The ornamental design for an electronic device with graphical user interface, as shown and described.

See application file for complete search history.

DESCRIPTION

(56) **References Cited**

The file of this patent contains at least one drawing/photograph executed in color, Copies of this patent with color drawing(s)/photograph(s) will be provided by the Office upon request and payment of the necessary fee.

The sole FIGURE is a front view of an electronic device with graphical user interface showing the claimed design. The peripheral dashed broken lines depict a display screen or portion thereof, and form no part of the claimed design.
