(Continued)

FIG. 1 is a front bottom perspective view of a new design for a securement device;
FIG. 2 is a front view of the securement device of FIG. 1, the rear view being a mirror image of the front view;
FIG. 3 is a left side view of the securement device of FIG. 1;
FIG. 4 is a right side view of the securement device of FIG. 1;
FIG. 5 is a top view of the securement device of FIG. 1; and
FIG. 6 is a bottom view of the securement device of FIG. 1; and,
FIG. 7 is a perspective view of the securement device applied to a user.
The broken lines in the drawings illustrate the environment of the securement device which forms no part of the claimed design.
