### Select Test Result

Results read before 10 minutes may be inaccurate

- Positive**  
For a positive sample, the test control line turns a pink to purple color. A second pink to purple line appears above it. Any sample line, regardless of color, is positive.
- Negative**  
For a negative sample, the test control line is the lower half of the window. There is pink to purple color. No other line appears.
- Invalid**  
A test is invalid if the control line remains blue or is not present at all, whether a sample is present or not. Repeat an invalid test with a new test device.
