CLAIM

The ornamental design for combined display device and screen with an animated icon.

DESCRIPTION

FIG. 1 is a front view of the combined display device and screen with an animated icon;
FIG. 2 is a front view of the second image thereof;
FIG. 3 is a front view of the third image thereof;
FIG. 4 is a front view of the fourth image thereof;
FIG. 5 is an enlarged view of the portion A in FIG. 1, the combined display device and screen with animated icon is shown partially for clarity of illustration;
FIG. 6 is an enlarged view of the portion A in FIG. 2, the combined display device and screen with animated icon is shown partially for clarity of illustration;
FIG. 7 is an enlarged view of the portion A in FIG. 3, the combined display device and screen with animated icon is shown partially for clarity of illustration; and,

(Continued)

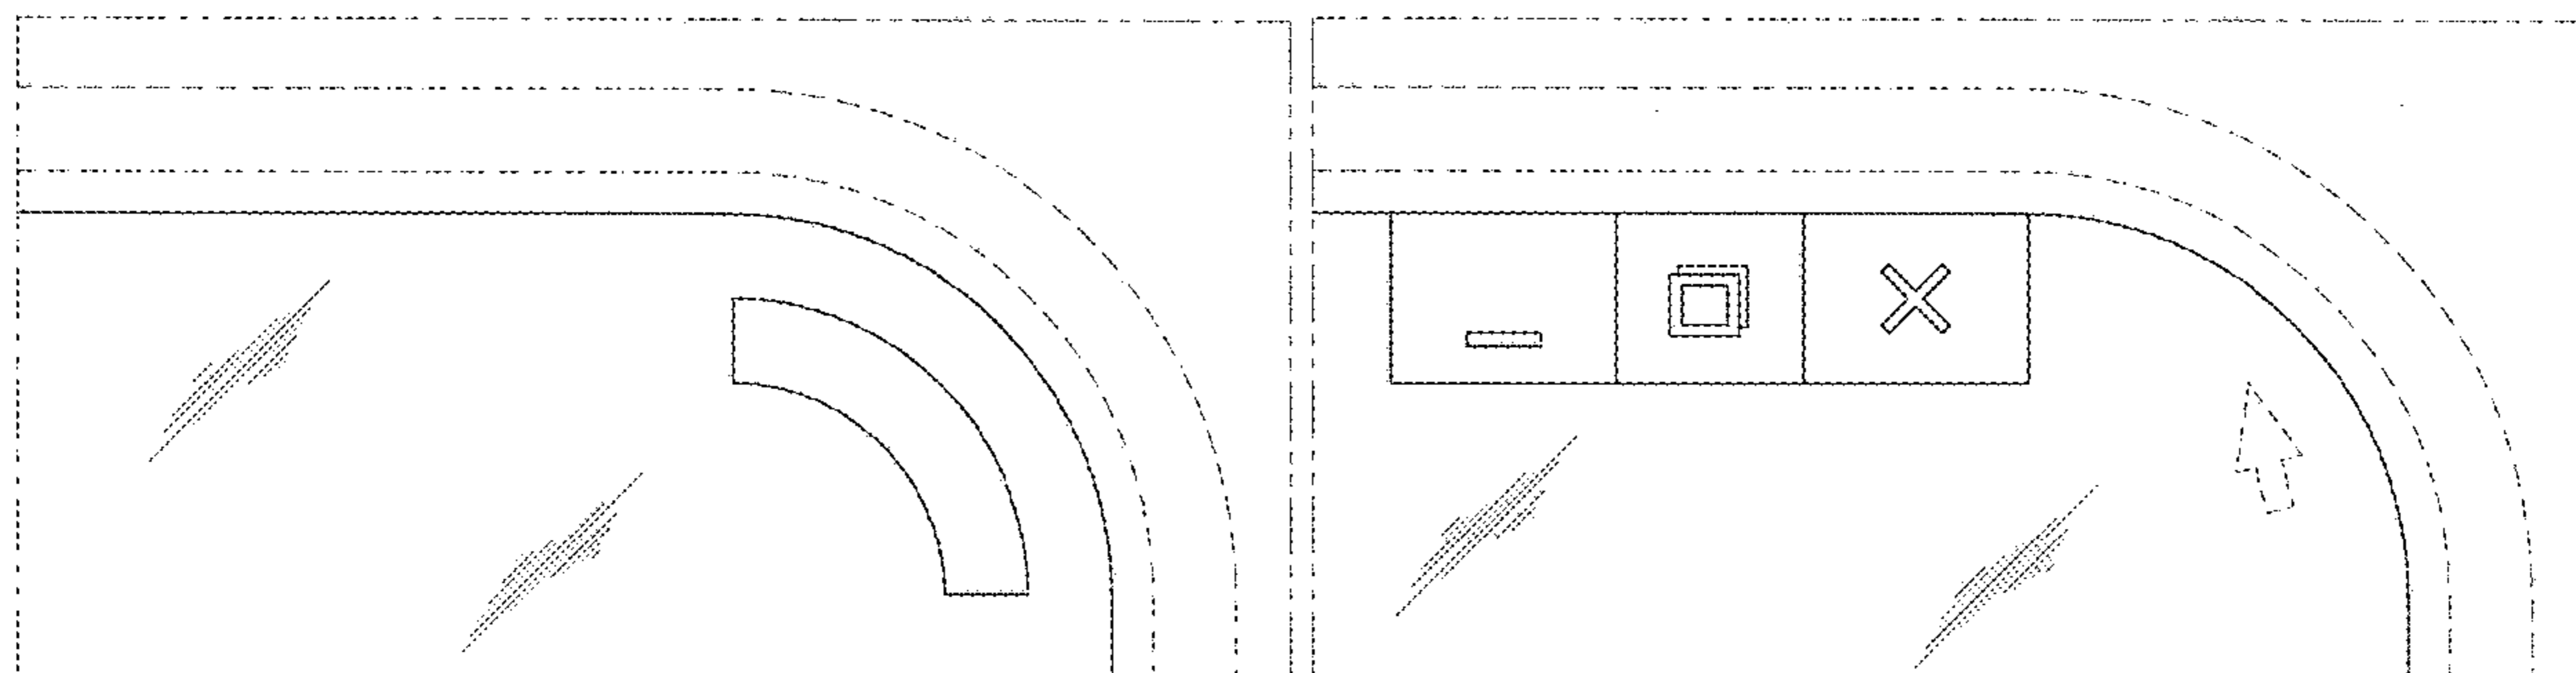

FIG. 8 is an enlarged view of the portion A in FIG. 4, the combined display device and screen with animated icon is shown partially for clarity of illustration.

The appearance of the image transitions sequentially between the images shown in FIGS. 1-4. The process or period in which an image transitions to another forms no part of the claimed design.

1 Claim, 8 Drawing Sheets
