See application file for complete search history.

(57) **CLAIM**

We claim the ornamental design for a display screen with a graphical user interface, as shown and described.

**DESCRIPTION**

The file of this patent contains at least one drawing executed in color. Copies of this patent with color drawings will be provided by the Office upon request and payment of the necessary fee.

The sole FIGURE is a front view of a display screen with a graphical user interface.

The features shown in broken lines depict environmental subject matter only and form no part of the claimed design.
