(57) **CLAIM**

The ornamental design for an combined administering apparatus with dispensing device, as shown and described.

DESCRIPTION

FIG. 1 is a top front perspective view of a dispensing device of an combined administering apparatus with dispensing device showing my new design, in an assembled position; FIG. 2 is both a top view and a bottom view thereof; FIG. 3 is a front view thereof; FIG. 4 is a side view thereof; FIG. 5 is a top front perspective exploded view thereof; FIG. 6 is a top right perspective view of an administering apparatus of an combined administering apparatus with dispensing device showing my new design, in an assembled position; FIG. 7 is a top view thereof, showing an administration mouthpiece; FIG. 8 is a side view thereof; FIG. 9 is a bottom view thereof, showing an end cap; FIG. 10 is an exploded right perspective view thereof; FIG. 11 is a top front perspective view of the combined administering apparatus with dispensing device showing the dispensing device separated to accept the above-positioned administering apparatus with the end cap detached; and, FIG. 12 is a top front perspective view thereof, showing the administering apparatus, with the end cap detached, engaging with the dispensing device separated to accept the administering apparatus.
The broken lines depicting portions of the combined administering apparatus with dispensing device in which the design is embodied form no part of the claimed design.

1 Claim, 8 Drawing Sheets
