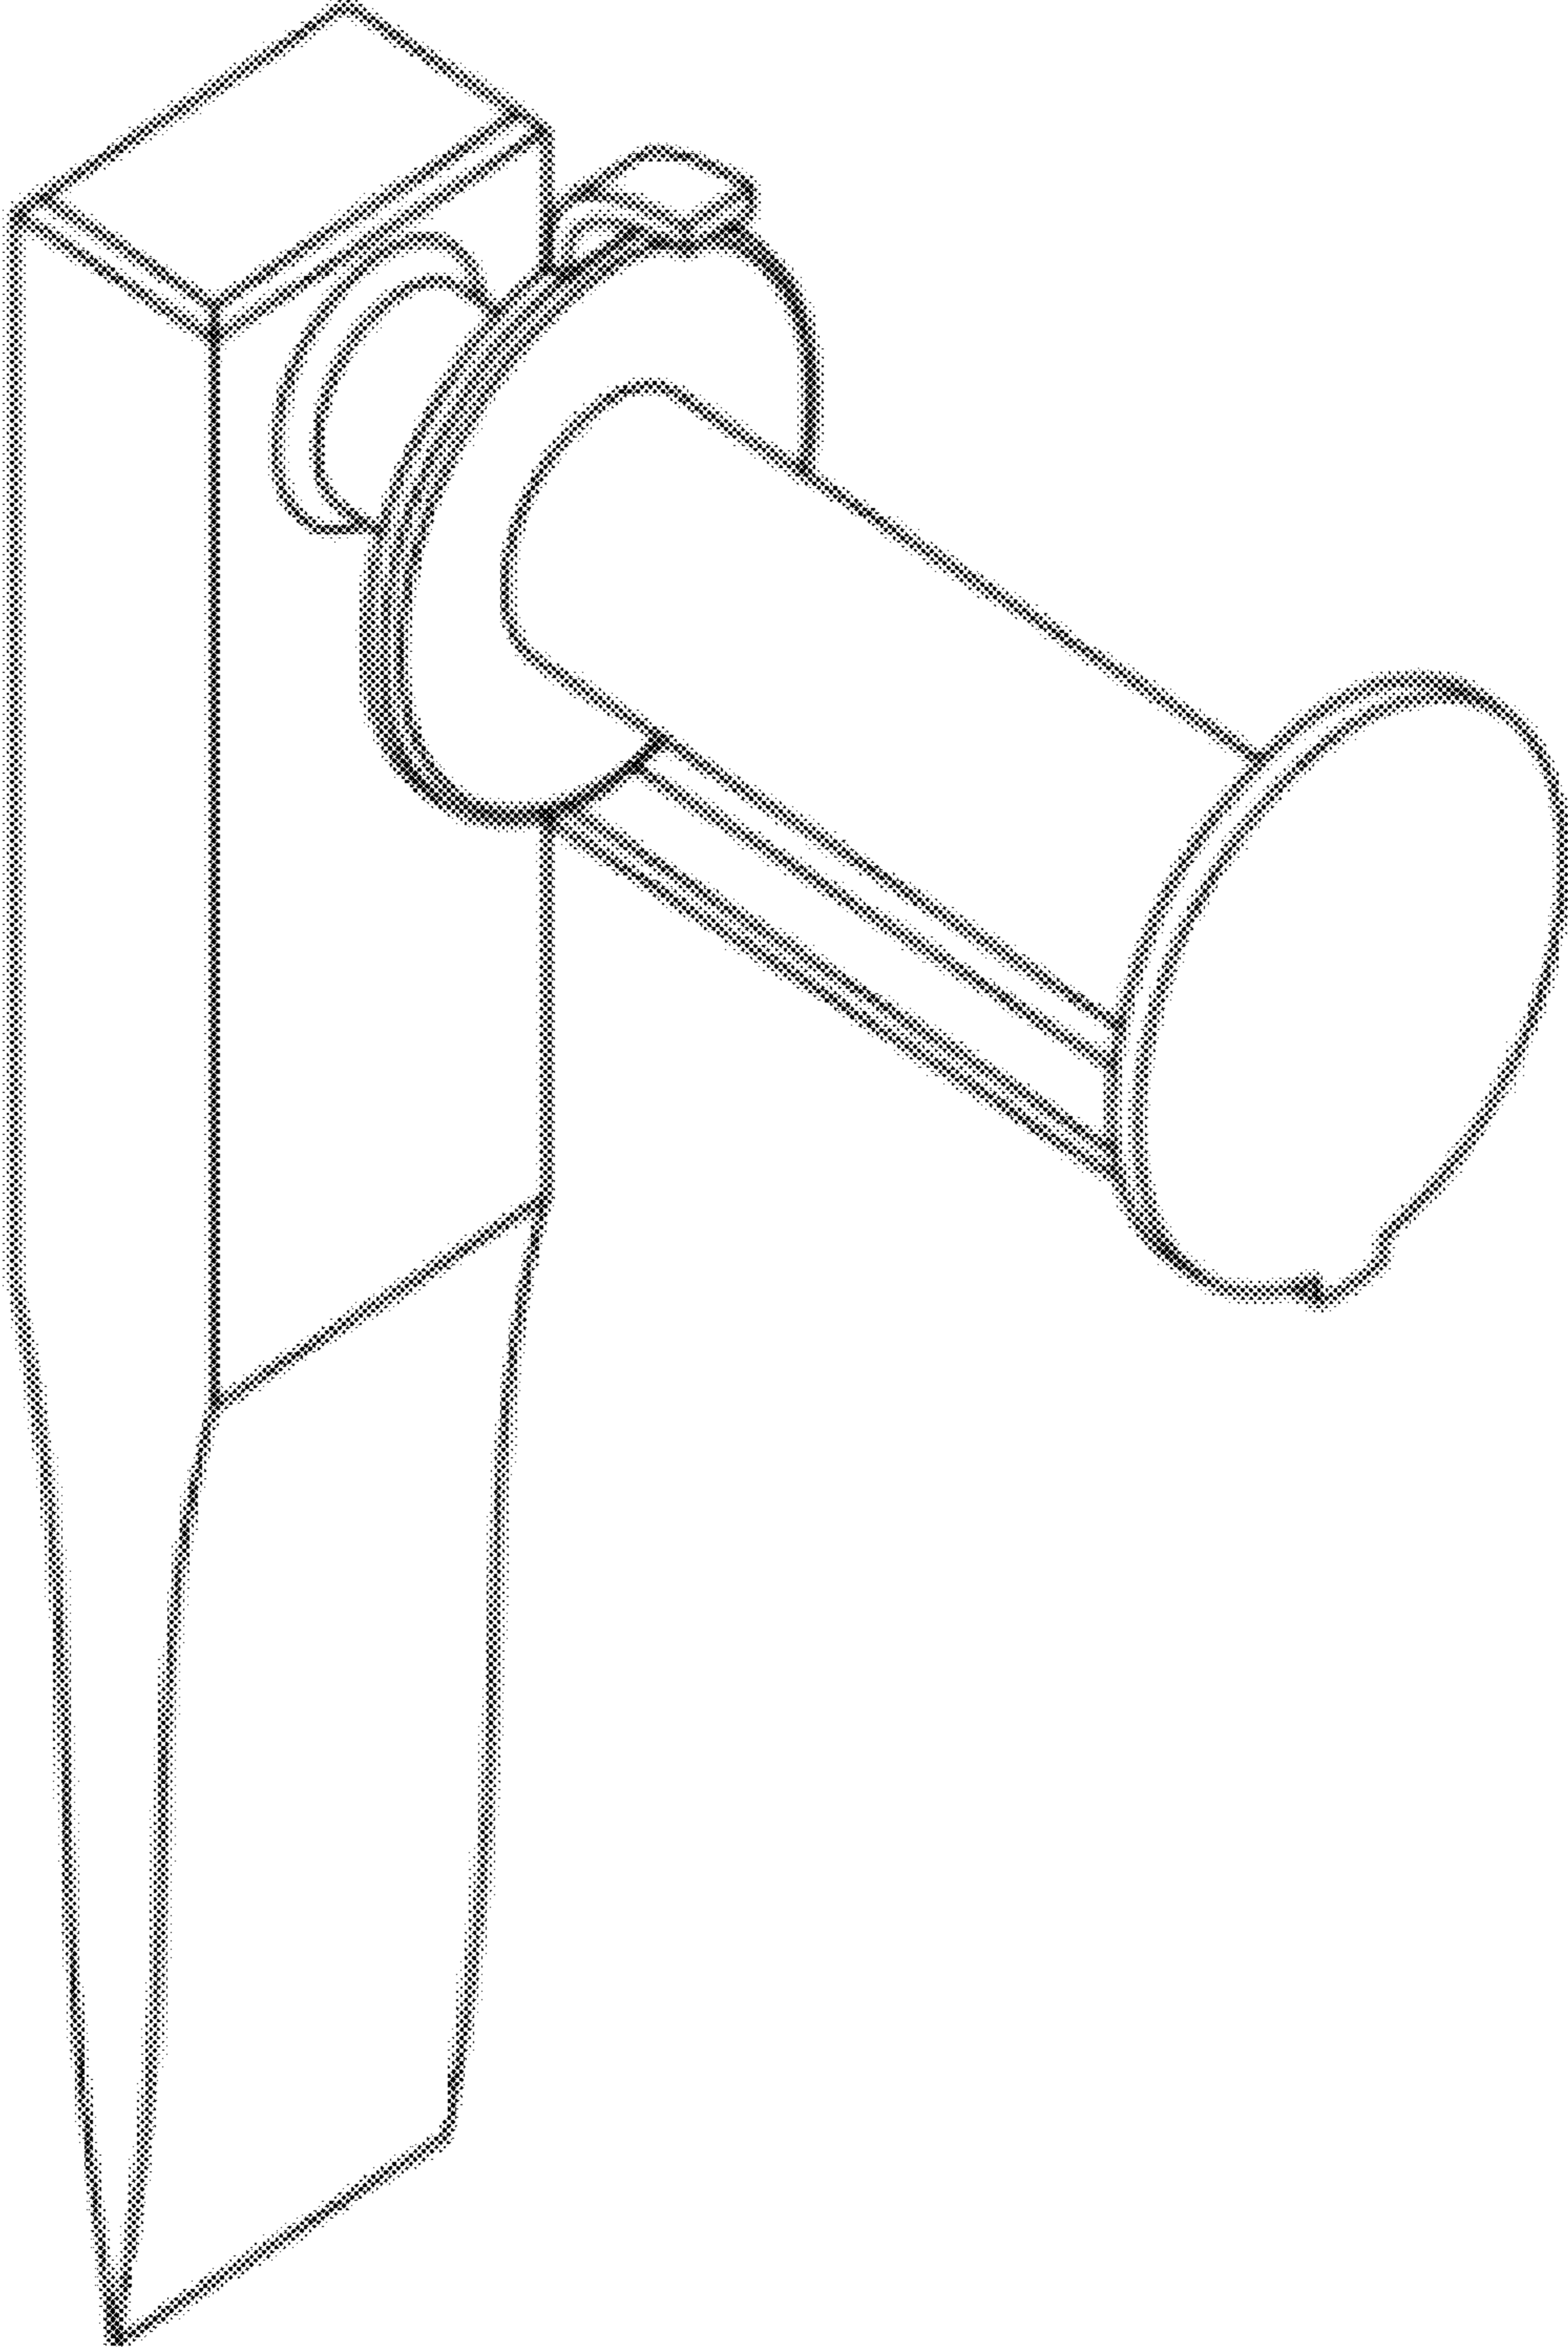

- 1. Wood splitting wedge
- 1.1 : Perspective
- 1.2 : Bottom
- 1.3 : Right
- 1.4 : Left
- 1.5 : Top
- 1.6 : Front

The design of a wood splitting tool claimed according to the 6 views is characterized by a handle with a hand guard which does not attach to the wedge at its front or back as usual, but to the side; the rear view of the wood splitting tool is reversed to the front view, but otherwise identical and therefore omitted.
