(57) **CLAIM**

The ornamental design for a display screen or portion thereof with animated graphical user interface, as shown and described.

DESCRIPTION

FIG. 1. is a first image of a display screen or portion thereof with animated graphical user interface showing my new design;

FIG. 2. is a second image thereof;

FIG. 3. is a third image thereof;

FIG. 4. is a fourth image thereof;

FIG. 5. is a fifth image thereof;

FIG. 6. is a sixth image thereof; and,

FIG. 7. is a seventh image thereof.

The appearance of the animated image sequentially transitions between the images shown in FIGS. 1-7. The process or period in which one image transitions to another image forms no part of the claimed design.

The outermost broken lines illustrate a display screen or portion thereof and form no part of the claimed design. The remaining broken lines illustrate portions of a graphical user interface and form no part of the claimed design.
