**DESCRIPTION**

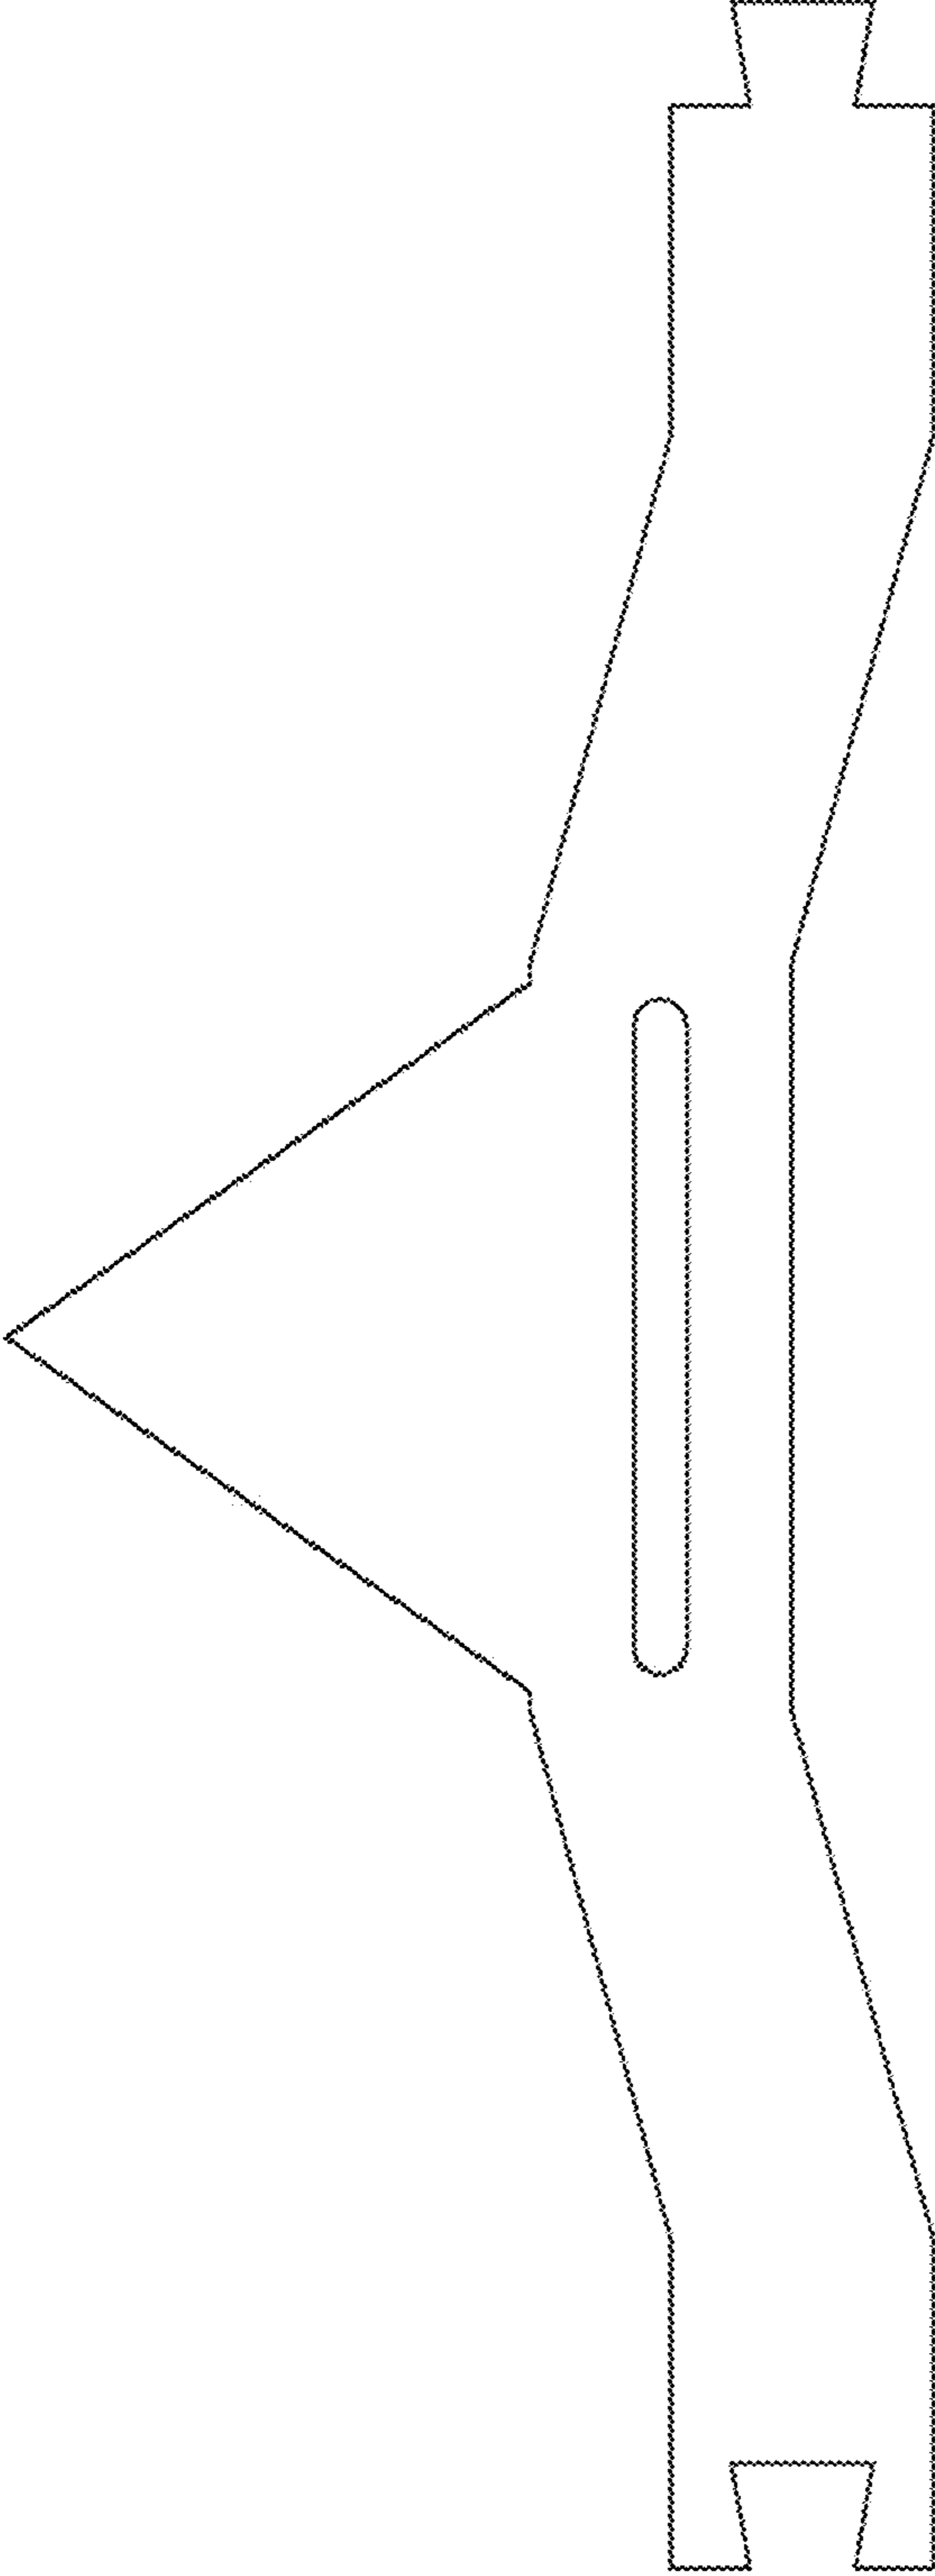

1. Adhesive tape dispenser  
**1.1** : Top  
**1.2** : Bottom  
**1.3** : Left  
**1.4** : Right  
**1.5** : Front  
**1.6** : Back  
The subject consists of a flat rectangular body incorporating an elongated slot, with a triangular extension to a single trim point; side members extend laterally at an angle from each side of the body beyond a vee-shaped serration situated on the underside along the forming line; each side member also extends horizontally beyond a vee-shaped serration situated on the underside along the forming line; the left-hand member terminates with a female feature; the right-hand member terminates in a corresponding male feature.
