(57) **CLAIM**

The ornamental design for a display screen or portion thereof with graphical user interface for presentation, as shown and described.

DESCRIPTION

The FIGURE is a front view of a display screen or portion thereof with graphical user interface for presentation, that incorporates the new, original and ornamental design.

The broken lines are included for the purpose of illustrating environmental structure and form no part of the claimed design. Broken lines formed by unequal length dashes, i.e., dash-dot, define bounds of a display screen or portion thereof, and form no part of the claimed design.
