(57) **CLAIM**

The ornamental design for a display screen or portion thereof having a graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a face view of an electronic device with display screen having a graphical user interface, showing a first embodiment thereof.

FIG. 2 is a face view of an electronic device with display screen having a graphical user interface, showing a second embodiment thereof.

FIG. 3 is a face view of an electronic device with display screen having a graphical user interface, showing a third embodiment thereof.

FIG. 4 is a face view of an electronic device with display screen having a graphical user interface, showing a fourth embodiment thereof; and,

FIG. 5 is a face view of an electronic device with display screen having a graphical user interface, showing a fifth embodiment thereof.

The inner vertically-oriented round-cornered notched broken-line rectangle illustrates the perimeter of a display screen. The broken lines outside this perimeter illustrate portions of an electronic device. The broken lines within this perimeter illustrate portions of a graphical user interface. The broken lines form no part of the claimed design.
