DESCRIPTION

See application file for complete search history.

FIG. 1. is a perspective view of the front, right, and top sides of a capacitive sensor showing our new design;
FIG. 2. is a front view thereof;
FIG. 3. is a rear view thereof;
FIG. 4. is a right side view thereof, a left side view being a mirror image thereof;
FIG. 5. is a top plan view thereof; and,
FIG. 6. is a bottom plan view thereof.
The broken lines shown represent portions of the capacitive sensor and form no part of the claimed design.
The dash-dot lines represent the boundary between the claimed design and unclaimed design and form no part of the claimed design.
