(57) **CLAIM**

The ornamental design for a display screen, or portion thereof, with a graphical user interface, as shown and described.

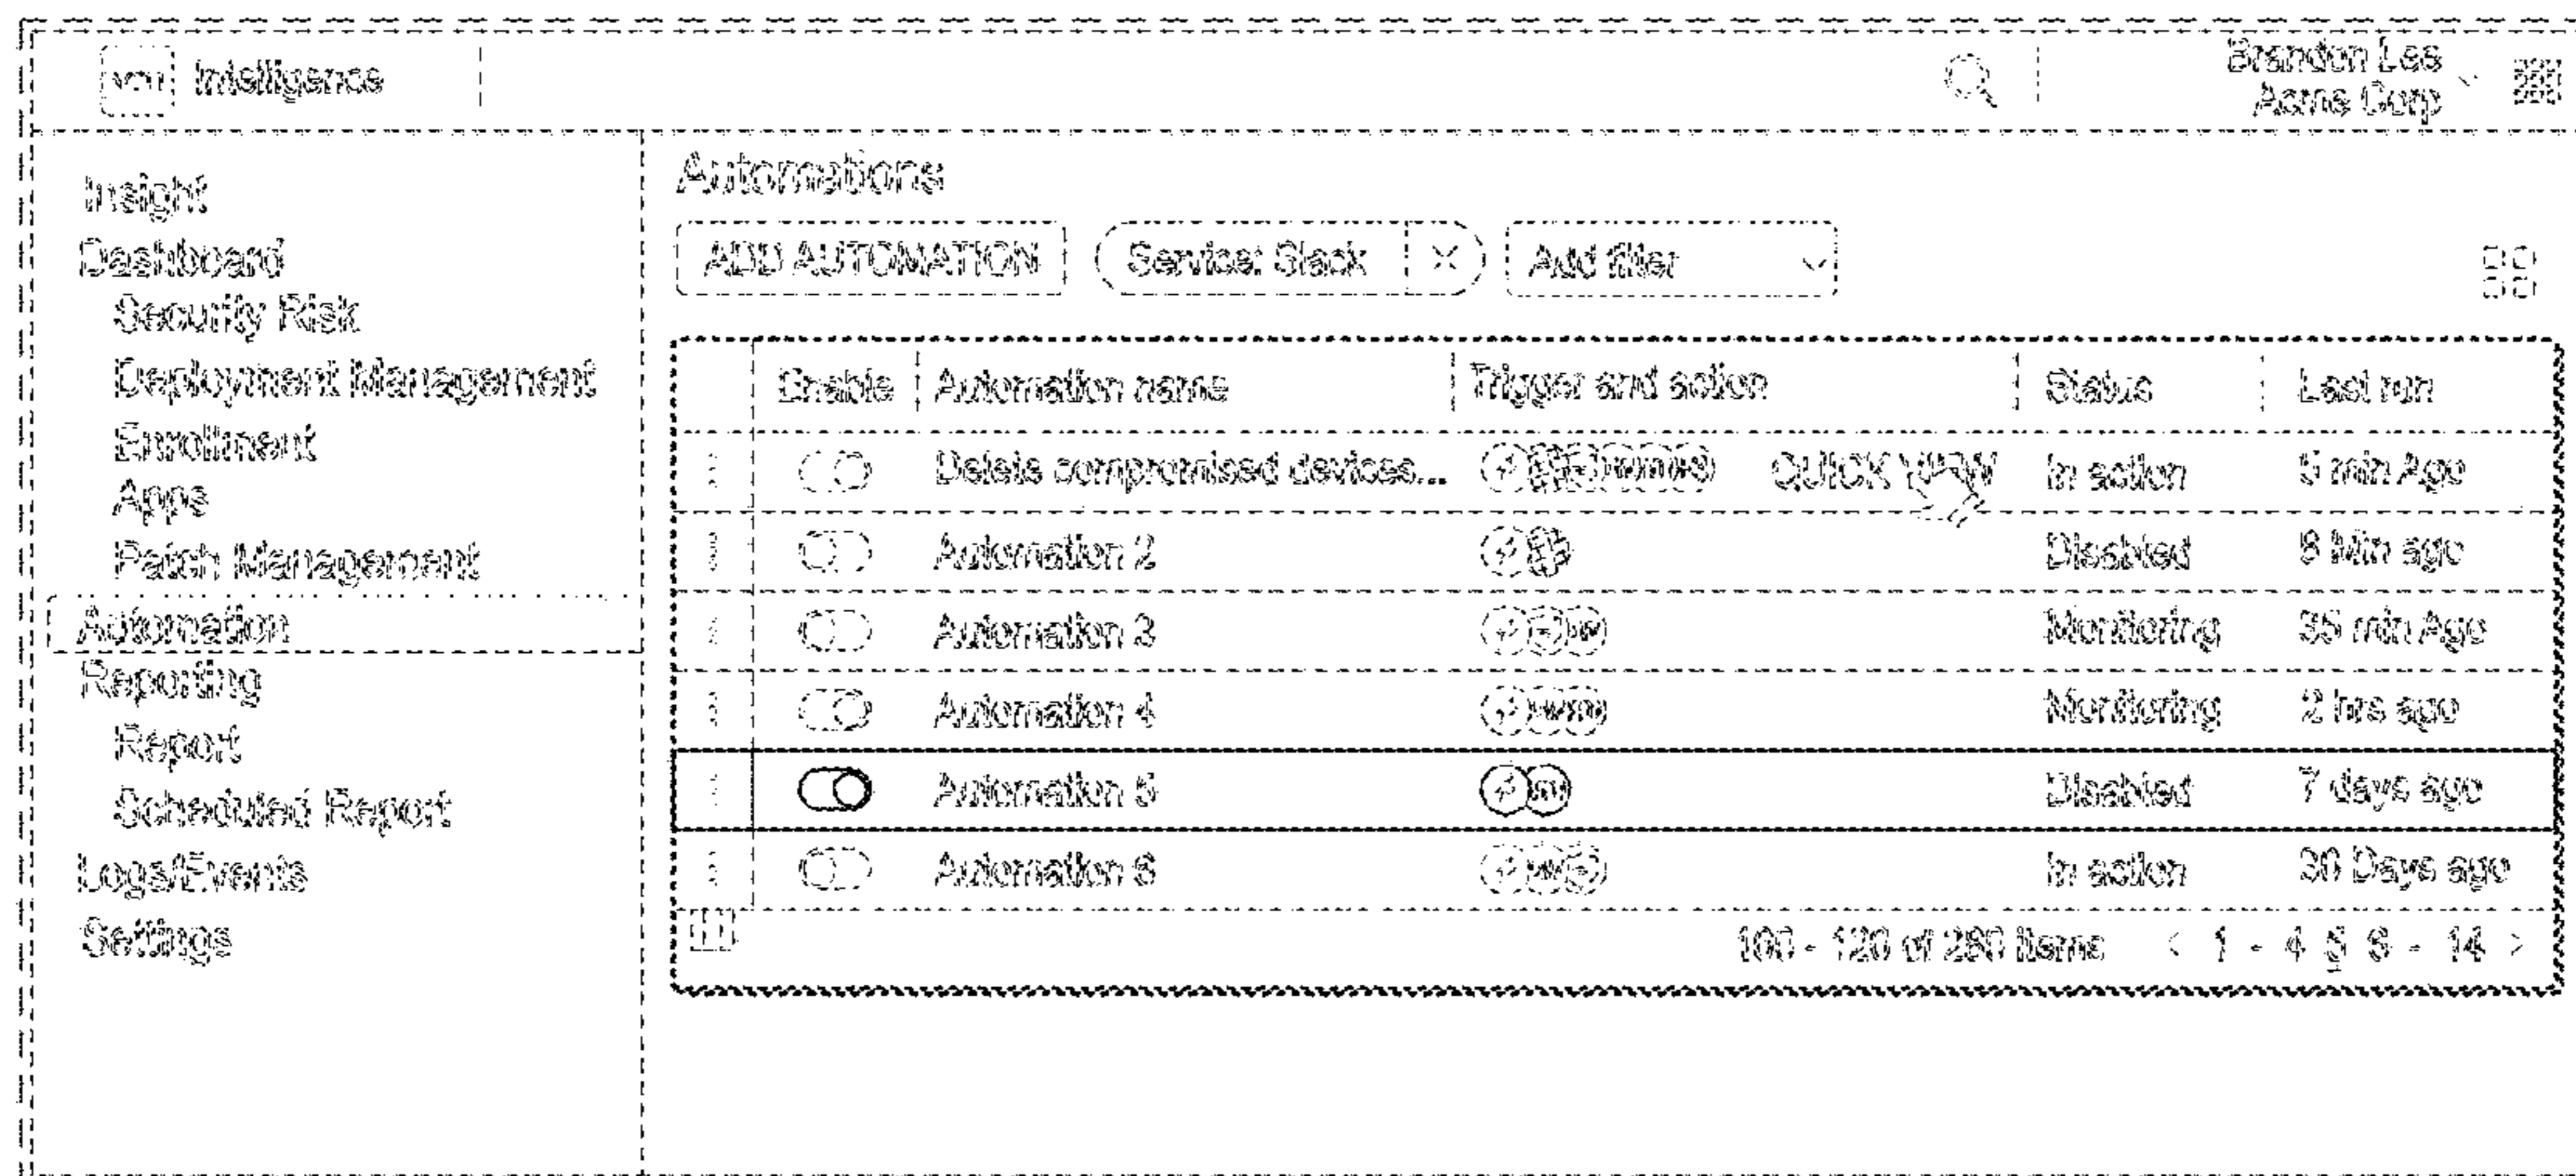

DESCRIPTION

A portion of the disclosure of this patent document contains material which is subject to copyright protection. The copyright owner has no objection to the facsimile reproduction by anyone of the patent document or the patent disclosure, as it appears in the Patent and Trademark Office patent file or records, but otherwise reserves all copyright rights whatsoever.

The FIGURE is a front view of a display screen or portion thereof with a graphical user interface showing the new design.

The broken line showing of the display screen or portion thereof forms no part of the claimed design. The remaining broken line showing of text and graphic elements forms no part of the claimed design.
