(57) **CLAIM**

I claim the ornamental design for a noodle string, as shown and described.

DESCRIPTION

FIG. 1 is a top, front, left perspective view of the noodle string;
FIG. 2 is a front side view thereof, in which the noodle string is symmetrical and the periodicity of the design continues to the left, rear, and right sides thereof; and,
FIG. 3 is top side view thereof, the bottom side view being a mirror image of the top side view.
Broken lines, such as those representing the rounded balls on the ends of the noodle string represent portions of the noodle string that form no part of the claimed design.
