(57) **CLAIM**

The ornamental design for a display screen with animated graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display screen with animated graphical user interface showing a first image of our new design; and,

FIG. 2 is a second image thereof.

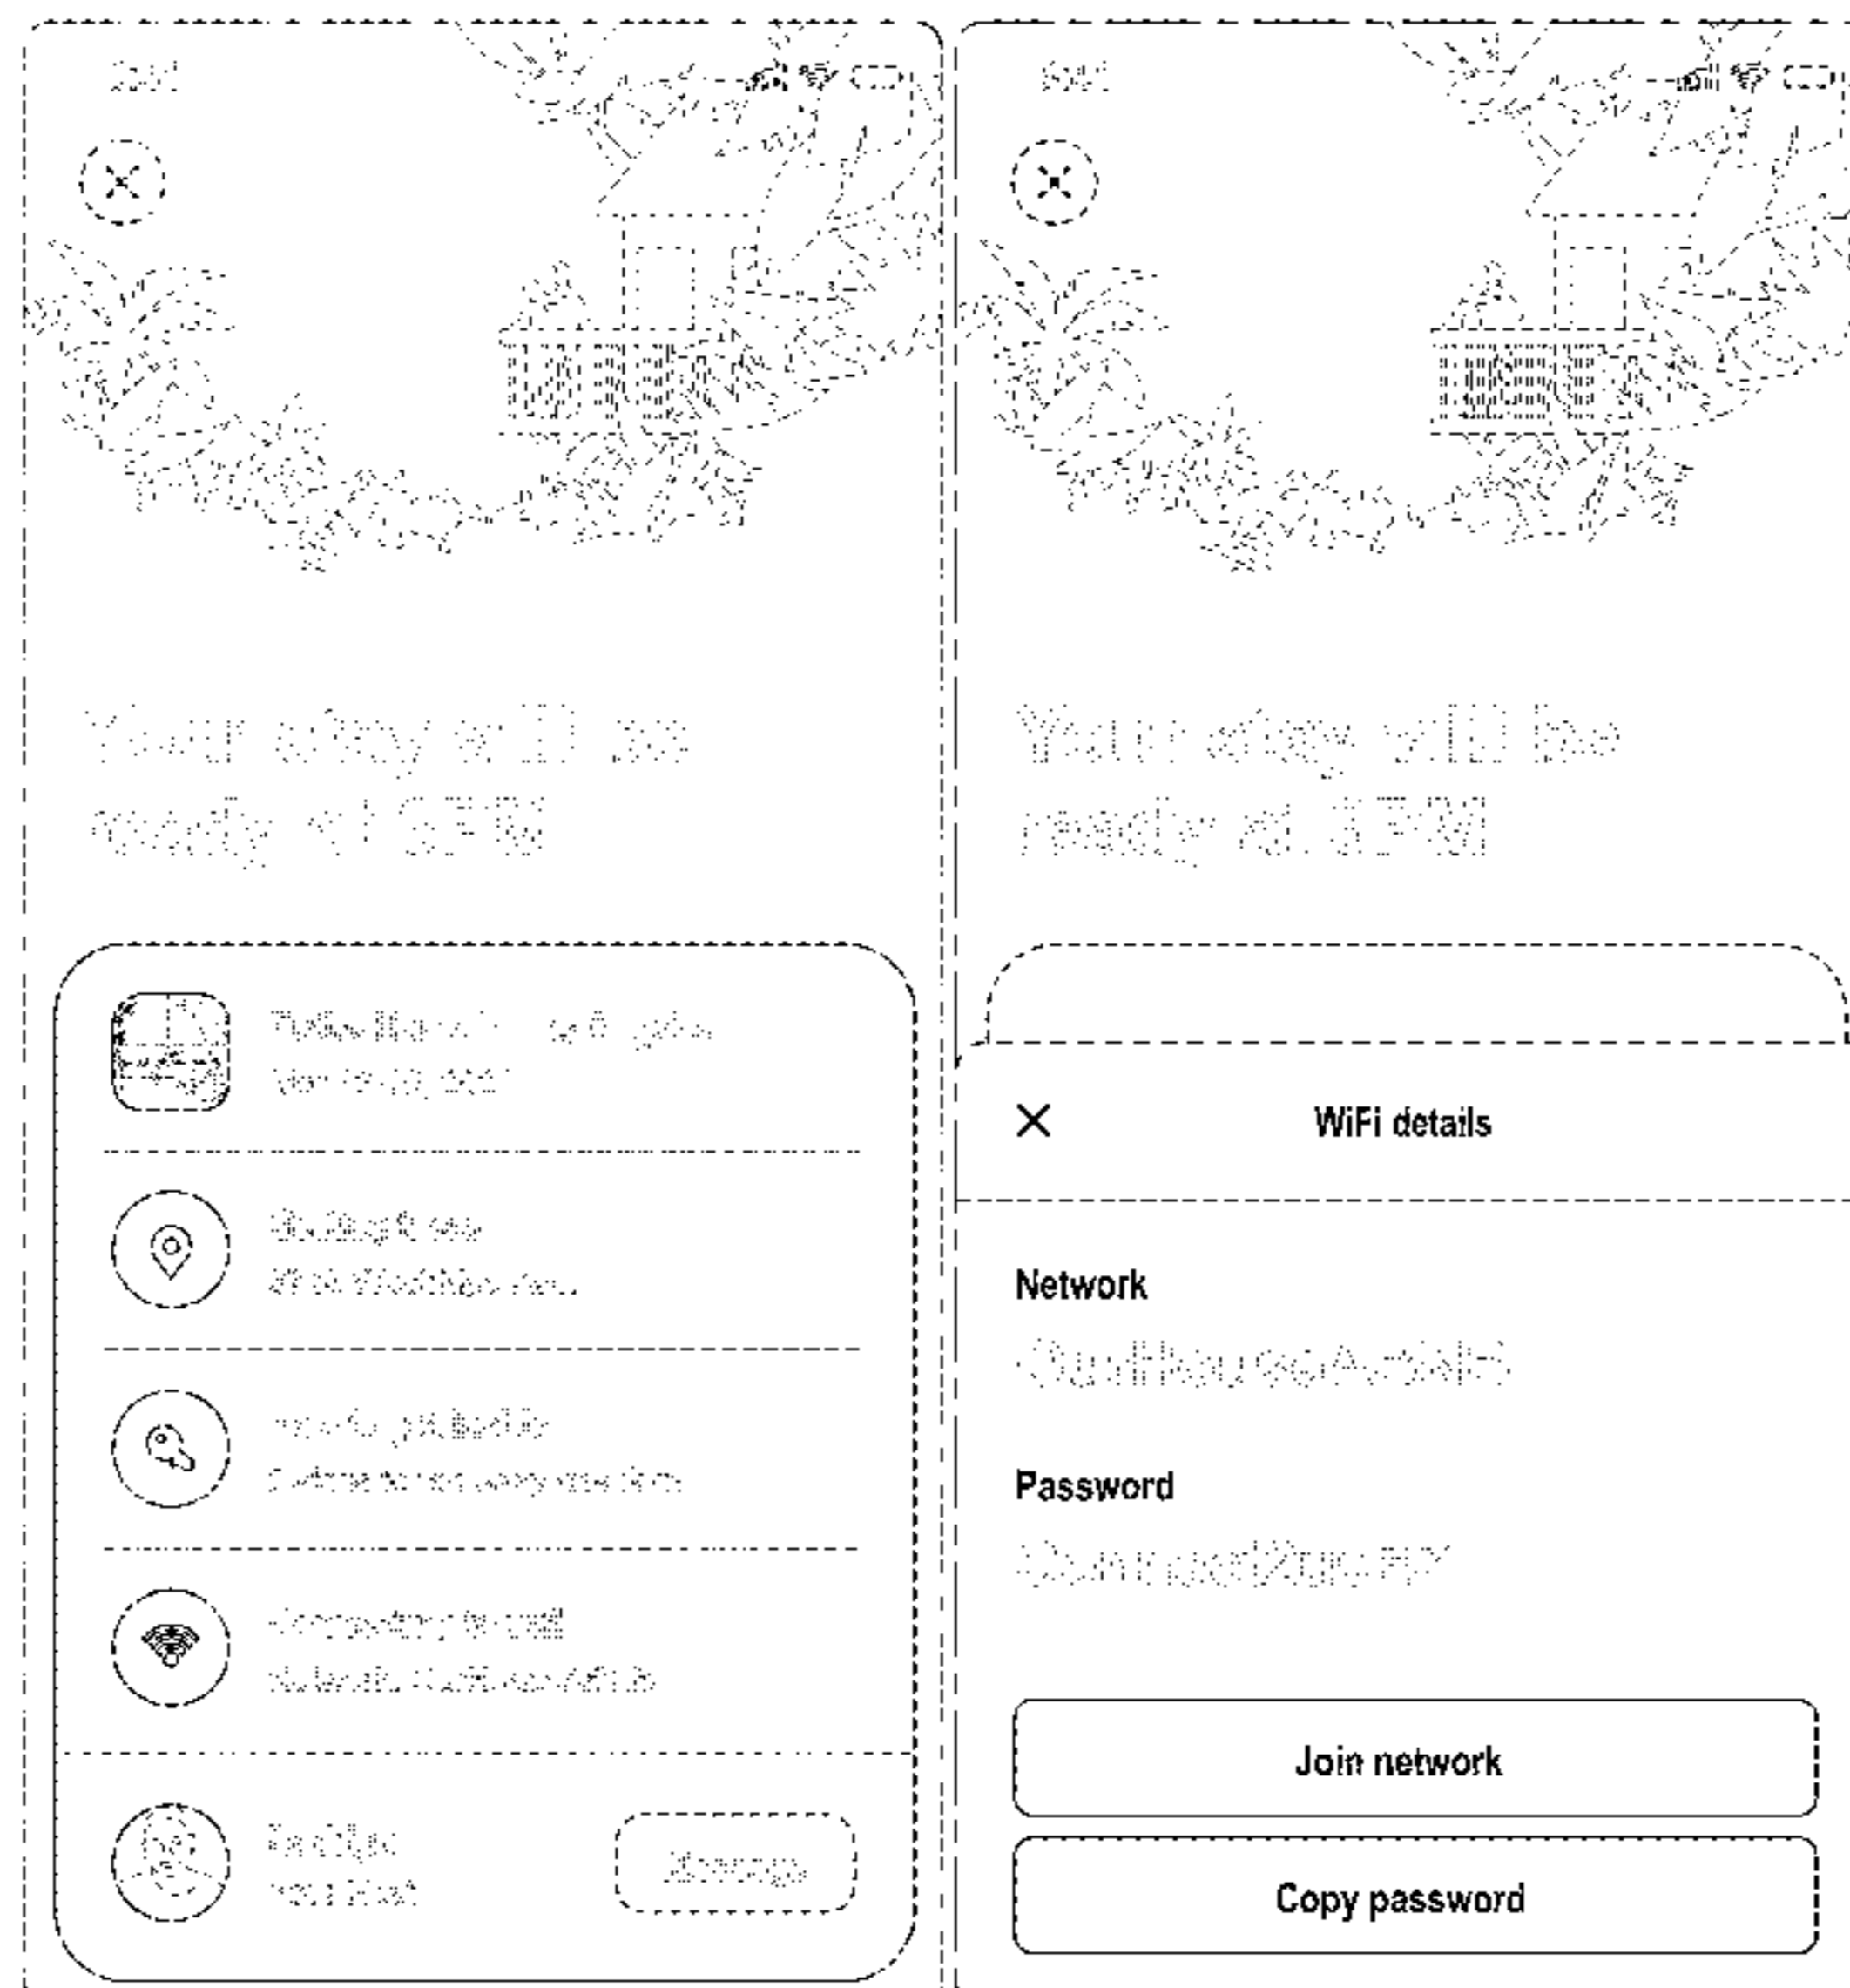

The appearance of the animated graphical user interface sequentially transitions between the images shown in FIGS. 1-2. The process or period in which an image transitions to another forms no part of the claimed design. The peripheral dash-dot-dash lines illustrate a display screen or portion thereof and form no part of the claimed design. The broken lines interior to the peripheral dash-dot-dash lines depict portions of the animated graphical user interface that form no part of the claimed design.
