(57) **CLAIM**

The ornamental design for an adapter for oral syringes, as shown and described.

DESCRIPTION

1. Adapter for oral syringes
Adapter for oral syringe to help with administering oral medicine.
FIG. 1.1 is a rear left side perspective view of an adapter for oral syringes;
FIG. 1.2 is a top view of the adapter for oral syringes;
FIG. 1.3 is a front right perspective view of the adapter for oral syringes;
FIG. 1.4 is a rear top perspective view of the adapter for oral syringes;
FIG. 1.5 is a rear right side perspective view of the adapter for oral syringes;
FIG. 1.6 is a front left side perspective view of the adapter for oral syringes; and
FIG. 1.7 is a front view of the adapter for oral syringes.

(Continued)

The long broken lines indicating ventilation holes form no part of the claimed ornamental design. The dotted lines showing edges or boundaries of a ridge form part of the claimed design.

1 Claim, 7 Drawing Sheets
