(57) **CLAIM**

The ornamental design for a portable electronic device with animated graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a portable electronic device with animated GUI showing a first image showing our new design; FIG. 2 is a front view thereof showing a second image; FIG. 3 is a front view thereof showing a third image; FIG. 4 is a front view thereof showing a fourth image; FIG. 5 is a front view thereof showing a fifth image; FIG. 6 is a front view thereof showing a sixth image; FIG. 7 is a front view thereof showing a seventh image; FIG. 8 is a front view thereof showing an eighth image; and, FIG. 9 is a front view thereof showing a ninth image. The broken lines showing the contour of the portable electronic device form no part of the claimed design. The broken lines shown in the GUI form no part of the claimed design. The appearance of the transitional image sequentially transitions between the images shown in FIGS. 1-9. The process or period in which one image transitions to another image forms no part of the claimed design.

1 Claim, 9 Drawing Sheets
