(57) **CLAIM**

The ornamental design for a dust cap for dual port fiber optic device, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a dust cap for dual port fiber optic device showing the new design;

FIG. 2 is a right side view of the dust cap for dual port fiber optic device;

FIG. 3 is a top view of the dust cap for dual port fiber optic device;

FIG. 4 is a front view of the dust cap for dual port fiber optic device;

FIG. 5 is a left side view of the dust cap for dual port fiber optic device;

FIG. 6 is a bottom view of the dust cap for dual port fiber optic device; and,

FIG. 7 is a rear view of the dust cap for dual port fiber optic device.

The broken lines shown represent the portions of the dust cap for dual port fiber optic device that form no part of the claimed design.
