(57) **CLAIM**

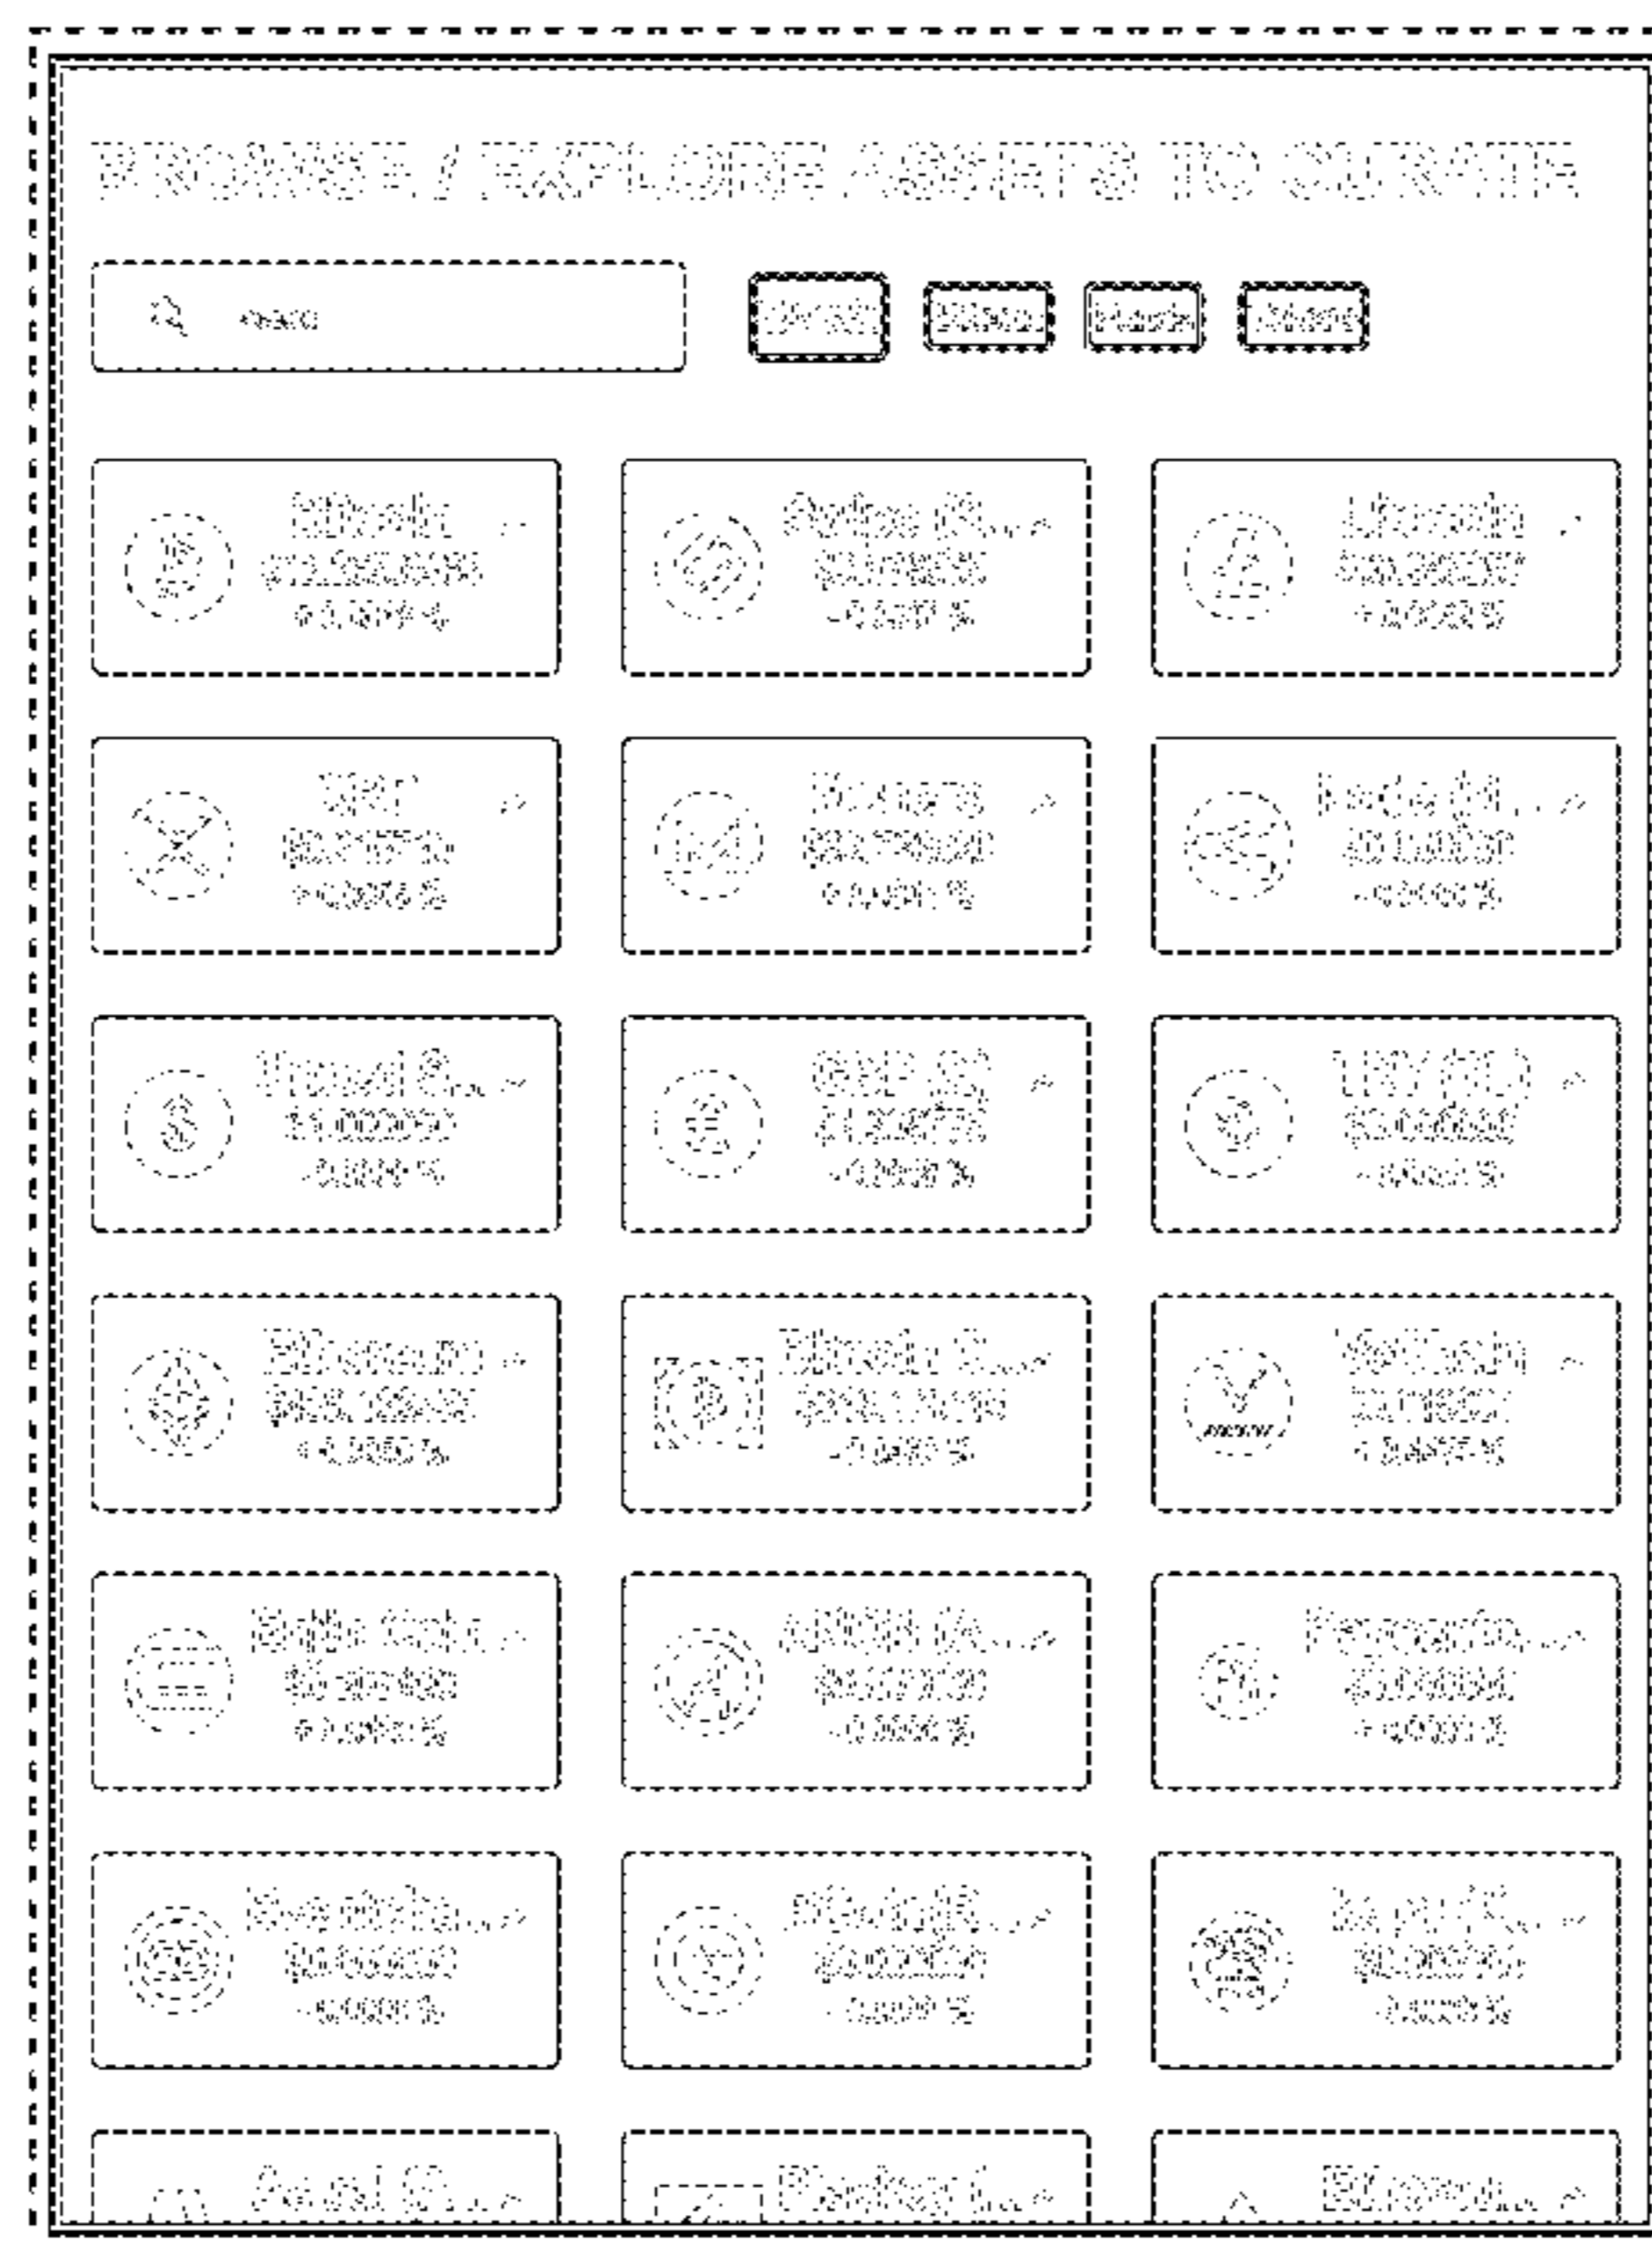

The ornamental design for a computing device display screen with graphical user interface for generating an asset list for an investment portfolio, as shown and described.

DESCRIPTION

The sole FIGURE is a front view of the computing device display screen with graphical user interface for generating an asset list for an investment portfolio, showing the new design.

The broken lines showing a display screen and elements of the graphical user interface illustrate portions of the article and form no part of the claimed design.
