(57) **CLAIM**

The ornamental design for a housing for magnetic garment fastener, as shown and described.

**DESCRIPTION**

FIG. 1 is an exploded front elevational view of a housing for a magnetic garment fastener showing the two components of the fastener separated from each other;  
 FIG. 2 is an exploded rear elevational view thereof;  
 FIG. 3 is a bottom plan view thereof;  
 FIG. 4 is an exploded right side elevational view thereof;  
 FIG. 5 is an exploded left side elevational view thereof;  
 FIG. 6 is a top plan view of one component of the housing for a magnetic garment fastener;  
 FIG. 7 is a top plan view of the second component of the housing for a magnetic garment fastener;  
 FIG. 8 is a first perspective view of the housing for a magnetic garment fastener in an open condition with the two components in close proximity;  
 FIG. 9 is a second perspective view of the housing for a magnetic garment fastener in an open condition with the two components in close proximity; and,  
 FIG. 10 is perspective view of the housing for a magnetic garment fastener in a closed condition.
