FIG. 1 shows a front view of a display screen with graphical user interface including an emergency stop condition detection section according to the claimed design.  
FIG. 2 shows a rear view of the display screen with graphical user interface.  
FIG. 3 shows a top view of the display screen with graphical user interface.  
FIG. 4 shows a bottom view of the display screen with graphical user interface.  
FIG. 5 shows a left side view of the display screen with graphical user interface; and,  
FIG. 6 shows a right side view of the display screen with graphical user interface.

The dash-dot-dash broken lines showing the display screen and the dash-dash broken lines showing the graphical user interface illustrate portions of the display screen with graphical user interface that form no part of the claimed design.
