(57) **CLAIM**

The ornamental design for an inspection port assembly, as shown and described.

DESCRIPTION

FIG. 1 shows a top, front, right perspective view of the inspection port assembly shown fully assembled;

FIG. 2 shows top plan view with the top insert removed showing the interior bottom portion of the inspection port assembly;

FIG. 3 shows a bottom plan view of the inspection port assembly;

FIG. 4 shows a front elevation view of the disassembled bottom portion only of the inspection port assembly;

FIG. 5 shows a right side elevation view of the disassembled bottom portion only of the inspection port assembly;

FIG. 6 shows an exploded view of FIG. 1 showing the top of the insert disassembled and the top interior of the bottom portion of the inspection port assembly;

FIG. 7 shows an alternate exploded view showing the bottom of the inspection port and the bottom of the disassembled insert.

FIG. 8 shows a top plan view of the disassembled top insert portion of the inspection port assembly;

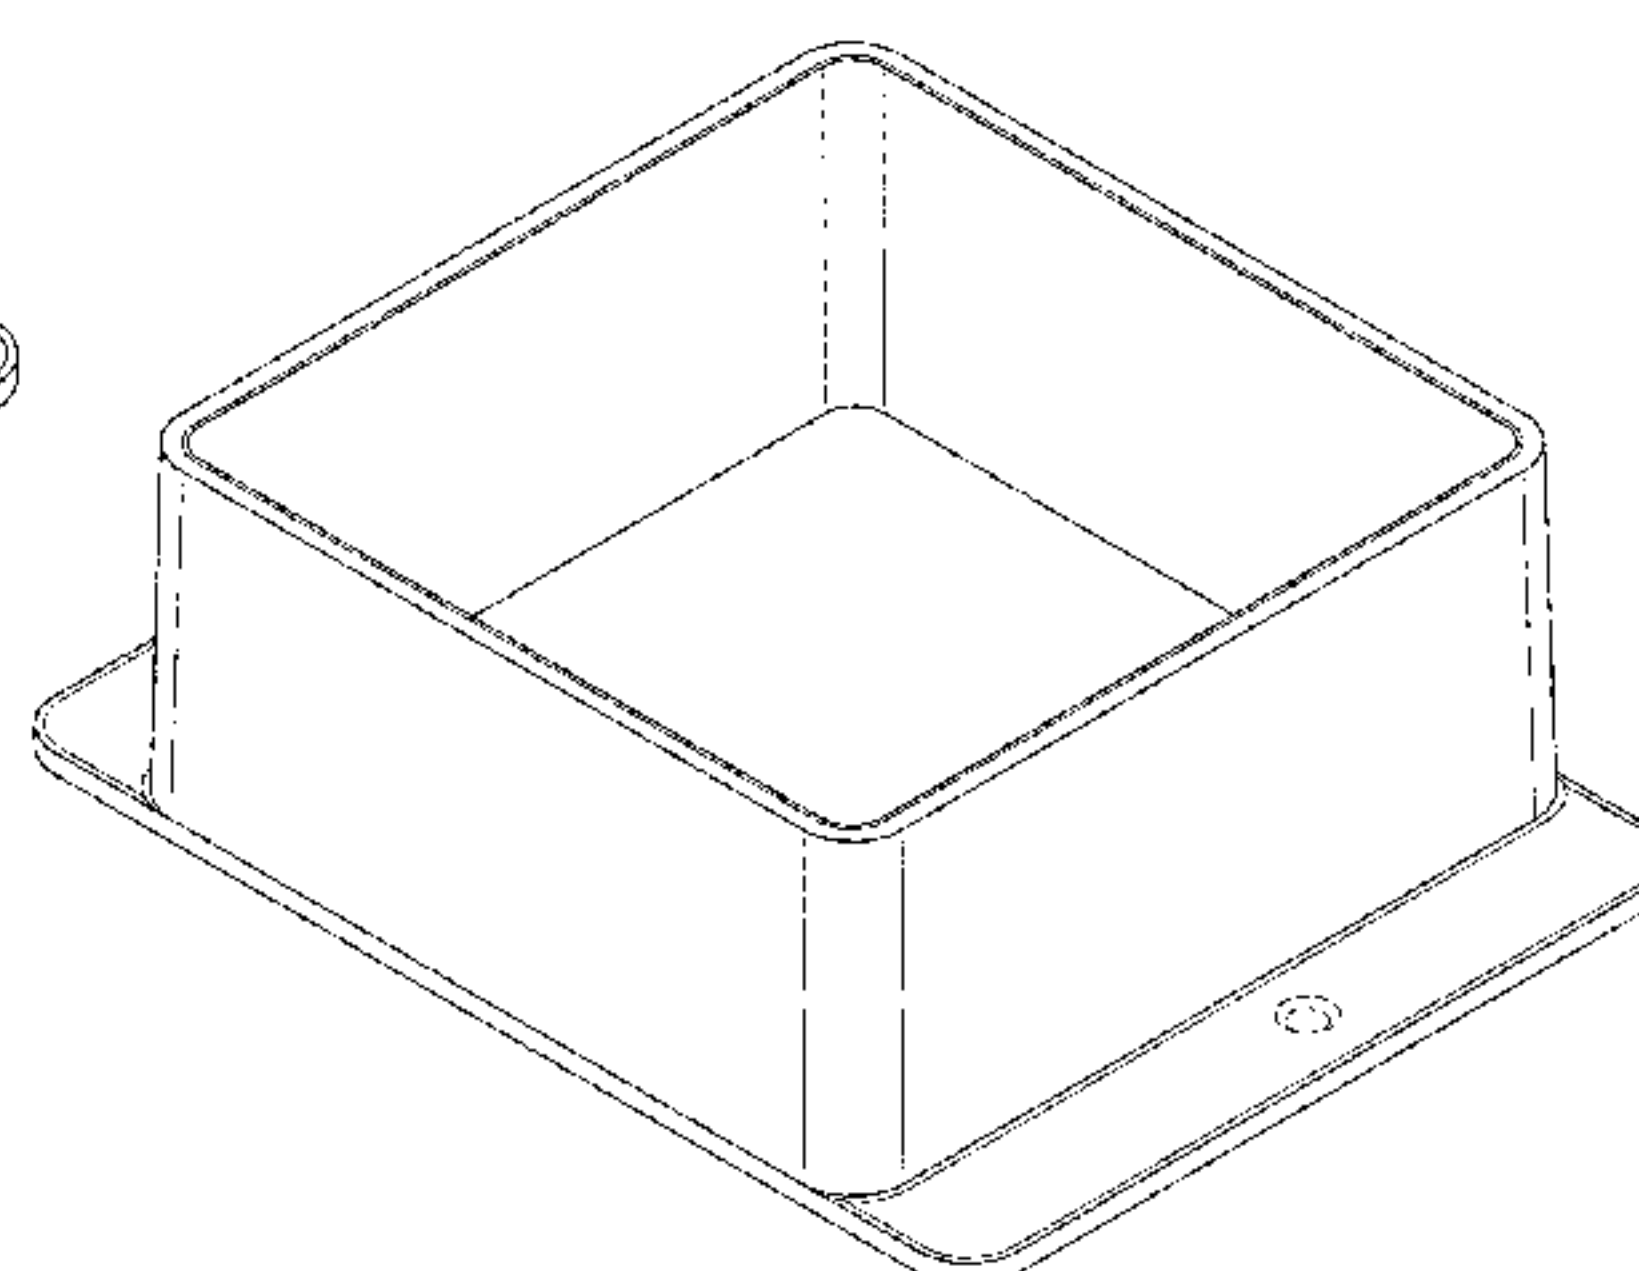

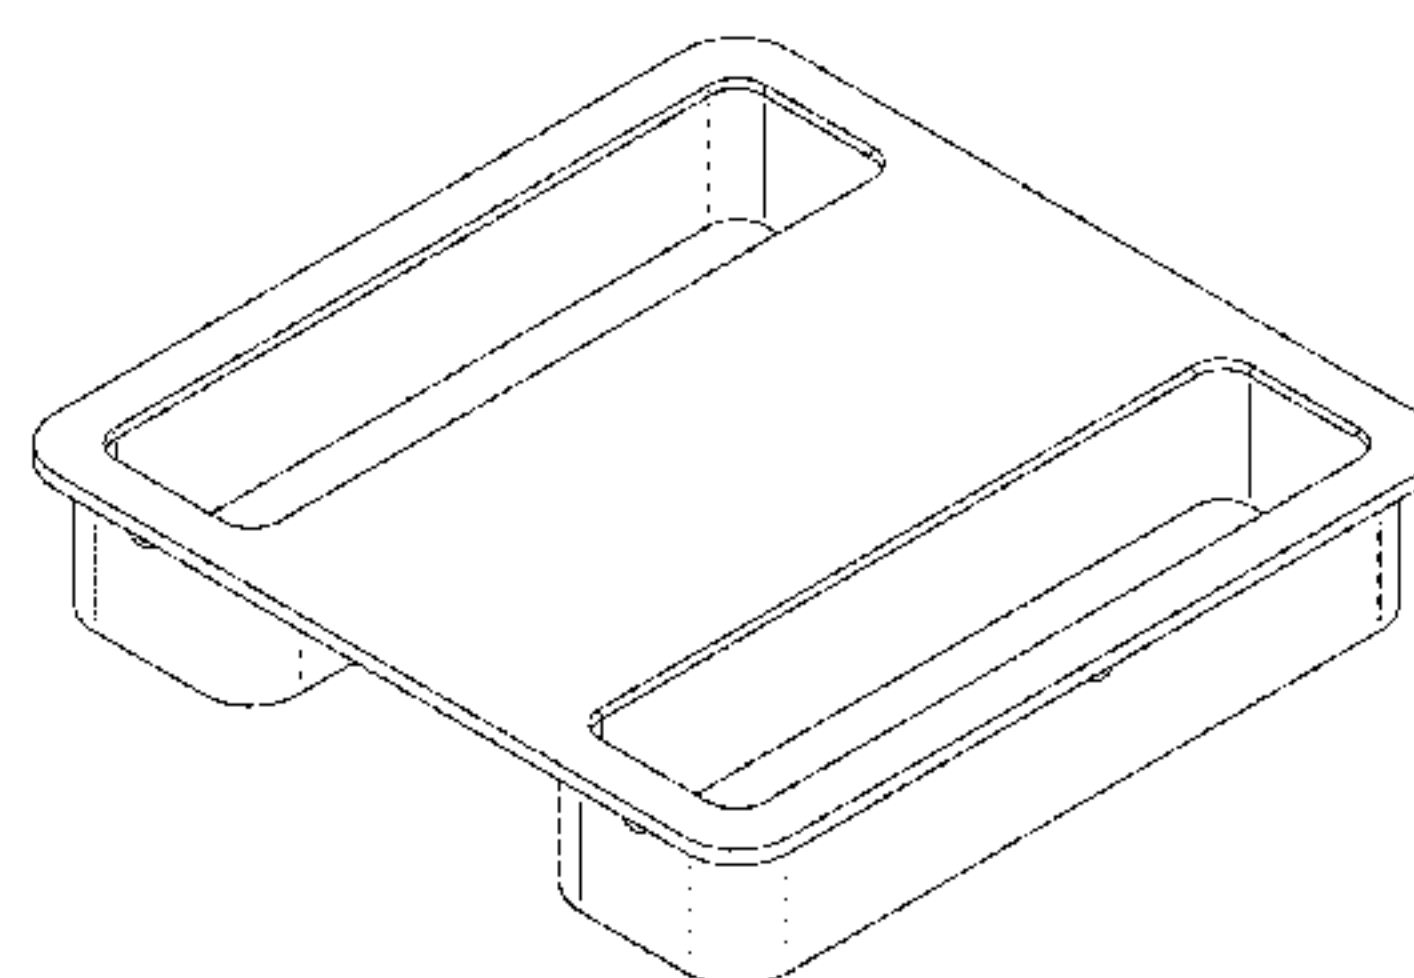

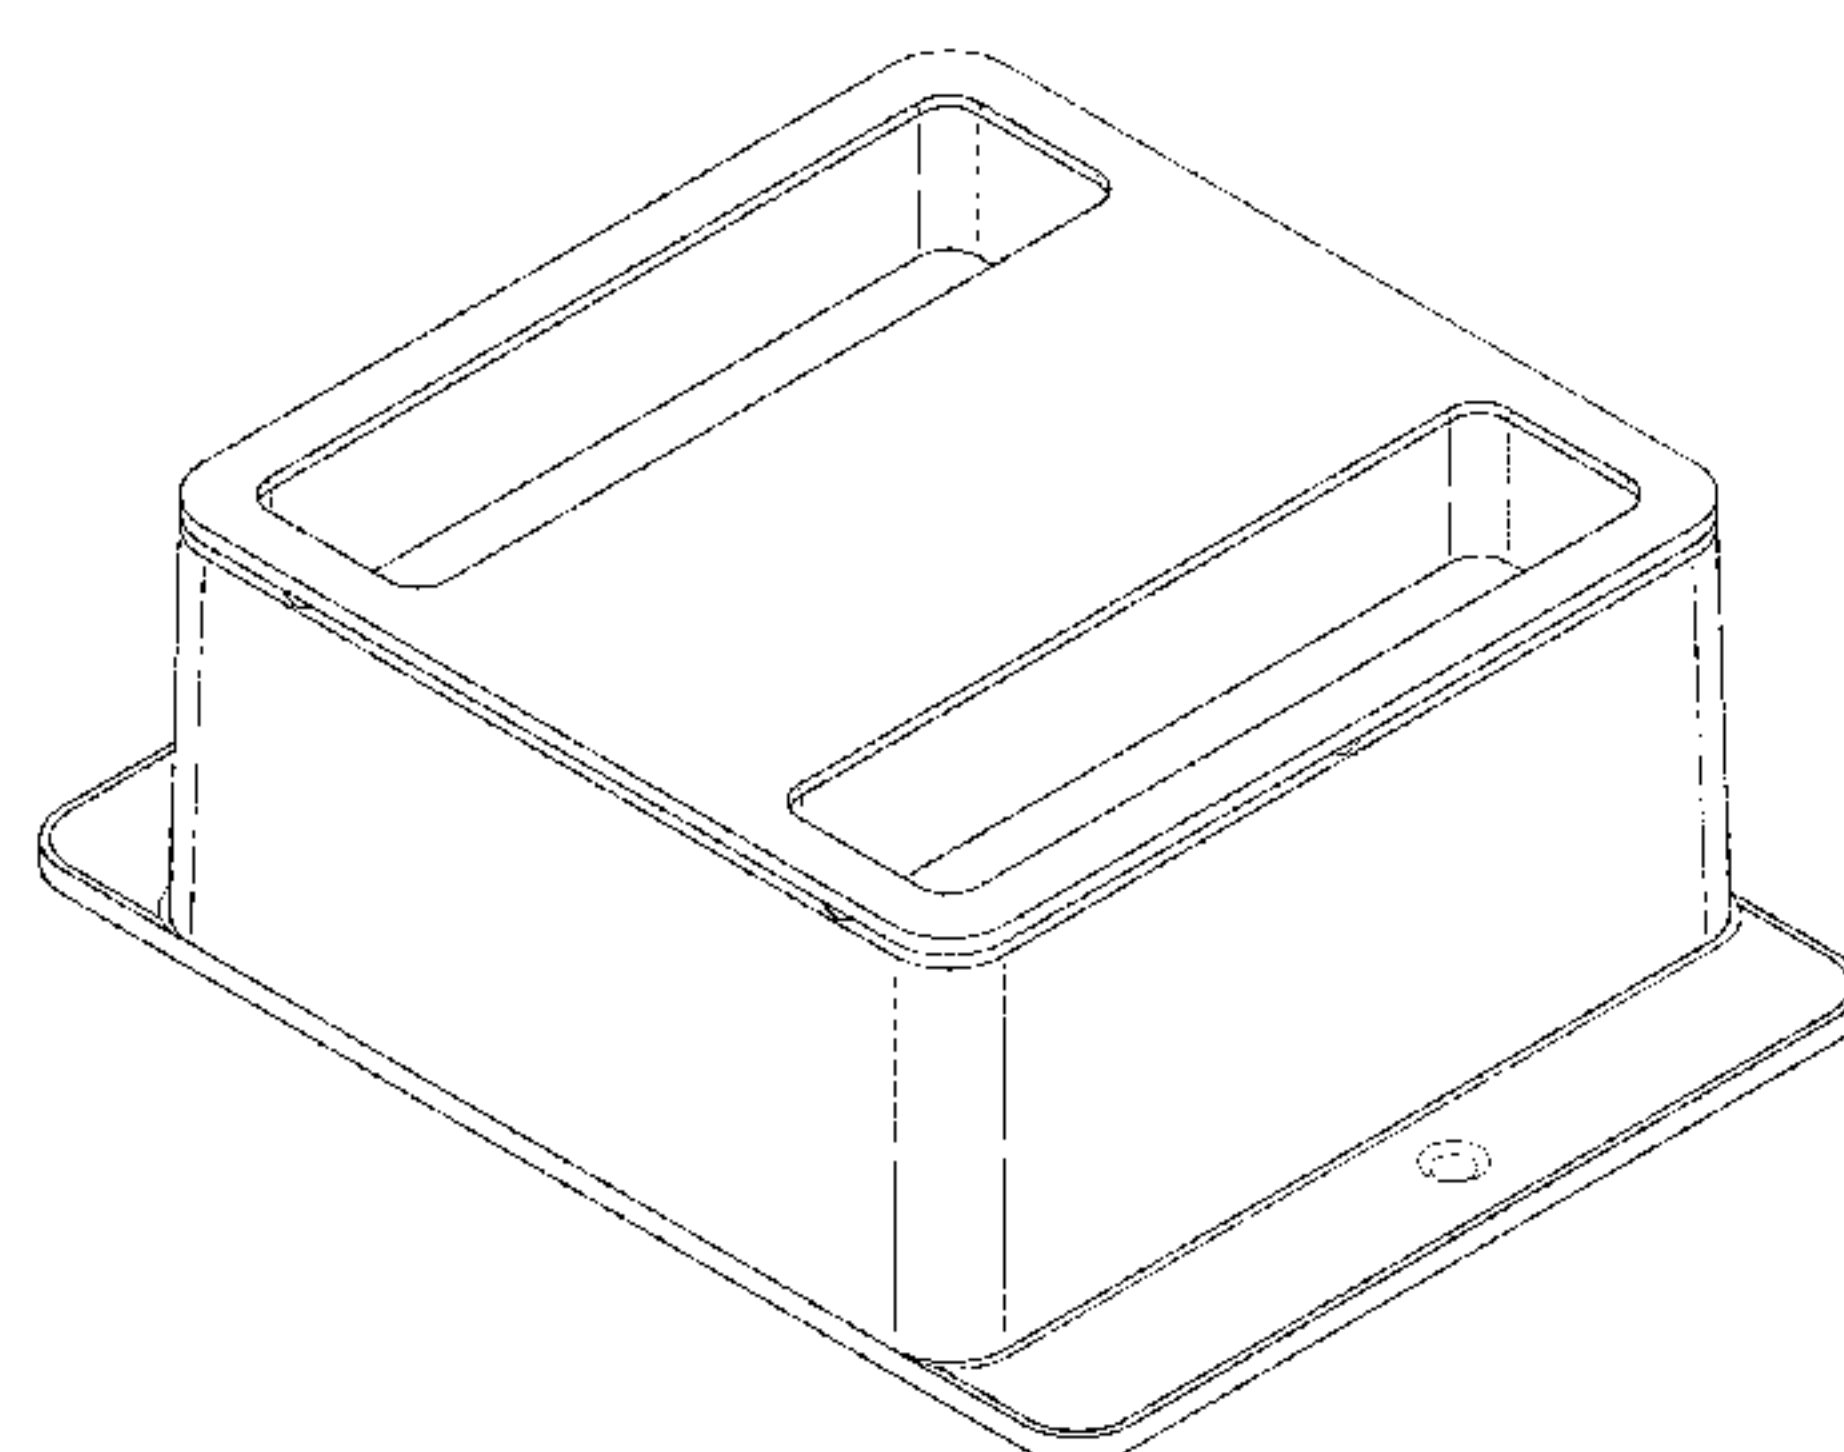

FIG. 9 shows a bottom plan view of the disassembled top insert portion of the inspection port assembly;

FIG. 10 shows a front view of the disassembled insert portion shown in FIG. 6; and,

FIG. 11 shows a right side view of the disassembled insert portion shown in FIG. 6.

The broken lines shown in the drawings are for the purpose of illustrating portions of the inspection port assembly that form no part of the claim.

1 Claim, 7 Drawing Sheets
