(57) **CLAIM**

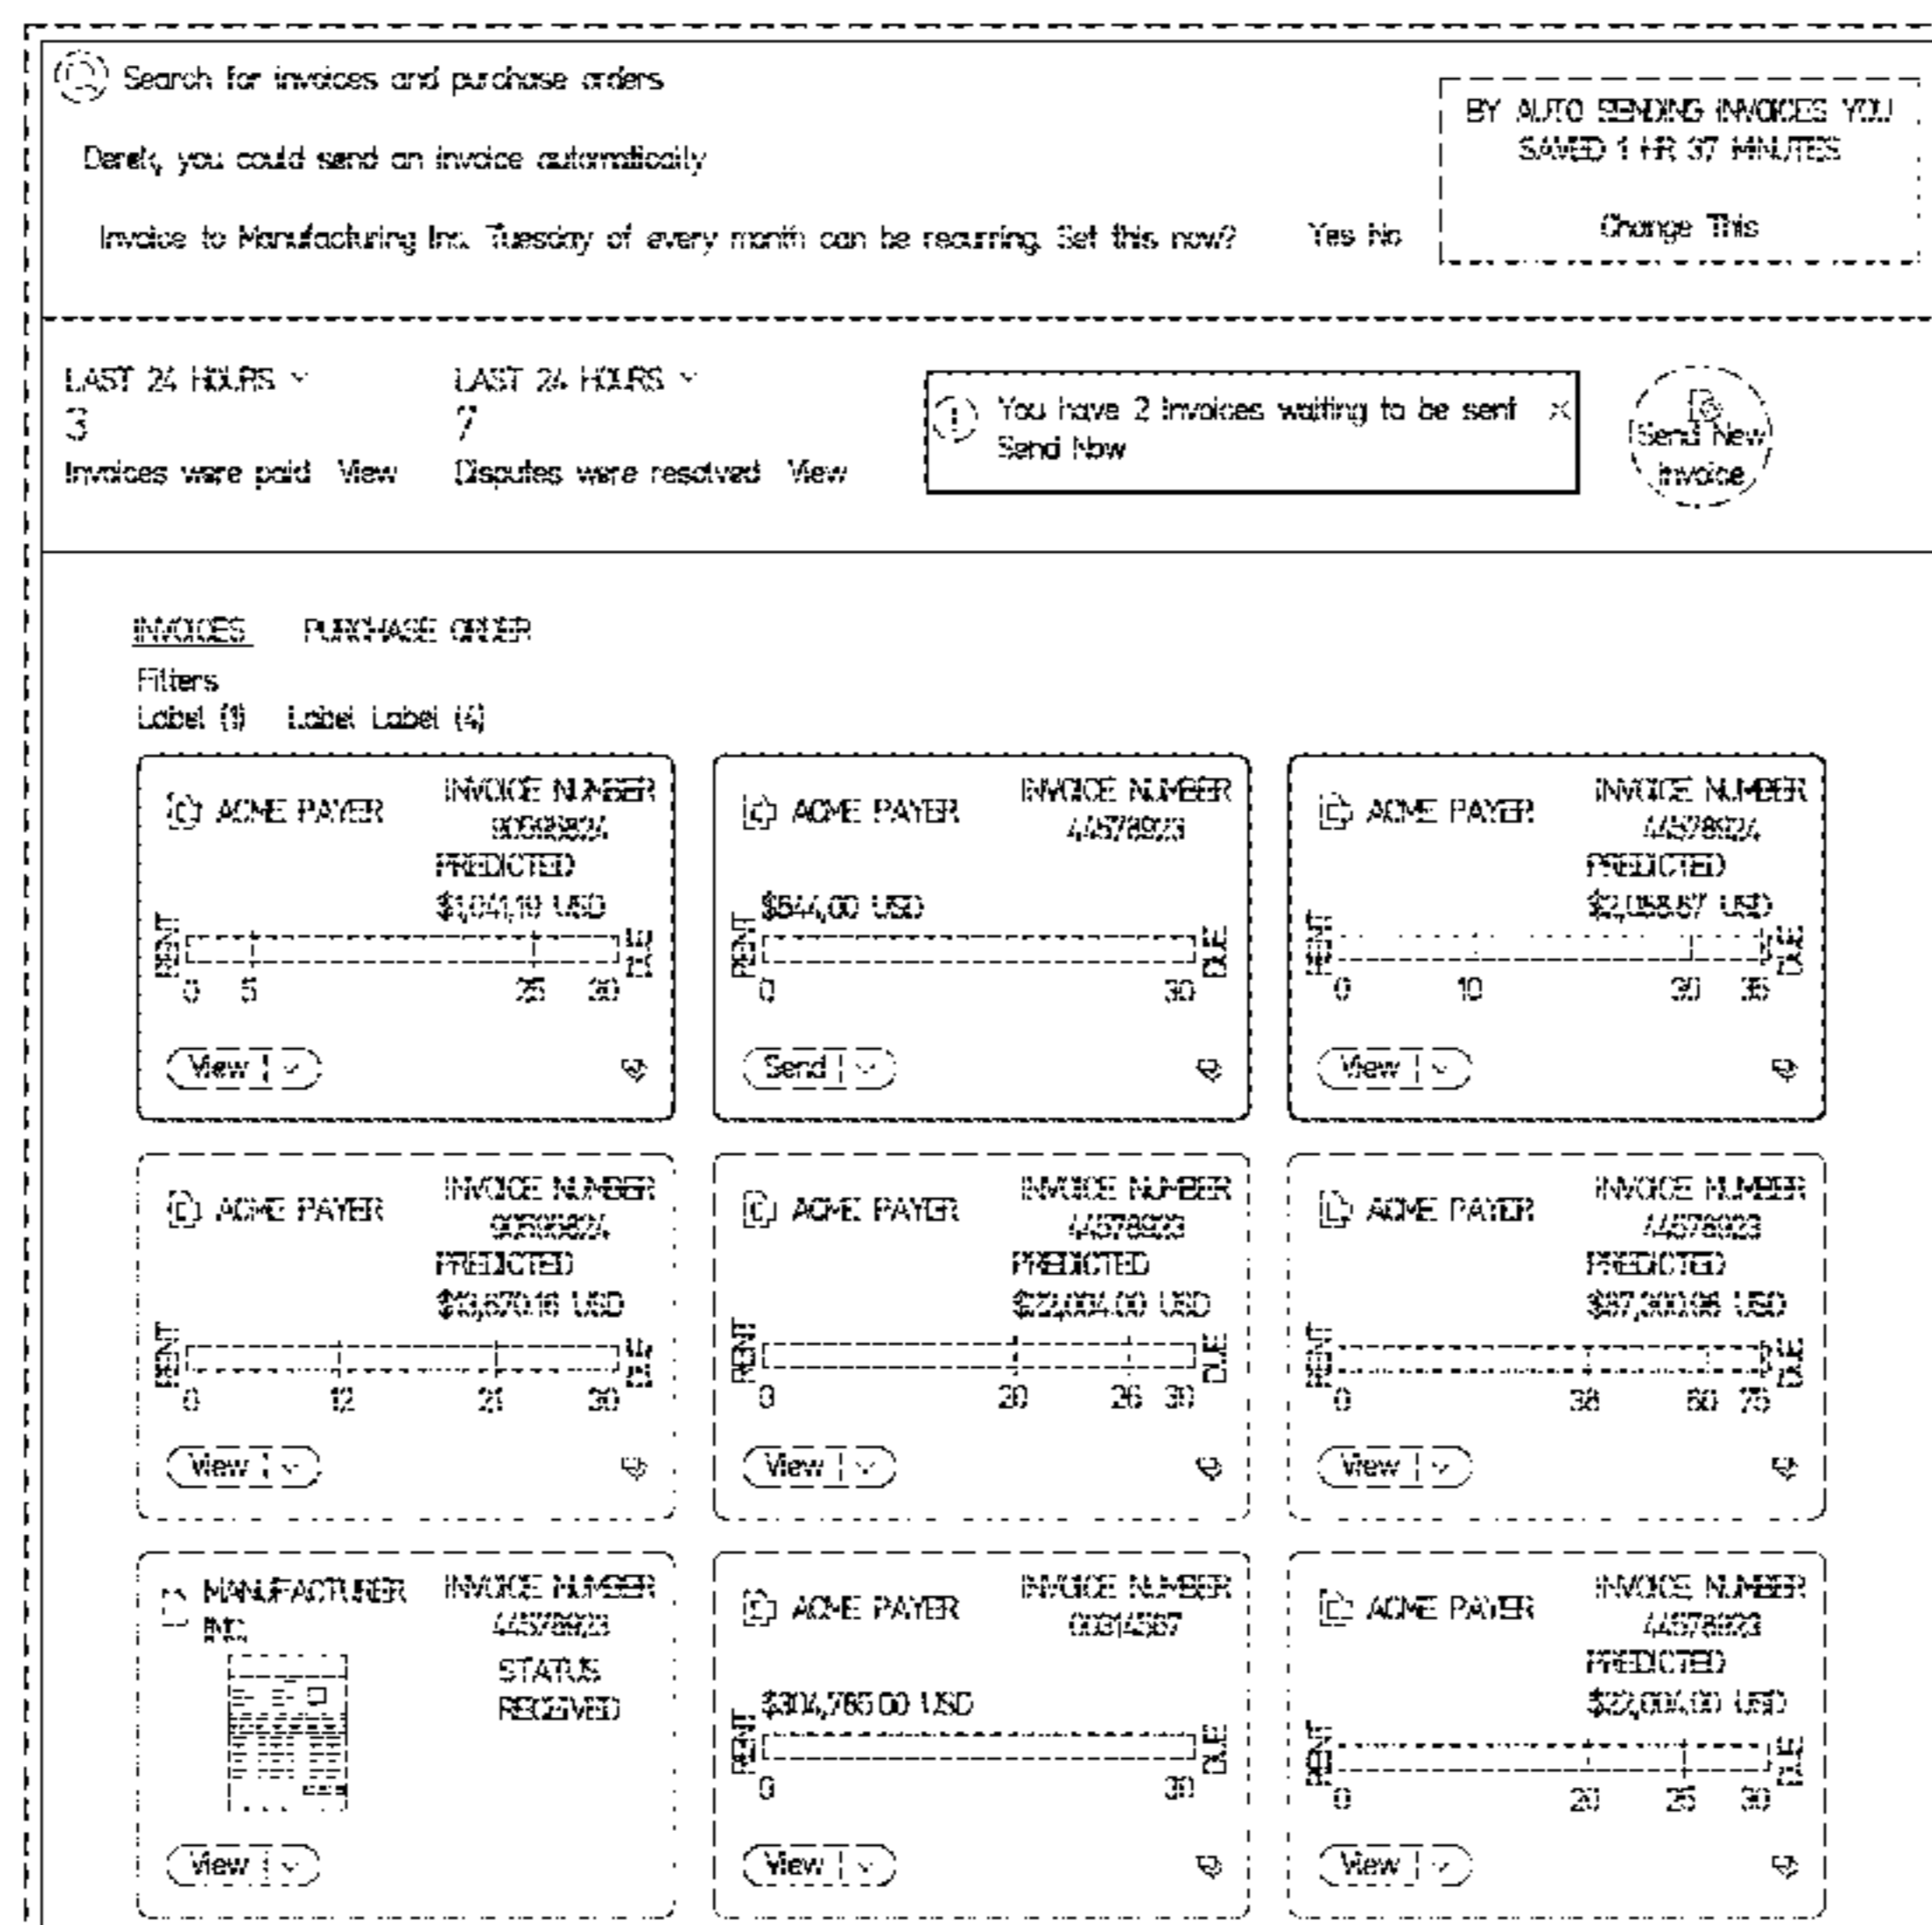

The ornamental design for a display screen with graphical user interface in grid formation, as shown and described.

**DESCRIPTION**

FIG. 1 is a front view of a first embodiment of a display screen with graphical user interface in grid formation; and, FIG. 2 is a front view of a second embodiment of a display screen with graphical user interface in grid formation. The outermost broken line illustrates a display screen and forms no part of the claimed design. The remaining broken lines illustrate portions of the graphical user interface that form no part of the claimed design.

See application file for complete search history.
