(57) **CLAIM**

The ornamental design for the display screen with graphical user interface, as shown and described herein.

DESCRIPTION

FIG. 1 is a first image in a sequence for the display screen with graphical user interface;
FIG. 2 is a second image in a sequence for the display screen with graphical user interface;
FIG. 3 is third image in a sequence for the display screen with graphical user interface;
FIG. 4 is a fourth image in a sequence for the display screen with graphical user interface; and,
FIG. 5 is a fifth image in a sequence for the display screen with graphical user interface.

The outer perimeter broken line showing of the display screen and all other broken lines showing portions of the graphical user interface are included for the purpose of showing portions of the article and form no part of the claimed design.

The appearance of the transitional image sequentially transitions between the images shown in FIGS. 1-5. The process or period in which one image transitions to another image forms no part of the claimed design.

1 Claim, 5 Drawing Sheets
