DESCRIPTION

FIG. 1 is a front view of a display screen or portion thereof with animated graphical user interface showing the claimed design;

FIG. 2 is a front view of a second image thereof; and, FIG. 3 is a front view of a third image thereof.

The peripheral dashed broken lines illustrate a display screen or portion thereof and form no part of the claimed design. The claimed design is illustrated within the interior dashed line circle in FIG. 1, and interior dashed line rectangles in FIGS. 2-3. The portions between the peripheral dashed broken lines and the interior dashed broken line circle or rectangles form no part of the claimed design.

The appearance of the graphical user interface transitions sequentially between the images shown in FIGS. 1-3. The process or period in which one image transitions to another forms no part of the claimed design.
